PART III—Acts of the West Bengal Legislature.

GOVERNMENT OF WEST BENGAL.

Legislative Department.

NOTIFICATION.

No. 2382L.—22nd September, 1954.—The following Act of the West Bengal Legislature, having been assented to by the Governor, is hereby published for general information:—

West Bengal Act XXII of 1954

THE WEST BENGAL SECONDARY EDUCATION (TEMPORARY PROVISIONS) ACT, 1954.

[*Passed by the West Bengal Legislature.*]

[Assent of the Governor was first published in the *Calcutta Gazette, Extraordinary*, of the 22nd September, 1954.]

An Act to reorganize the administration of secondary education in West Bengal and pending such reorganization to supersede the Board of Secondary Education and certain other bodies and to provide for certain connected matters.

WHEREAS it is expedient to reorganize the administration of secondary education in West Bengal and pending such reorganization to supersede the Board of Secondary Education and certain other bodies and to provide for certain connected matters;

It is hereby enacted in the Fifth Year of the Republic of India, by the Legislature of West Bengal, as follows:—

Short title, extent and commencement.

1. (*1*) This Act may be called the West Bengal Secondary Education (Temporary Provisions) Act, 1954.

(*2*) It extends to the whole of West Bengal.

(*3*) It shall come into force immediately on the West Bengal Secondary Education (Temporary Provisions) Ordinance, 1954, ceasing to operate. West Ben. Ord. III of 1954.

Definitions.

2. In this Act, unless there is anything repugnant in the subject or context,—

(*a*) "the Act" means the West Bengal Secondary Education Act, 1950; West Ben. Act XXXVII of 1950.

(*b*) "the Board" means the Board of Secondary Education established under the Act;

(*c*) "Committee" or "Sub-Committee" means any Committee or Sub-Committee constituted under the Act, or any rule, by-law or regulation made thereunder;

(*d*) "the Executive Council" means the Executive Council referred to in section 20 of the Act;

(*e*) "the President" means the President of the Board.

Supersession Order.

3. The State Government may, by notification in the *Official Gazette*, publish an order (hereinafter referred to as the Supersession Order) to be in force for such period as may be specified in the order and may by like notification extend such period.

The West Bengal Secondary Education (Temporary Provisions) Act, 1954.

(Sections 4—9.)

Consequences of Supersession Order.

4. When a Supersession Order has been made under section 3, the following consequences shall ensue notwithstanding anything contained in the Act or in any other law:—

(*a*) all the members of the Board, the Executive Council, the Committees and the Sub-Committees, and the President shall vacate their offices;

(*b*) all the powers, duties and functions which, under the provisions of the Act or any rule, by-law or regulation made thereunder or of any law for the time being in force, may be exercised or performed by the Board, the Executive Council or any Committee or Sub-Committee or the President shall, so long as the Supersession Order continues to be in force, be exercised and performed by such person (to be called the Administrator) as may be appointed by the State Government in this behalf:

Provided that such Administrator may delegate any of his powers, duties or functions to such other person as he may think fit or to such body as may be constituted by him;

(*c*) representatives of the Board on every body (statutory or otherwise) shall vacate their offices as such representatives and shall, whatever may be their number, be replaced by the Administrator.

Salary and allowances of the Administrator.

5. (*1*) The Administrator shall receive such salary and allowances as may be fixed by the State Government.

(*2*) The salary and allowances fixed under sub-section (*1*) shall be paid from the Secondary Education Fund referred to in section 44 of the Act.

Power of State Government to make orders to remove difficulties.

6. If any difficulty arises in giving effect to the provisions of this Act, the State Government may, as occasion requires, by order, authorise any matter or thing to be done, not being inconsistent with the provisions of this Act which may be necessary for removing the difficulty.

Indemnity.

7. No suit, prosecution or other proceeding shall lie against the Administrator, or any person or body to whom the Administrator may delegate any of his powers, duties or functions under the proviso to clause (*b*) of section 4, for anything done in pursuance of or in the execution of this Act or done in good faith or in intended execution of this Act.

Board to continue as a body corporate.

8. Nothing in this Act shall be construed as effecting or implying in any way the dissolution of the Board as a body corporate.

Savings.

9. Any notification issued, any order made, any action taken or anything whatsoever done under the West Bengal Secondary Education (Temporary Provisions) Ordinance, 1954, shall, on the said Ordinance ceasing to operate, be deemed to have been issued, made, taken or done under this Act as if this Act had commenced on the 12th day of May, 1954. And whereas the said Third Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

In the matter of an industrial dispute between Messrs. Lucky Glass Works, 242/2, Manicktola Main Road, Calcutta-11 (Head Office 165, Lower Chitpur Road, Calcutta), and their workmen represented by Lucky Glass Mazdur Union, 242/2, Manicktola Main Road, Calcutta-11.

BEFORE THE THIRD INDUSTRIAL TRIBUNAL,
WEST BENGAL.

PRESENT:

SHRI J. N. MAITRA, *Judge, Third Industrial Tribunal.*

For the Union: Shri Sunil Dhar, Vice-President, assisted by Shri Naren Sen, Secretary.

For the Company: Shri P. R. Mukherjee, M.A., LL.B.

AWARD.

1. By order No. 687Dis./D/11L-148/53, dated the 12th February 1954, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Lucky Glass Works, 242/2, Manicktola Main Road, Calcutta-11 (Head Office—165, Lower Chitpur Road Calcutta) and their workmen represented by Lucky Glass Mazdur Union, 242/2, Manicktola Main Road, Calcutta-11, regarding the matters specified in the schedule, to the Third Industrial Tribunal constituted under section 7 of the Industrial Disputes Act, 1947, by notification No. 592Dis./D/12L-5/52, dated the 23rd February 1953, for adjudication.

2. After usual notices the parties entered appearance and filed their written statements. The pleadings were completed on 28th April 1954. The parties were thereafter directed to file their lists of documents by 10th June 1954. Hearing of the dispute was then concluded on 30th July 1954 and the award was reserved.

3. The matters of dispute as stated in the schedule to the order of reference are as follows:—

(1) Puja bonus for 1953.

(2) (i) Whether discharge of Shri Nirapada Biswas was justified.

(ii) What relief is he entitled to?

DECISION.

Issue No. 1.

To appreciate the controversy it is necessary to state the facts leading to the dispute as are either admitted or established in evidence.

The Lucky Glass Works is a proprietory business of Shri Khemjee Hansraj. It manufactures glasses. Formerly its workmen were represented by Lucky Glass Workers' Union. It presented a charter of demands whereupon as many as 21 issues including scales and grades of pay of the workers of different categories (Issue No. 3), dearness allowance (Issue No. 4), cheap food and free tiffin (Issue No. 5), special allowance to workers of departments said to be exposed to the risk of occupational diseases (Issue No. 6), city allowance (Issue No. 7), bonus (Issue No. 8), and free quarters or house rent allowance (Issue No. 13) were referred by Government of West Bengal, in the Labour Department, under order No. 838Lab., dated the 19th March 1948, for adjudication to the Industrial Tribunal presided over by Shri A. Das Gupta. The award which Shri Das Gupta made was published in the *Calcutta Gazette* on 26th June 1948. Among others Shri Das Gupta granted a higher pay scale, made provision for increments and allowed separate dearness allowance to each worker at a flat rate of Rs. 10 per month. As regards bonus, he allowed on Company's offer one month's pay as bonus to the employees.

After the award by Shri A. Das Gupta, there was an agreement on 12th September 1948 (Ext. 1) between Lucky Glass Works on one hand and the Lucky Glass Workers' Union on the other "in consideration of the fact that the Company would not be able to meet all the items awarded by Shri Das Gupta." The award was accordingly adjusted on mutual agreement under 12 heads. The Union among others agreed to remain satisfied with an increment of Rs. 5 in place of Rs. 10 as in the award up to monthly wages of Rs. 80 (*vide* item No. 10), to work 48 hours in a week and 8 hours on Saturdays if required by the Company without demanding any over-time payment (*vide* item No. 8) and not to press claim for uniform as awarded (item No. 8). The Company on the other hand among others agreed "to pay to all workmen of the Company one month's wages as bonus provided such worker has completed over 11 months' service and to all others who have completed under 11 months and over 9 months' service 75 per cent. of a month's wages, and to those who have completed under 9 months and over 6 months shall receive 50 per cent. of a month's wage" (Item No. 1 of the agreement).

The award of Shri Das Gupta on agreement, as aforesaid, by both sides and with intimation to the Joint Secretary to the Government of West Bengal, Labour Department (Ext. 2), was modified. It further appears that the agreement as aforesaid was also acted upon by the parties.

The Company admittedly paid bonus from the time of the agreement without scrutinising the profit or loss till the financial year 1950-51. It admittedly paid such bonus at the rates as below and these are in conformity with the agreement and according to the rates agreed upon:—

6 months to below 9 months—Half a month's wages.

Above 9 months and below 11 months—¾ month's wages.

11 months and above—Full wages.

(*Vide* page 2 of the Company's written statement.)

Not having been satisfied with the agreement, dated 12th September 1948, the workmen formed the present Union "Luck Glass Mazdur Union." This Union submitted a new charter of demands. The Company on the other hand declared lock out and closed the factory from 22nd March 1952. The factory remained closed till 24th September 1952, that is, for a period of 5 months and 11 days. As there could be no settlement in course of conciliation proceedings, the dispute was referred by order No. 822Dis./D/11L-113/52, dated the 15th April 1952, to the Tribunal presided over by Shri P. R. Mukherjee, for adjudication. As many as 11 points including the question of lock out were referred to him for adjudication. All the issues including the one of lock out were settled on compromise except issue number 5 relating to dismissal of Sidheswar and others. Shri P. R. Mukherji gave his award on 22nd September 1952 on issues 1 to 4 and 6 and 7 on the basis of the terms of settlement and on issue 5 independently. The award was published in the *Calcutta Gazette* on 23rd October 1952.

Under item No. (8) of terms of settlement it was stated: "The management further agrees to pay (as a special case) only to permanent workers who were in the rolls of the firm on the 20th March 1952, one month's salary for full 12 calendar months' service or the proportion thereof as per firm's rules to be paid before Puja holidays." The Company admittedly paid the amount as aforesaid on the eve of the Puja in the year 1952, that is, during the financial year of 1951-52. The Union contended that this payment was a payment of bonus; while it was contended on behalf of the employer that the payment was in connection with lock out. The letter which the Union wrote in this connection and which was forwarded by the Labour Officer to the Company (Ext. E with its annexure) clearly supports the employer's version that it was a payment in connection with the lock out and not one relating to bonus.

Subsequently dispute again arose. The employer closed the factory again from 1st May 1953 to 8th July 1953. Upon such closure and no settlement having been possible in course of conciliation proceedings, the dispute was referred to me for adjudication under order No. 2067Dis./D/11L-148/53, dated 8th June 1953. The parties came to an amicable settlement and there was an award in terms of the petition of compromise. Ext. 3 is the petition of compromise with terms of settlement. The award in this respect was published on 6th August 1953.

Behind this background the present dispute was referred to me by order, dated 12th February 1954, for adjudication.

The workmen represented by Lucky Glass Mazdur Union demand payment of Puja bonus for the year 1953 on the basis of the agreement and following payments on the eve of the Puja hitherto before. The Company

on the other hand resists the claim. It says that by the agreement, dated 12th September 1948, it did not agree to pay bonus for all time to come. It is said that the bonus which the Company paid from the agreement onwards till the financial year 1950-51 was so paid *ex-gratia* as a gesture of goodwill and thus the workmen cannot claim Puja bonus as of right. Then it is alleged that though the management did not pay any bonus for the year 1951-52, it being a year of loss, the workers did not prefer any complaint or raise dispute on that score. Then there was no profit but huge loss in the year in question. In the circumstances, the Company submits that claim for bonus should be dismissed.

After giving careful consideration to the evidence and arguments advanced on either side, it appears that the claim of the workmen for bonus for the financial year 1952-53 must be upheld in view of the agreement. The circumstances surrounding the agreement can leave no room for doubt that by item No. 1 of the agreement (Ext. 1) the employer unequivocally agreed to give to the workmen bonus in terms and conditions as stipulated therein as service condition in consideration of the workmen having relinquished various benefits and amenities including increment in wages as awarded by Shri Das Gupta. Therefore the said term in the agreement cannot be treated as one for that year only. There is no such limitation expressed in the agreement either. The fact that there has been payment of bonus irrespective of profit or loss (Ext. I) from the time of the agreement till the financial year 1950-51 precisely according to terms and conditions as stipulated in item No. 1 of the agreement Ext. 1 would also leave no room for doubt that it was so meant. When the employer has so promised to pay bonus as a condition of service, the fact that there was no payment of bonus for the financial year 1951-52 would make no difference. It appears that the workmen did not claim bonus for that year under an erroneous impression having got identical sum on the eve of Puja in the year 1952 on the basis of the agreement relating to lock out as in item No. 8 of the terms of settlement in the award by Shri P. R. Mukherji (Ext. J). It will not be out of place to mention that when the dispute was referred to Shri P. R. Mukherji for adjudication, the cause of action relating to bonus for the financial year 1951-52 which according to practice was payable on the eve of Puja did not arise and as such no such dispute could have been raised.

Be that as it may, non-receipt of bonus for a particular year does not debar the workmen from claiming bonus for the subsequent year, that is, for the financial year 1952-53, when it is admissible to them as a condition of service on the basis of the agreement, Ext. 1, irrespective of the question of profit or loss. So even if there was no profit in the year in question, the workmen would be entitled to bonus.

Regarding Company's allegation that there was no profit but loss in the years 1951-52 and 1952-53, the Company has not filed audited balance sheets but trial balance sheets prepared by their officers (Exts. A2 and A3). The balance sheets (Exts. A2 and A3) do not appear to have exhibited true state of affairs. There has been great variation in the trading results of these years, the percentage being 25 to 40 which does not normally happen. No explanation has been given why the accounts for these two years were not audited. It further appears that by way of reducing the profit heavy expenditure was shown on account of machinery, furnaces and factory. It is a private concern belonging to Khemjee Hansraj. D.W.1, the Manager, stated that in 1953 the business was converted into a partnership one, but nothing has been filed to substantiate it. It seems that such case has been introduced to find an excuse for inflating the capital in order to wipe out the profit. Before Shri A. Das Gupta, it was

stated that the business belonged formerly to Shri Ratan Singh Mulji (son-in-law of Shri Khemjee Hansraj) and that it was subsequently acquired by Shri Khemjee Hansraj but nothing was produced to substantiate it. On the contrary, the account papers both prior to and after the alleged transfer which were then produced were found to stand in the name of Khemjee Hansraj. Shri Das Gupta did not believe the story of transfer and was of opinion that under such plea Rs. 2,50,000 was added to the accounts only to swell the capital outlay and thereby to make out a case that the proprietors were not getting a fair return for the money they had invested. He had also noticed that huge expenditure was noted against repairs of the furnaces year after year which could not be true. Shri Das Gupta was thus of opinion that the accounts were not properly kept or reliable. I am also of opinion that no reliance can be placed on the unaudited balance sheets for the years 1951-52 and 1952-53. Even if there was no profit, it has already been noted that it would make no difference. So to be precise, I find that the workmen are entitled to bonus for the financial year 1952-53 to be paid at the rates and conditions as noted in item No. 1 of the agreement. The payment is to be made as soon as the award becomes enforceable.

Issue No. 2.

The Union has examined in this respect the workmen concerned, Shri Nirapada Biswas P.W. 1, and another workman P.W. 2, Shri Nizamuddin, besides proving Exts. 4, 5 and 5(a). The employer on the other hand has examined the General Manager D.W.1, Shri Sankar Dayal Agarwal besides proving Exts. B, C, C1, D, D1 and F.

Shri Nirapada Biswas admittedly joined this concern as delivery clerk on 19th September 1947 on a salary of Rs. 40 per month (*vide* Exts. B and D). He admittedly worked in that capacity up to August 1952 and as such delivery clerk his salary on gradual increments rose to Rs. 90 per month (*vide* Exts. B and D). From September 1952 he was admittedly employed both as lorry driver and delivery clerk when his salary became Rs. 95 per month (*vide* Exts. B, D and D1). He worked in these two capacities up to 8th August 1953 when his service was terminated by the notice, dated 8th August 1953 (Ext. 4). By such notice he was told that his services were no longer required by the management from 9th August 1953 and that he would be paid one month's salary in lieu of notice in addition to his salary for the period worked, which he could take on any week day. Shri Nirapada Biswas at once protested to such action by his letter, dated 13th August 1953 [Ext. 5(a).] He complained that he was retrenched by way of victimisation on account of his Union activities as evident from the fact that a new delivery clerk had been appointed in the first quarter of 1953 and another new delivery clerk was appointed just after his retrenchment. The Company replied to it by its letter, dated 17th August 1953 (Ext. F). It was stated therein that he was working as a lorry driver and the number of trucks having been reduced he was retrenched and that the question of victimisation did not arise. In the reply nothing was however stated regarding necessity or otherwise of a delivery clerk. Before this Tribunal the Company pleaded in its written statement that it was a *bona fide* retrenchment for trade reasons. It was stated that the Company reduced the number of lorries from 4 to 2 and as such services of Shri Nirapada Biswas were no longer required and thus his employment was terminated, he being junior to other lorry driver.

The onus to justify the retrenchment is on the employer. The employer did not allege that there was no necessity for a delivery clerk. The employer's Khatas from September 1952 up to the date of discharge

on 8th August 1953 (Exts. D and D1) show that Shri Nirapada Biswas was working as lorry driver-*cum*-delivery clerk and not exclusively as a lorry driver. D. W. 1 also admitted in his deposition that he was working from September 1952 up to the date of discharge as driver-*cum*-delivery clerk. So when Shri Nirapada Biswas joined as delivery clerk in this concern and was also employed as such till 8th August 1953, and when there is no allegation or proof that the necessity of delivery clerk ceased, it is obvious that there was no justification for termination of his employment even though the necessity for a lorry driver ceased with the reduction in the number of lorries. The evidence shows that this proprietor, Shri Khemjee Hansraj appointed one Shri Girija Prasad Dobey as a delivery clerk on 11th August 1953, that is, two days after the discharge of Shri Nirapada Biswas (*vide* Ext. C). The evidence further shows that said Shri Girija Prasad Dobey, whom the workman P.W.1 and P.W.2 described as Girija Tewary, is being employed in this concern (Lucky Glass Works) regularly as delivery clerk. D.W.1, the Manager, also admits that he is being employed in this concern as well, but he claims that it is occasionally. Besides, the evidence reveals that another man named Shri Narashingha Nayek has been appointed sometime before discharge of Shri Nirapada Biswas for delivery work under the designation "Delivery Cooly" (*vide* D. W. 1 and Exts. D and D1). In the month of August 1953, he was however been noted as delivery clerk (Serial 146 in Ext. D1). It will, therefore, appear that the necessity of delivery clerk never ceased in this concern. Merely because Shri Nirapada Biswas was given an increment of Rs. 5 and employed in addition as lorry driver his status as delivery clerk did not cease. The evidence shows that even the other driver, Shri Subhas Chandra Maity, who has been retained in service, is not exclusively employed as a driver but also as delivery clerk (*vide* D. W. 1). So the question of seniority should not have been decided merely taking into account the length of service as lorry driver. Ext. B shows that except Shri R. N. Dey others are junior to Shri Nirapada Biswas. Shri Nirapada Biswas might not have sufficient knowledge to carry on the work of statistician but he did work as attendance clerk. So he could have been easily retained even if the necessity for a lorry driver ceased. In any case, the employer did not allege that he could not be retained as he could not perform the duty of a general clerk. As to the contention of the employer that Lucky Glass Works has been converted into a partnership business since 1953, the notice of discharge served on Shri Nirapada Biswas on 8th August 1953 reveals different state of affairs and it even then shows Shri Khemjee Hansraj to be the sole proprietor. In any case, even if Shri Girija Prasad Dobey was appointed in another business of Shri Khemjee Hansraj, it makes no difference when the evidence shows that he is also being employed as delivery clerk in this concern, that is, Lucky Glass Works. The retrenchment cannot, therefore, be justified. In view of the evidence and circumstances, it is not unlikely that in discharging Shri Nirapada Biswas the employer was actuated by motive other than *bona fide* trade reasons. In any case, when the rule of "last come, first go" has not been observed, it would amount to unfair labour practice. Even Shri Subhas Chandra Maity, who has been retained in service as lorry driver has in fact joined service long after Shri Nirapada Biswas. When the evidence of D.W.1 reveals that said Shri Subhas Chandra Maity is not exclusively employed as driver but also in the work of delivery clerk, I think, Shri Nirapada Biswas should have been regarded as senior to him. I am thus of opinion that discharge of Shri Nirapada Biswas is not justified and that he is entitled to be reinstated with all the benefits arising out of the same. The Company is directed to reinstate and pay the workman his back pay and dearness allowance at the rates last

drawn from the date of discharge up to the date of reinstatement within one month from the date the award becomes enforceable.

Now, therefore, in terms as aforesaid, I make my award.

By order of the Governor,

ORDER.

No. 4301Dis./D/11L-211/54.—10th September 1954.—Whereas under the Government of West Bengal, Labour Department, order No. 2659Dis./D/11L-211/54, dated the 25th May 1954, the industrial dispute between Messrs. H. Mukherjee & Banerjee Surgical, Ltd., 39/1, College Street, Calcutta and their employees represented by Surgical Workers' Union, 182, Harish Mukherjee Road, Calcutta-25, regarding the matters specified in the schedule thereto was referred for adjudication to the Third Industrial Tribunal;

And whereas during the pendency of proceedings before the said Tribunal, a complaint in writing was made by Shri Niranjan Paul and four others, all workmen of the said Company, before the said Tribunal, against the said Company, alleging that the said Company had altered to the prejudice of the said five workmen, the conditions of service applicable to them immediately before the commencement of the said proceedings;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Tribunal has adjudicated upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

In the matter of a complaint under section 33A of the Industrial Disputes (Appellate Tribunal) Act, 1950, filed by Shri Niranjan Paul and four others, C/o. Surgical Workers' Union, 182, Harish Mukherjee Road, Calcutta-26, against Messrs. H. Mukherji & Banerjee Surgical, Ltd., 39-1, College Street, Calcutta, in connection with Government order Nos. 2062Dis./D/11L-176/53, dated 6th June 1953 and 2659Dis./D/11L-211/54, dated 25th May 1954.

BEFORE THE THIRD INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI J. N. MAITRA, *Judge, Third Industrial Tribunal.*

Misc. Case No. 77 of 1954 under section 33A.

Shri Niranjan Paul and four others ... *Petitioners,*

versus

Messrs. H. Mukherji & Banerjee Surgical, Ltd. ... *Opposite party.*

For the petitioners: Shri Patit Paban Pathak.

For the opposite party: Shri N. Das Gupta, Advocate.

AWARD.

This is a complaint under section 33A of the Industrial Disputes Act by Shri Niranjan Paul and four others. The complaint was filed originally before the Fourth Industrial Tribunal. On withdrawal of the main reference from the said Tribunal and committal of the same to this Tribunal by the Government, the record of the case relating to complaint under section 33A was received by transfer from the Fourth Industrial Tribunal.

The petitioners alleged that in contravention of the provisions of section 33 of the Industrial Disputes Act and during the pendency of the adjudication proceedings they had been suspended for an indefinite period. Hence the complaint.

The Company opposite party denies having contravened the provisions of section 33 and contends that the complaint under section 33A is not maintainable as the order of suspension was passed by way of security measure pending permission from the Tribunal to dismiss the workmen. It is said that as a matter of fact it had made application before the Tribunal seeking such permission.

The preliminary objection as aforesaid has been heard.

DECISION.

The copies of the orders served on the five petitioners clearly state that they are suspended pending permission from the Tribunal to discharge them. It further appears that as a matter of fact, after such order the Company opposite party applied under section 33 of the Industrial Disputes Act, seeking permission from the Tribunal to discharge these workmen. Such petition was filed on 11th May 1954, while the present complaint was made on 17th May 1954. In the circumstances there can be no doubt that the order of suspension was not by way of punishment but as a security measure pending permission from the Tribunal. I, therefore, agree that there has been no contravention of section 33 by the orders in question. In the result, the complaint must be held not to be maintainable and must, therefore, fail. I award accordingly.

ORDER.

No. 4297Dis./D/4L-34-54.—10th September 1954.—Whereas under the Government of West Bengal, Labour Department, order No. 755Dis./D/4L-28/53, dated the 16th February 1954, the industrial dispute between the Route Committee of Routes 5-5A, C/o. Bengal Bus Syndicate, 6, Dhuramtala Street, Calcutta and the workmen employed by the said

Route Committee, represented by Rashtriya Bus Mazdoor Union, 138/2, Harrison Road, Calcutta-7, regarding the matters specified in the schedule thereto was referred for adjudication to the First Industrial Tribunal;

And whereas the said First Industrial Tribunal has submitted to the State Government its award on the said industrial dispute.

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

In the matter of an industrial dispute existing between the Route Committee of Routes 5-5A, C/o. Bengal Bus Syndicate, 6, Dhuramtala Street, Calcutta and their workmen employed by the said Route Committee, represented by Rashtriya Bus Mazdoor Union, 138/2, Harrison Road, Calcutta-7.

BEFORE THE FIRST INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI M. C. BANERJI, *District Judge (Retd.), Judge, First Industrial Tribunal.*

The Government of West Bengal, in the Labour Department, by order No. 755Dis./D/4L-28/53, dated 16th February 1954, referred, under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between the Route Committee of Routes 5-5A, C/o. Bengal Bus Syndicate, 6, Dhuramtala Street, Calcutta, and their workmen represented by Rashtriya Bus Mazdoor Union, 138/2, Harrison Road, Calcutta-7, regarding the matters specified in the following schedule to this Tribunal for adjudication:—

SCHEDULE.

(1) Wages.

(2) Dearness allowance.

(3) Hours of work and period of rest every day.

(4) Rest day in a week.

(5) Procedure for taking disciplinary action and imposition of fines, etc.

The Route Committee manages the service buses of route No. 5A on behalf of the Bengal Bus Syndicate. The Committee is guided by rules framed by it. It regularises the bus service of Route 5A, detailing the vehicles to run on each day along that route, drawing up the detailed timings and exercising certain amount of control over the conductors and drivers while on duty on the route. There are different route committees for different bus routes, and each committee maintains its separate staff. The Route Committee's staff consists of starters, supervisors, sweepers, fine collectors, checkers and durwans. It appears that 38 buses ply in route 5A of Calcutta. These buses are owned by individuals and firms who are members of the Bengal Bus Syndicate which is an Association of the bus owners. The employees of the Committee are members of the Rashtriya Bus Mazdoor Congress which was formed in 1949. The Union raised the dispute over the claims of the

employees as mentioned in the order of reference in January 1953. As the conciliation proceeding over the matter proved unsuccessful, the matter has been referred to the Tribunal for adjudication.

The appearances of the parties were as follows:—

For the Union: Shri D. L. Sen Gupta, Advocate, instructed by Shri Ramani Mohan Dutta, General Secretary, and Shri R. N. Sinha, Secretary.

For the Committee: Shri Sailesh Sen, Advocate, instructed by Pandit Saligram Sharma, President, and Shri B. D. Lambay, Assistant Traffic Superintendent.

The issues framed in this case are the same as those mentioned in the order of reference, and are as follows:—

(1) Wages.

(2) Dearness allowance.

(3) Hours of work and period of rest every day.

(4) Rest day in a week.

(5) Procedure for taking disciplinary action and imposition of fines, etc.

AWARD.

DECISIONS.

Issues Nos. 1 & 2.

There are at present 24 employees under the Route Committee, as mentioned in Ext. E, filed by the Company. The Union also filed a statement of the employees in Annexure A to their written statement, which virtually tallies with the Ext. E, except that the Annexure A shows the name of one Durga Das in excess of the names in the Ext. E. There was no controversy over the matter. It appears on a study of the list that there are 16 Starters and five Collectors, 3 Checkers, one Supervisor, one Durwan and bearer, one Sweeper, and one Clerk besides Shri B. D. Lambay, the Assistant Traffic Superintendent. It appears that the clerk Shri R. C. Ghosh is a part-time employee who works only for one day in a week. His permanent posting is as the Chief Accountant of the Bengal Bus Syndicate. The Starters, Checkers and Fine Collectors get the same scale of wages, and the minimum wage appears to be Rs. 51 as basic wage, and Rs. 27 as dearness allowance, making Rs. 78 in total. Shri Bhim Sen and Shri Nirmal Singh who are temporary checkers, get Rs. 50 as basic pay and Rs. 22 as dearness allowance, *i.e.*, in all Rs. 72. Shib Dayal, the sweeper, gets Rs. 36, and Kapildeo Singh, Durwan, gets Rs. 43. The part-time clerk is paid Rs. 56. The Union claims that since the workmen are poorly paid, and the Route Committees are maintained in the interest of the employees of buses of Routes Nos. 5 and 5A who earn huge profits, the employees should be given the scales of basic wages as mentioned in the Annexure C to their written statement. These claims are as follows:—

Clerk—Rs. 100—5—165.

Starter, Fine Collector and Checker—Rs. 85—5—150.

Supervisor—Rs. 95—5—160.

Bearer and Durwan—Rs. 45—5—110.

Sweeper—Rs. 40—5—105.

The claim of dearness allowance was as follows:—

Rs. 31 for basic pay up to Rs. 50.

Rs. 42 for basic pay up to Rs. 75.

Rs. 50 for basic pay up to Rs. 100.

Rs. 60 for basic pay over Rs. 100.

The Union claims that every employee should be granted an increment in pay for every 2 years of past service over the starting minimum without prejudice to their existing wage, and that the claims of increased basic wage and dearness allowance should be allowed with effect from 1st May 1952.

The Committee states in its written statement that it maintains itself by the fixed subscriptions from the bus owners, and apart from these subscriptions, the Committee has no other source of income. The Committee further states that in view of the Government policy of plying their own buses in different routes, the position of private bus owners has become very unstable. It is further stated that although the wages of the employees are shown under two separate columns—basic pay, and dearness allowance—the wage structure of the employees has not grown up on a scientific basis. The Tribunal should only consider the total wages paid to the workmen. The Route Committee states that it has not the means to increase the basic wages and dearness allowance of the workmen, and that in view of the qualifications of the employees, and the nature of work done by them, the wages they are drawing should be considered reasonable and fair. The Committee filed before me the accounts for the years ended 31st December 1953, and 31st December 1952, being Exts. F and F(1), with a view to substantiate the claim that the Committee has got no substantial financial resources to pay any more wages to the workmen. The learned Advocate for the Union raised objection to the item of expense for Ballygunge Fund as appearing in both the accounts, and argued that this was an unjustified expenditure which might be utilised for payments to the workmen. It, however, appears from Exts. G and H that this money has to be incurred by way of monthly rent for the Ballygunge Stand for the buses of the Committee. The expenditure was, therefore, necessary in the interest of the business. There is an item of contribution of Rs. 760 of which Rs. 380 was paid to the Punjab Sports Club, and the other portion to the Deshabandhu Memorial Fund at Darjeeling. It appears from the statement of the representatives of the Committee that this amount was realised separately from the bus owners with a view to make these contributions. I do not think that the accounts are open to objection in any way.

The employees are mostly Starters, Fine Collectors and Checkers. There is one Supervisor who gets a higher salary than the Starters, and there is one A.T.S. who gets a basic pay of Rs. 140 and dearness allowance of Rs. 65. The Company's case is that the Starters, Fine Collectors and Checkers have got to do very simple jobs requiring little education except a little knowledge of reading English, and that the wages which are paid by the Committee are sufficient for these categories of workmen in view of the nature of jobs done by them, and the qualifications they possess. The minimum pay of the workers of the categories of Starters, Fine Collectors and Checkers appear to be Rs. 51 as basic pay and Rs. 27 dearness allowance. It appears that these employees come from the middle class of the society with some education. I consider that the pay and the dearness allowance which they receive are inadequate, and

call for a revision. The Government of West Bengal, by notification No. 5454Lab., dated 29th August 1951, fixed the minimum rates of wages payble to employees in the Public Motor Transport in the State of West Bengal. In this notification the wages and dearness allowance of Cleaners, Assistant Mistries, Conductors and Drivers were fixed. It appears that in the Calcutta zone, the basic pay and the dearness allowance of Conductors holding license for more than five years were fixed at Rs. 45-8 and Rs. 32-8, respectively. The minimum pay of Starters, fine Collectors and Checkers should be Rs. 55 per month, and the dearness allowance should be near about the same as that fixed for the Conductors, and it is awarded that it should be at Rs. 32 per month. The minimum total wage of Starters, Checkers and Fine Collectors should, therefore, be Rs. 87 in place of Rs. 78 as at present. I do not consider that a graded scale of basic pay with automatic annual increments should be allowed for any category of employees employed by the Route Committee, in view of its financial condition. The clerk is only a parti-time worker working only for one day in a week. No scale of pay and dearness allowance need be fixed for the post of the clerk under the Route Committee. In view of the fact that the minimum wage of Starters, Fine Collecors and Checkers, who constitute the bulk of employees of the Committee, and are virtually the representative group of employees, are being given an increment of Rs. 4 in their basic wage and Rs. 5 in dearness allowance, it is proper that all employees should be given these increments with a view to maintain the wage differential. It is, therefore, awarded that the basic wage of all employees under the Route Committee shall be increased by Rs. 4, and the dearness allowance shall be increased by Rs. 5 per month. These increments shall be effective from the date of the operation of this award.

Issue No. 3.

The Union states in the written statement that the hours of work of the employees are strenuous, and the Union claims that under no circumstances the working hours should be more than 8 hours a day, without prejudice to the existing benefits where it is less, and this 8 hours should include half an hour's rest every day. The Annexure B to the Union's written statement shows that the duty hours in the morning shift of the Starters, Fine Collectors and Checkers are from 7 hours 37 minutes to 9 hours at the various stations, and in the evening shift the total period of duty varies from 9 hours to 10 hours 15 minutes. The Committee states in its written statement that the Starters are required to work 8 to 9 hours a day, and the Starters get enough rest when they are on actual duty. The Committee also relied on the agreement, Ext. D, between the Route Committee of Route Nos. 3 and 3A and its employees in which 9 hours have been fixed as the normal period of duty.

The Government of West Bengal have fixed the minimum rates of wages in respect of Public Motor Transport in the State of West Bengal under the Minimum Wages Act, 1948 (XI of 1948). Ext. C is a copy of the Notification No. 5455Lab., dated 29th August 1951, by which the Government notified the normal working hours for the employees of the Public Motor Transport in the State of West Bengal. The notification No. 5454Lab., dated 29th August 1951, is one by which the minimum wages were fixed. It appears from this notification that the wages were fixed are for Cleaners, Assistant Mistries, Conductors and Drivers. It appears from the Ext. C that the Notification No. 5455Lab., dated 29th August 1951, fixed the normal working hours of these categories of

employees for which the minimum wages were fixed under the Minimum Wages Act, 1948. By the Notification, Ext. C, the Government fixed the normal working hours constituting a normal working day and the interval for rest in accordance with the provisions of section 65 of the Motor Vehicles Act, 1939 (IV of 1939). Section 65 of the Motor Vehicles Act, 1939, prescribes the hours of work of the drivers, and it lays down that "no person shall cause or allow any person who is employed by him for the purpose of driving a transport vehicle or who is subject to his control for such purpose to work—

(a) for more than five hours before he has had an interval of rest of at least half an hour, or

(b) for more than nine hours in one day, or

(c) for more than fifty-four hours in the week.

These hours of work were prescribed by the Government of West Bengal by the notification No. 5455Lab., dated 29th August 1951, for the categories of employees in the Public Motor Transport for whom minimum wages were fixed. Under Rule 89 of the Bengal Motor Vehicles Rules, 1940, the period of rest has been defined, and it has been stated that "any time spent by the driver of a vehicle on or near the vehicle when it is at rest, when he is at liberty to leave the vehicle for rest and refreshment although required to remain within sight of the vehicle shall be deemed to be an interval of rest for the purpose of clause (a) of sub-section (1) of section 65 of the Act." It is in evidence that the work of a Starter is to note the hour of arrival and departure of buses, to note the late arrival of buses, and at one or two stations to collect fines. That being so, the Starters get periods of rest between the arrival of buses. In view of the fact that the nature of the duty of the Starters is such that they cannot be away from the station for any substantial period of time, I consider that the plea of the Committee that the Starters get enough rest when they are on actual duty is acceptable. It is, therefore, awarded that the employees of the Route Committee shall work up to 9 hours in one day, and 54 hours in the week, and not more. The programme of work of the Starters and other categories of workers should be so arranged by the Committee that they are not engaged in duty for more than 9 hours in one day, or more than 54 hours in a week. The issue is accordingly answered.

Issue No. 4.

The Union states in the written statement that the workmen of the Company do not get any weekly holiday or any compensatory holiday or overtime wages for work on days which should have been holidays. The workmen claim one day's holiday with full wages after every six days' work, or alternate holiday for work on such a day or double wages for work on days which should have been holidays. In the written statement the Committee pressed that it was unable to accede to the claim of rest day in a week, as such a measure will entail additional expenditure which the Committee was unable to bear. In this connection, the Committee referred to the agreement between the Committee of Route Nos. 3 and 3A and its workmen (Ext. D) where it is stated that if the workmen wanted an off day, then the said day will be without wages.

In this connection, I have to refer to the Government notification No. 5455Lab., dated 29th August 1951 (Ext. C), again. In clause 3 of this notification, it is provided that every employee in Public Motor

Transport shall be allowed rest for one day in course of every seven days. Clause 4 provides that the rate of payment for work on a day of weekly rest shall be double the normal rate of basic wage and dearness allowance. I do consider that the same principle should be followed in regard to the employees of the Route Committee who are engaged in the same industry as those for whom these provisions have been made by the aforesaid Government notification, Ext. C. It is, therefore, awarded that every employee of the Committee shall be allowed rest for one day in course of every seven days. The workmen are all monthly paid. There should be no deduction of wages for this off day. It is also awarded that if any workman is made to work on the day of weekly rest, he shall be paid for that day at double the normal basic wage and dearness allowance. The issue is accordingly answered.

Issue No. 5.

The Union states in its written statement that the Committee does not follow any rule in taking disciplinary actions, impositions of fines, or other forms of punishment. It is also stated that the action of the Management in this connection is arbitrary, and it very often puts the workmen to sufferings and financial loss. The workmen claim that no such action should be taken without issuing a charge-sheet specifying clearly the charges, without affording proper opportunity of defence, or without holding an enquiry in presence of the workman concerned and at least one trusted representative of the Union, consistent to the principle of natural justice. The Committee states that in taking disciplinary action and imposition of fines, the Committee follows the principles of natural justice as required by the decision of the Hon'ble Labour Appellate Tribunal of India in the Buckingham & Carnatic case. In the circumstances, it is awarded that no workman of the Committee shall be punished for any alleged misconduct without giving the workman concerned an opportunity of explanation. The workman shall be given a charge-sheet in writing, and he shall be given an opportunity for defending himself at the enquiry, and in such an enquiry he shall be entitled to take the help of another employee who may be a member of the Union. The issue is answered accordingly.

And whereas the said First Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

In the matter of an industrial dispute between Messrs. Kinnison Jute Mills of Titaghur, 24-Parganas, and their Hessian Beamers represented by the Kinnison Employees' Association, "Dey Bhawan", Park Road, Talpukur, 24-Parganas.

BEFORE THE FIRST INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI M. C. BANERJEE, *District Judge (Retd.), Judge, First Industrial Tribunal.*

The Government of West Bengal, in the Labour Department, by order No. 2854Dis./D/7L-7(A)54, dated 2nd June 1954, referred, under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between Messrs. Kinnison Jute Mills of Titaghur, 24-Parganas and their Hessian Beamers represented by the Kinnison Employees' Association, "Dey Bhawan", Park Road, Talpukur, 24-Parganas, regarding the matters specified in the following schedule to this Tribunal for adjudication.

SCHEDULE.

(1) Is the demand of the Hessian Beamers of the Kinnison Jute Mills II for the piece rate justified?

(2) Should these workmen be made piece-rated workmen?

Notices were issued on both parties. The Union filed written statement on 19th July 1954 and the Company was directed to file its written statement in reply on 4th August 1954. The date for filing the written statement by the Company was extended to 11th August 1954. On this date, the parties filed a joint petition of compromise in amicable settlement of the dispute. This petition of compromise appears as Appendix A to this award. On a perusal of the compromise petition, it appears that the terms thereof are reasonable and should be accepted. The petition of compromise in Appendix A is accepted and I award accordingly. The petition of compromise shall form a part of the award.

ORDER.

No. 4364Dis./D/10L-51(B)/54.—15th September 1954.—Whereas under the Government of West Bengal, Labour Department, order No. 3143Dis./D/10L-51(B)/54, dated the 25th June 1954, the industrial dispute between Messrs. The Calcutta Electric Supply Corporation, Ltd., Victoria House, Calcutta, and their workmen of the Mains Department and the Central Stores Department represented by the Calcutta Electric Supply Corporation Mazdoor Union, 249 Bowbazar Street, Calcutta and the Calcutta Electric Supply Workers' Union, 35B, Wellington Street, Calcutta, regarding the matters specified in the schedule thereto was referred for adjudication to the Third Industrial Tribunal;

And whereas during the pendency of proceedings before the said Tribunal, a complaint was filed before it against the said Company by Shri Surendra Mistry, an employee of the said Company, alleging that the said Company had altered, to the prejudice of the said employee, the conditions of service applicable to him immediately before the commencement of the said proceedings;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Tribunal has adjudicated upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

In the matter of a complaint under section 33A of the Industrial Disputes (Appellate Tribunal) Act, 1950, filed by Shri Surendra Mistry against The Calcutta Electric Supply Corporation, Ltd., Calcutta, in connection with Government order No. 3143Dis./D/10L-51(B)/54, dated the 25th June 1954.

BEFORE THE THIRD INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI J. N. MAITRA, *Judge, Third Industrial Tribunal.*

Misc. Case No. 142 of 1954 under section 33A.

Shri Surendra Mistry, C/o. The Calcutta Electric Supply Corporation Mazdoor Union, 249, Bowbazar Street, Calcutta—*Petitioner,*

versus

The Calcutta Electric Supply Corporation, Ltd., Victoria House, Calcutta —*Opposite party.*

For the petitioner: Shri S. K. Acharyya, Counsel.

For the opposite party: Shri S. K. Mullick (Jr.).

AWARD.

This is a complaint under section 33A of the Industrial Disputes Act. by the workman, Shri Surendra Mistry. He is a permanent workman in the opposite party Company, working in its Mains Department since 1928. On 26th May 1954, a charge-sheet was issued against him to which he submitted explanation on 27th May 1954. Thereupon the management held enquiry and was of opinion that the workman was guilty of the charge brought against him. Then the Company issued an order suspending the workman pending permission from the Tribunal to dismiss him. Upon this the complaint has been made alleging that suspension for an unlimited period amounts to dismissal and as such section 33 has been contravened. The Company on the other hand conteds that it was no punishmnt and as such the complaint under section 33A is not maintainable.

DECISION.

The order upon which the complaint under section 33A has been lodged, clearly recites that the workman is suspended pending permission from the Tribunal to dismiss him. The Company also, as a matter of fact, made such an application under section 33, seeking permission to dismiss the workman, which is even now pending. In the circumstances, the suspension cannot be treated as a punishment. It is, therefore, obvious that section 33 has not been contravened. The complaint under section 33A is, therefore, not maintainable and must fail.. I award accordingly.

ORDER.

No. 4342Dis./D/10L-44(A)/54.—13th September 1954.—Whereas in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), by the Government of West Bengal, Labour Department order No. 4044Dis./D/10L-44(A)/54, dated the 20th August 1954, the interim award of the Sixth Industrial Tribunal, dated the 19th August 1954, on the industrial dispute between Messrs. T. E. Thomson & Co., Ltd., 9A, Esplanade East, Calcutta and one of their employees, Shri Bijoy Gopal Chakravorty, 91F, Kalighat Road, Calcutta-26, referred to in the said order was published in the *Calcutta Gazette,* dated the 2nd September 1954;

And whereas the said Sixth Industrial Tribunal has made an order being order No. 7. dated the 30th August 1954, to be read as a part of the aforesaid interim award;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said order No. 7, dated the 30th August 1954 of the said Sixth Industrial Tribunal as shown in the annexure hereto.

ANNEXURE.

Order No. 7, dated the 30th August 1954.

In the matter of an application for interim relief filed by Shri Bijoy Gopal Chakravorty, 91F, Kalighat Road, Calcutta, against Messrs. T. E. Thomson & Co., Ltd., 9A, Esplanade East, Calcutta.

It having been brought to my notice that in gratuity awarded—dearness allowance has also been included—the Advocate of the petitioner Bijoy Gopal was sent for. He also concedes that dearness may be excluded from the item

of gratuity. It is a clerical mistake—due to slip of the tongue. So the award is amended by striking out the words "including dearness allowance" and "and allowances" in the lines relating to gratuity. Send a corrigendum to the Government for favour of taking necessary action.

Appearances.

For the Company: Shri M. M. Ghosh, Labour Adviser, I.J.M.A., with T. N. Janaki Raman of I.J.M.A. and K. Basu, Law Officer of the Mills.

For the Sangha: Shri N. Dutta Majumdar, Bar.-at-Law, assisted by Shri J. Pandey, Officer of the Union.

AWARD.

The Government of West Bengal, Labour Department, by its order No. 3604Dis./D/7L-30/53, dated the 24th September 1953, referred an industrial dispute existing between Messrs. Hukumchand Jute Mills,

Hazinagore, 24-Parganas and their workers represented by the Hukumchand Sramik Sangha, Hazinagore, 24-Parganas, regarding the reinstatement of Shri Balaram Sing, to this Tribunal for adjudication.

This was received in the office of this Tribunal on 1st October 1953 and usual notices were issued to the parties for appearance and filing written statements. Both parties filed their written statements in due course. The case was taken up for hearing on the date fixed for it.

Shri Balaram Sing, the aggrieved workman and Joint Secretary of Hukumchand Chatkal Sramik Sanga, filed a written statement in which he stated among others that the Hukumchand Jute Mills (hereinafter called the "Company") was one of the pre-eminent Jute Mills in India employing a labour force of nearly twelve thousand workmen. The workers formed into a Union and elected the petitioner, Shri Balaram Sing, as an Assistant Secretary of the Union. As an Assistant Secretary of it, Shri Balaram Sing took up many matters with the management on behalf of the workmen. The management did not like the trade union activities of Shri Balaram, and planned to crush him. Shri Satyanarain, a brother of Shri Balaram Sing and an employee in the Rationing Department of the Company, was dismissed in 1949. It was through the efforts of Shri Balaram Sing, as an Assistant Secretary of the Union, that Satyanarain was paid Rs. 7,000 for loss of employment in October 1951. In the meantime, Shri Balaram Sing was made the Working President of the Hukumchand Pragatishil Mazdoor Union in 1951-52. He continued his trade union activities for the improvement of the conditions of labour against the management's high-handed and arbitrary actions in dealing with the workmen. On the 29th November 1952, he received an order of transfer from the Time Keeping Section to the Calendering Department in Mill No. 1. He joined his new post on transfer, and went on leave on the night of the 5th December 1952. He returned on the 3rd January next. On the 9th December, previous to that he had received a letter from the management which he did not accept. On the 3rd of January at about mid-day, he received another letter from the Manager asking him to come to his office before resuming his duties on the due date, viz., the 5th January next. On the 3rd January he was given a charge-sheet, and he submitted his explanation to that on the 14th next, though he had to do so against enormous odds for, he was not given any access to office records. The Manager proceeded with the enquiry, and did not give him any facilities to look into the records to which the charges related. On the 30th January next, he was told to vacate his family quarters, and on the next day he was informed that his services were terminated from the date of his suspension. He preferred an appeal to the Managing Agents which, unfortunately, was heard by the Manager and disposed of by him. His dismissal was against the principle of natural justice and against weight of evidence. Accordingly, he claims reinstatement with full wages for the period of unemployment.

The Hukumchand Jute Mills (hereinafter called the "Company") filed a written statement in which it denied the allegations of the Union and stated among others that the Company had no knowledge of the alleged trade union activities of Shri Balaram Sing who was the Time Keeper in the Time Keeping Section of the Mill, and it had no necessity or intention to crush him. The allegation that the dispute regarding the dismissal of Satyanarain, a brother of Balaram, was settled on payment of a compensation of Rs. 7,000 was false. Balaram Singh was transferred to the Calendering Department of Mill No. 1 to

facilitate the confidential enquiry which was being held regarding reports of various kinds of irregularities and malpractices in the Time Keeping Section. In course of the enquiry, it was detected that Balaram Singh along with others was involved in dishonesty, falsification of records and other irregularities. He was, therefore, informed of the same and was warned about the consequence in the Company's letter, dated 9th December 1953. He was charge-sheeted on 5th January 1953 as soon as a *prima facie* case against him was found established on enquiry, and he was placed under suspension forthwith. He was allowed due access to the relevant records of 8th January 1953, when he came to the Mill for the purpose. On receipt of his explanation, enquiries were held on 21st January 1953, when all the relevant records and registers were made available to him. During the course of this enquiry it became evident that he had no answer to the charges, and the records clearly proved his guilt. On his request he was allowed an opportunity to look into the Hajira Book to prove his innocence, and a date was fixed on 30th January 1953 for the purpose. He, however, did not attend on that day, and the enquiry was concluded *ex parte*. He was found guilty, and was dismissed in accordance with the provisions of the Standing Orders on 31st January 1953. He preferred an appeal against that order to the Managing Agents which was heard by a partner on 25th February 1953. The appeal was dismissed. The Company contended that Shri Balaram Singh was dismissed on the charges established against him on evidence before the enquiry, and as such he was not entitled to reinstatement.

The only issue as per schedule to the order of reference is—

(1) Is Shri Balaram Singh entitled to reinstatement?

FINDINGS.

Shri Balaram Singh was a Time Keeper in the Shifter Section, Spinning Department, in Mill No. 1 of the Hukumchand Jute Mills. He entered service on the 1st July 1942. He was dismissed by an order of the General Manager, dated the 31st January 1953, with effect from 5th January 1953, the date of his suspension for misconduct under clauses 14(c)(i) and 14(c)(ii) of the Company's Standing Order (*vide* Ext. 10). Shri Balaram Singh was transferred to the Calendering Department by an order of the Manager, dated 29th November 1952 (Ext. 1). He was informed by a letter, dated 9th December 1952 of the General Manager while on leave, that investigations had brought to light a number of gross irregularities amounting to dishonesty in his work as the Time Keeper in the Spinning Department. He was warned that this might lead to his dismissal. On 3rd January 1953, he was sent a charge-sheet in continuation of the previous letter giving details of the charges Thereafter, it is alleged by the management that he submitted his explanation, and that an enquiry was held into the charges, of which he was found guilty. He was dismissed, as stated above, by an order, dated 31st January 1953. The Union, on behalf of Shri Singh, has impunged this order, mainly on the grounds of violation of the principle of natural justice, victimisation, unfair labour practice, basic error of facts and perverse findings. Both the parties adduced evidence in this case, oral and documentary. Shri Singh's evidence was adduced to establish that (1) he did no more than his duty which was purely clerical in nature, (2) he was on leave on some of the dates mentioned in the charges, and (3) that his alleged mistakes were *bona fide* ones

due to pressure of work. On the other hand, the Company's evidence, sought to establish that (1) Shri Singh deliberately disobeyed the orders of the management and (2) dishonestly committed irregularities in his work. It has been urged on behalf of the Union that the management did not proceed *bona fide* in the matter, but on the contrary they tried to crush Shri Singh, an important office bearer of the Union, for his Union activities, particularly, for having obtained the sum of Rs. 7,000 from Shri D. P. Goenka as compensation for loss of employment of his brother Satyanarain Singh, who was dismissed by the Company. In cases of this description, the requirement of *bona fides* is essential. It is, therefore, necessary that the question of *bona fides* should be carefully gone into in this matter. The leading case on this subject is that of Buckingham and Carnatic Co., Ltd. *versus* their workers, reported in 1952, Labour Appeal Cases at page 497. It has been held in that case by the Labour Appellate Tribunal that "It would thus be open to the Tribunal to examine the findings of the management on the charge of misconduct to assure itself that there is evidence to support the finding, and that the decision of the management is a possible view on the evidence before it. .....The result, therefore, is that the decision of the management in relation to the charges against the employee will not prevail, if—

(a) there is want of *bona fides*, or

(b) it is a case of victimisation or unfair labour practice or violation of the principles of natural justice, or

(c) there is a basic error of facts, or,

(d) there has been a perverse finding on the materials.

If after scrutiny on the aforesaid lines it is found by the Tribunal that it ought not to interfere with the findings of the Management that the charge has been proved, the Tribunal must next consider whether it should interefere with the punishment".

The Company's case, as has been put by Shri Ghosh, is that for some time the management was receiving complaints of irregularities and malpractices existing in the Time Keeping Section, and that the management appointed a special officer to enquire into them with a view to their removal. As a result of this enquiry, not only Shri Balaram Singh, but others also of the Time Keeping Section, and one of the Labour Office were found involved. Actions were taken against all of them, some tendered their resignation to avoid punishment while others were dismissed from service. One other was demoted, and in one case the increment of one clerk was stopped. Shri Ghosh accordingly contends that the move against Shri Singh was taken in usual course of business in connection with the check enquiry into the existence of irregularities and malpractices in the department. He said that the transfer was made only to facilitate the confidential enquiry so that the books and registers might not be tampered with or removed. The Company had no information of his Union activities, there being so many Unions in the Mill, and accordingly had no good reason to victimise him in any way. The alleged payment of Rs. 7,000 by way of compensation as unemployment relief to his brother Shri Satyanarain was absolutely untrue. The management examined Shri S. Mookerji, the Chief Accountant in the Head Office, Shri S. Ghosh, the Senior Labour Officer of the Mill, Shri N. R. Mupid, the Special Officer doing the check enquiry even now and Shri Mahiuddin, a mill hand. Shri Mookerji

said that in October 1952, they received reports that malpractices were going on in the Time Keeping Section of the Mill. He was asked to go to the Mill to hold a check enquiry. On the 25th November 1952, he went to the Mill for the purpose of checking wage payments, etc., in the Time Keeping Section. He had a talk with Shri Varma, the Time Keeper, when he told him that he would depute one officer on the 27th next. He sent Shri N. R. Mupid on the 27th to do the check enquiry. Shri Mupid was still carrying on that work. In his cross-examination, he said that he did not receive any written report regarding these malpractices. He introduced Shri Mupid to the Mill, but he had no direct knowledge of the nature of the checking work. Both Shri Mupid, and Shri Ghosh, the Senior Labour Officer, said that the checking enquiry proceeded from the 27th November 1953. It is in evidence of Shri Mupid that he found among others, the following irregularities and defects in course of his checking:—

(1) Excess sick leave payments.

(2) Excess earned leave payments.

(3) Most of the earned leaves given by the departments not reported to the Labour Office.

More or less almost all the departments were involved. He was still doing the work, and did not make any recommendation, except in the matter of sick leave payments. The Company relied on Ext. H to show that at or about that time seven other employees of the Mill were dealt with in connection with the alleged existence of malpractices in the Time Keeping Section. Shri D. R. Varma, the Head Time Keeper, Shri Noot Behari Ghosh, and Shri Dhanraj Betala resigned their respective appointments. The Head Time Keeper resigned on 5th December 1952. Ramdeo Pandey, Pannalal Gupta and Balaram Singh (in the instant case) were dismissed. Shri Gupteswar Prosad Verma was demoted. Shri Kshitish Chandra Ghosh was removed from the Labour Office on 1st December 1952, and his increment was stopped. Subsequently he resigned. Shri Ghosh accordingly contends that Shri Singh was not picked up for his alleged Union activities for victimisation in this case. He further contends with reference to Ext. 1, the order of the General Manager, dated 2nd November 1948, that Shri Satyanarain Singh, a brother of Balaram Singh, was retrenched along with eleven other clerks of the Rationing Department. This was done under the Jute Tribunal award when rations at concession rates were abolished. Ext. 1, further shows that Satyanarain Singh had not a clean record of service, and therefore was not assured of any re-employment in case of future vacancies. Shri Ghosh informed me that Shri D. P. Goenka, the Director of the Mill, who is alleged to have made the payment of Rs. 7,000 to Shri Singh for the loss of his brother's employment was away in America as an official of the I.J.M.A., and returned to Calcutta on the last day of the hearing of the argument of this case. He could not be examined as a witness, and there was no allegation against him in the written statement. On the side of the Union Shri Singh examined himself, and also examined Shri Kasi Singh, a Sirdar in the Mill, to show that both of them were now the Joint Secretaries of the Union, and that they were present in the residence of Shri D. P. Goenka, when Shri Goenka paid Rs. 7,000 to Shri Singh as stated above. It appears from their evidence that they went on deputation only in connection with the case of Satyanarain Singh who was promised re-employment, but was not given any. The allegations have been denied in the written statement of the Company.

There was nothing in the written statement to show or suggest that the payment of that amount was made by Shri D. P. Goenka himself, and that at his residence at Calcutta, and not by any other person in the Mill Office where the deputationists saw him. No other evidence is forthcoming to show that Shri Singh was an important official of the Union before his dismissal, or that he had ever taken any prominent part in Union activities, particularly, with the management. In the absence of this evidence, particularly, in view of the fact admitted by Shri Singh that absolute peace prevailed among the workers after the said payment, it was unthinkable that the management should take action against Shri Singh. If Shri Singh was really such an important Union official, and an agitator among the workers whom the management wanted to buy up to its side, the management would not have taken any steps at all against him far less steps to remove him from service. It appears from Ext. 1 that Shri Satyanarain Singh was retrenched in 1948, and according to Shri Balaram Singh, the payment of Rs. 7,000 was made in October 1951. The charges were drawn up in January 1953. Looking at these dates, one cannot reasonably say, that the action against Shri Singh was prompted by any motive to victimise him for having received the money over a year ago in connection with the retrenchment of his brother, three or four years even before that. The action appears to be remote to support any inference of victimisation for payment of this money. It is, therefore, difficult to believe that the management proceeded in this case with an ulterior motive against Shri Sing, or tried in any way to victimise him for his Union activities. On the contrary, it is reasonable to hold that the management proceeded in the matter in good faith.

The next question is whether Shri Sing was allowed sufficient opportunity to meet the charges brought against him, and whether there was any proper enquiry under the Standing Orders before Shri Sing was dismissed for misconduct. Shri Dutta Majumdar, the learned Counsel, on behalf of Shri Sing said that the management proceeded in total disregard of care and circumspection in this case, and concluded the farce of an enquiry in the absence of the employee concerned, and committed the fundamental errors of facts in not ascertaining whether the employee was on leave on the relevant dates mentioned in the charges. He placed emphasis on the point that the Manager who was solely responsible for carrying out the Standing Orders of the Company was nowhere seen in this case either in the framing of the charges or in holding the enquiry into them. It was his clear duty to be present in both, and not to relegate this important function to any other person. Further, some unknown gentleman or gentlemen signed on behalf of the Managing Agents of this Company, the written statement filed on behalf of the Mill in this case. He said that that was done in clear violation of the law and Standing Orders. Shri Ghosh in reply said that the Managing Agents under the Standing Orders have got specified duties to do. Under rule 15 of the Standing Orders, the Managing Agents shall be deemed to be employers within the meaning of the rules. The signing of the written statement by the Managing Agents is not, therefore, irregular, far less illegal. The Company by filing the written statement has taken the entire responsibility for it.

It has been admitted by Shri Balaram Sing in his written statement filed in this case that it was the Manager, who prepared the charge-sheet and held the enquiry. Not only that, it is further stated that the Manager heard the appeal, although Shri Sing gives a different version

on oath before this Tribunal. The charge-sheet and the order of dismissal are all signed by Mr. McWalter, the General Manager of the Company. Mr. McWalter is on home leave and is not in India. He could not be examined. But there is evidence of Shri Ghosh that the General Manager held the enquiry in this case in his presence, and Shri Sing was allowed time to submit his written explanation to the hearing of the charges before the Manager. It was only on charges, and further allowed extension from time to time during the last occasion on the last date, that the Manager refused any further adjournment, and proceeded *ex parte*. The proceedings of the enquiry or any minutes thereof, are not forthcoming in this case. It is also not clear whether any record of such proceedings was at all made by the General Manager. Now admittedly, Shri Sing had access to the records and registers of the Mill relevant to the charges against him, before his explanation was filed and enquiry was made. Even he was allowed sufficient time and opportunity to look into the Hazira Book, which he wanted. It is true that he was refused any further adjournment on the 30th January, the last date fixed for hearing. In that way the findings of the management against Shri Sing may be called *ex parte*. It does not appear *prima facie* on consideration of the materials before the Tribunal that there has been a violation of the principles of natural justice in the enquiry.

The next important question is, whether there is evidence before the Tribunal to support the finding of the management in dispute, and to say that the decision of the management is a possible view on the evidence before it. The management found the employee guilty of conduct and dismissed him from service. If this action is justified, the question of his reinstatement will not arise. Shri Dutta Majumdar has rightly complained that in the absence of any recorded evidence or materials placed before the enquiry—he said that there was absolutely no materials before the alleged enquiry—it is difficult to come to any conclusion that there was evidence to support their finding of guilty, or to say that the decision of the management was a possible view of it. This complaint does not appear to be wholly unwarranted on the facts and in the circumstances of this case. We will, however, have to consider independently the charges and their explanations, and the evidence that the management had adduced to support those charges.

The charges contained in the charge-sheet, dated 3rd January 1953, Annexure A to the Company's statement, is marked as Ext. J. They arise out of 10 cases, and are subdivided under two broad heads, viz., (1) deliberate disobedience to the instructions of the management. Under this comes cases Nos. 1, 4, 5 and 6. (2) Under this are mentioned cases of gross irregularities amounting to fraud and dishonesty. This refers to cases Nos. 2, 3, 7, 8, 9 and 10. The management found Shri Sing guilty of all these charges amounting to misconduct, punishable under clauses 14c(i) and 14c(ii) of the Standing Orders. In his deposition before this Tribunal, and in his explanation to the management in reply, Shri Sing pleaded "not guilty" to the charges. He denied all of them. It may be of interest to place below the relevant provisions of the Standing Orders. Rule 14 refers to disciplinary action for misconduct. Sub-rule (c) reads as follows:—"The following acts and omissions shall be treated as misconduct:

(i) Wilful insubordination or disobedience, whether alone or in combination with others, to any lawful or reasonable order of a superior;

(ii) theft, fraud, or dishonesty in connection with the employer's business or property."

Shri Sing was found on enquiry to be guilty of misconduct under these rules. It has been urged by Shri Dutta Majumder of the Union, advocating the cause of Shri Sing that the materials placed before the Tribunal do not support the finding of any misconduct, far less one punishable under rule 14c(i) and 14c(ii). The charge (i) is for deliverately disobeying the instruction of the management by making *badli* workers permanent inside the department without any information from the Labour Office (*vide* cases Nos. 4 and 6). The case No. 4 refers to the employment of one Nankoo. It is alleged in the charge-sheet that the Hazira report from the department, dated 5th July 1952, showed that one Nankoo, E.B. No. 105, had become permanent on token No. 726, belonging to Abdul Latif, a permanent worker of that token. Labour Office record shows that there has never been any man registered on E.B. No. 105 in the Shifters' Section of No. 1 Mill. This has been a case of unauthorised and illegal use of Labour Office number to make a casual worker permanent in the job. The charge was mainly based on the statements of Nankoo, and Kshitish Ghosh, a clerk in the Labour Office.

In his explanation, Shri Sing said that Nankoo was sent by the Labour Office on the authority of an employment pass duly signed by Mr. Ghosh under E.B. No. 105. Nankoo became permanent owing to the permanent hand having overstayed his leave and lost his job. The employment pass, dated 12th May 1952, would reveal a different story. The Hazira report is Ext. C8. It is signed by Shri Sing. Against Abdul Latif is recorded the name of Nankoo, E.B. No. 105. In this connection the requisition slip, Ext. G, signed by Shri Sing, shows that Nankoo was sent for two days. Ext. G1 shows that the requisition, not signed by Shri Sing, shows that Nankoo was sent for one day. The employment pass, Ext. G2, signed by Shri Mehta, shows that Nankoo was sent for one day. Then another requisition not signed by the Time Keeper, Ext. G3, shows that Nankoo was sent for two weeks. Another employment pass, Ext. G4, shows that Nankoo was sent for one week. Ext. G5, another requisition signed by Shri Sing, shows that Nankoo was sent for two weeks. Ext. G6 shows his appointment for one week. The charge is that Shri Sing made unauthorised and illegal use of Labour Office number to make a casual worker permanent. It appears during the argument that Nankoo was not a registered *badli*. He was a casual worker. But unfortunately the register of casual workers, or casual workmen's card, were not produced before this Tribunal. Shri Kshitish Ghosh was examined in this case as a witness on the side of the management. He simply proved his statement, Ext. G. This statement discloses a request from Balaram Babu to make a card for Nankoo which he refused to do. Nankoo's statement in the charge-sheet was not proved. Nankoo has not been examined. The employment pass, dated 12th May 1952, is not forthcoming. On these materials it is not possible to say that Shri Sing made a *badli* worker permanent against the instructions of the management. This related to a casual worker who was not made permanent at all. It is difficult to see how Shri Sing disobeyed any instructions of the management in this case. The Labour Officer candidly said that there is no written instruction in the office to that effect. But the charge discloses that a *badli* worker was made permanent *without any information from the Labour Office*. So, whatever action was taken in this case was done without instruction

from any superior and therefore there could not be any misconduct as is contemplated under rule 14c(i) of the Standing Orders.

Regarding case No. 6, the irregularities are that, (i) no intimation was given to the Labour Office about Baijnath overstaying his leave and losing his employment. This should have been done in the usual course according to the *established practice*; (ii) that no report was sent to the Labour Office about the transfer of Budhan from token No. 663 to token No. 530. This was done in contravention of the *then existing practice*.

In his explanation, Shri Sing denied the charge and pleaded his absence from the place of work during the period to which the irregularities related. Now, the question is, whether Shri Sing was on leave at the relevant time. It appears from Ext. C6, the weekly *Hazira* report, that Shri Sing signed it on 5th April 1952, and the requisition which he sent, was dated 10th November 1951. In this case Budhan was sent on that requisition, dated 10th November 1951. It is, therefore, necessary to see when Shri Sing was absent on leave. The leave account of Shri Sing shows that he was on leave after 10th November 1951, the requisition was signed by him on 10th November 1951. He was not on leave on that day. He was also on leave between 1st to 3rd January 1952, 24th January to 29th February 1952, 1st March to 18th March 1952, half day on the 3rd June 1952, one day on 4th August 1952, and between the 6th December and the 31st December 1952. This has not been contradicted by Shri Sing. Ext. B, the Leave Book, shows that Baijnath went on leave for one week on 19th November 1951. Budhan was sent in place of Samsuddin, who went on leave for 4 weeks. The attendance report shows that Budhan was substituted against Baijnath and he was made permanent in Ext. C6, signed by Shri Sing. Admittedly, in this case the employment pass issued by the Labour Office is missing. Curiously enough, the charge says a *badli* worker was made permanent without information from the Labour Office. So, there could not possibly be any employment pass at all issued in this case. Be that as it may, the employment pass is not forthcoming. The Labour Officer, Shri Ghosh, deposed in this case. He admitted that permanent appointments are made only on the instructions of the Labour Office, and inside disposition of employees within the department is the responsibility of the Overseer and the Sirdar. Shri Ghosh, as I have stated above, said that he had no written instruction of the management. But the existing practice is that no one could be made permanent without information from the Labour Office. He himself speaks to this effect and Shri Sing denies. Shri Kshitish Ghosh, a clerk in the Labour Office, said in his cross-examination that it is the Labour Office, who makes permanent appointments. In this connection Shri Dutta Majumdar, on behalf of Shri Sing, submitted that making of a report of a permanent appointment does not amount to making any employee permanent. Reporting of a fact about a permanent appointment is the responsibility of the Time Keeper. But the permanent appointment rests entirely with the Labour Office, and it is their special responsibility. Therefore, on these materials it is not possible to say that the management was right in arriving at the conclusion that Shri Sing was guilty of misconduct for deliberate disobedience of superior's orders under rule 14c(i) of the Standing Orders.

The two other cases, *i.e.*, case No. 1 and case No. 5, relate to charge (ii) of the charge-sheet. The case No. 1 relates to one Bideshi. A requisition for a permanent post in place of Surajmani came to the Labour

Office, and Bideshi was deputed against that vacancy to work temporarily for 8 weeks only. After 8 weeks, he should have been laid off, but instead, he was reported to have become permanent on the date of retirement of Surajmani. The instruction of the employment pass was completely disregarded. Shri Sing's explanation is that Bideshi was sent on a permanent basis, and the employment pass which authorised such employment was tempered with. In this connection, a reference was made to Ext. C, the requisition signed by Shri Sing in which a permanent vacancy was reported. The requisition in column 4 appears to have been scored out in three places, and against the permanent vacancy is entered Bideshi as temporarily for 8 weeks only. The employment pass, Ext. C2, signed by Shri Mehta, not examined in this case, shows that Bideshi was sent temporarily for 8 weeks. The weekly *Hazira* report, Ext. C1, initiated by Shri Sing, reported Bideshi becoming permanent on 16th June 1952. These materials do not establish the charge sought to be made against Shri Sing that he showed a temporary worker permanent against the instructions of the Labour Office. It was necessary, in view of the allegation made by Shri Sing in his explanation, to examine Mr. Mehta, who signed the employment pass, Ext. C2, to prove that Ext. C2 was the pass that was issued in this case, and that no other employment pass was issued. In the circumstances a doubt arises as to the issue of proper pass in this case, the benefit of which should go in favour of the employee concerned. Admittedly, the employee had put in 10 (ten) years of clean service in the Company. He was not reported against or warned previously. It has been conceded by Shri Ghosh, the senior Labour Officer, that mistakes, *bona fide* mistakes, do occur, particularly, in the heavy season when many employees go on "home leave". In the absence of any motive assigned for any such disobedience, it cannot be presumed that the employee acted dishonestly in showing a temporary workman permanent as against a permanent vancancy. After all, the making of permanent appointments is the business of the Labour Office and the Time Keeper's reporting one way or other could not alter the arrangement. Therefore, on a consideration of the facts and circumstances of the case, I am inclined to find that the materials are not sufficient to justify the finding made by the management in this case.

As to case No. 5, the irregularities in the charge-sheet are, (i) removal of Kailash, E.B. No. 101, a registetred *badli*, from token No. 727, where he started his *badly* work for 8 weeks; (ii) removal of Md. Sattar from token No. 779, where he worked since the very beginning of Kanai's leave starting on 23rd August 1951; (iii) bringing in one Dwaraka on token No. 779 and his removal from there within a week; (iv) not sending a requisition to the Labour Office for the permanent post which fell vacant as a result of Kanai's overstay; and (v) no report of transfer of Kailash, E.B. No. 101, was even sent to the Labour Office which in consequence was kept in dark about it. The *Hazira* report shows that Kailash was made permanent against Kanai. This is initialed by Shri Sing, Ext. G8. The Labour requisition, Ext. C5, does not appear to be initialed by Shri Sing. Ext. G7, the employment pass, shows that Kailash was sent for 8 weeks. In this case the statement of Shri Sing has got to be read along with the statement of Shri Ghosh, the senior Labour Officer. The disposition of the employees is primarily the duty of the Overseer of the department. He is assisted in the work by the Sirdars. He acts according to the instructions of the Labour Office. Regarding internal arrangements the Time Keeper has very little to do.

Regarding the allegation of not making report and requisition when a permanent post fell vacant, that hardly comes under the charge of disregard to the instructions of the Labour Office. On a consideration of the evidence, keeping in view, the respective duties of the Time Keeper and the Overseer *vis-a-vis* the Labour Office, in the matter of making appointments, I am inclined to find that the charge of disregarding the instructions of the Labour Office in this case also is open to reasonable doubt, the benefit of which should go to the employee concerned. The findings of the management on the charge No. 1 do not appear to be the possible view on the evidence placed before this Tribunal.

Then turning to the charge No. (2) in which Shri Balaram Sing has been accused of gross irregularities, the first case that comes under consideration is No. 2. This refers to the employment of Bhola. It is alleged that Shri Sing recommended his employment to the Labour Office and the Labour Office accepted that recommendation and employed Bhola. It is said that "this is a clear case of an alliance between Kshitish Ghosh of the Labour Office, and Balaram Sing for indulging malpractices in recruitment which have come to light of late". Shri Sing denied the charge in his deposition before this Tribunal, and in his explanation said that a requisition was sent for a certain vacancy. The bearer returned with the oral instruction of the Labour Office to name some old efficient hands, as casual workers sent by Labour Office often rejected and returned by Sirdars on grounds of inefficiency or lack of knowledge of the job. Shri Sing says that he wrote the name of a known and tried worker. Shri Kshitish Ghosh has been examined as a witness, but not a word has been asked regarding this matter in his examination-in-chief. He is a nephew, of Shri Jatin Dutta, the Overseer of the Mill. He came with his maternal uncle. He was transferred from the Labour Office and his increment was stopped presumably on suspicion. Later on he resigned. He is not even now out of influence of the management of the Mill, for his maternal uncle continues in the service of the Mill. It was the clear duty of the management to categorically put to Kshitish Ghosh, the charge made against Shri Balaram Sing in this case. Admittedly, Shri Balaram Sing wrote the name of Bhola at the back of the requisition, Ext. C3 and Bhola was sent with the employment pass. The evidence, judged in the light of probabilities and in the context of what Shri Sing has said, does not prove the charge that the name of Bhola was sent for any purpose other than what has been alleged by Shri Balaram Sing in his explanation. If he simply complied with the request of the Labour Office, he did nothing wrong. Shri Ghosh, the senior Labour Officer, said that the management did not like that the Sirdars should exercise any undue influence in the matter of appointments. That may be quite correct. But in this particular case the state of things does not support the finding that Shri Sing tried to influence unduly the Labour Office clerk, Shri Kshitish Ghosh, in the matter of securing employment for Bhola. It has not been also shown that Bhola was not entitled to get the employment, he got in this case.

Coming to the case No. 3, the charge is that Shri Sing helped workers to falsely impersonate others to secure permanent jobs. Mahiuddin was a registered *badli* under E.B. No. 31. He became permanent in place of Raghubir. It was lately found that Mahiuddin, son of Jumrati Mean, E.B. No. 31, was not working in his place. Another Mahiuddin, son of Rajballi Mean, who was never known to the Labour Office was working in that place. The charge is that this was a

case of false personification which could not have happened without "your connivance". The management examined Mahiuddin as a witness on its side to prove this charge against Shri Balaram Sing. He is O.P.W. 5. He said that he was son of Rajballi Mean of Matihari district. He had been working in the Mill for the last 8 or 9 years. He received permanent appointment in 1952. Before that he was a *badli* worker. He denied his statement, said to have been recorded by a clerk of the Labour Office. The statement is in Hindi, Ext. O. He denied the statement. He said that the statement was never made by him. The Labour requisition and the employment pass are Exts. C9 and G10. Ext. G12 shows that Mahiuddin, son of Jumrati Mean, was a registered *badli*. There is no other evidence forthcoming in this case to show the act of connivance done by Shri Sing in the matter of securing appointment for Mahiuddin. Curiously enough, the *badli* Mahiuddin, the genuine person, is not forthcoming all these years to make any complaint against the imposter. It is, therefore, idle to contend on the materials placed before this Tribunal that the O.P.W. Mahiuddin is other than the *badli* Mahiuddin, who was made permanent in due course by the Labour Office. The charge of helping the workers in impersonating others in case No. 3 fails.

The cases Nos. 7 and 8 come under two heads of charges in the charge No. 2, viz., (i) misrepresenting facts and (ii) earned leave paid in excess. The case No. 7 relates to one Sukul, token No. 785, who was allowed earned leave for 14 days in place of 11 days. Three days' earned leave was given in excess. The case No. 8 relates to one Jamdhari Sing, token No. 748. He was allowed 20 days' earned leave in place of 17½ days to which he was entitled. In his explanation, he said that the general practice in the Mill was to overlook all such cases of short or excess payments of earned leave and it was never construed as misrepresentation of facts. Excess payments are realised from the Time Keeper concerned, and short payments are added to the back wages of workers. Shri Ghosh, appearing on behalf of the Company, did not adduce any evidence to prove these cases. He said that the explanation was a clear admission of guilt, and no further evidence was necessary. The explanation as I read it, is not an unequivocal admission of guilt in the case. First of all Shri Sing started saying that he could not give details due to non-availability of documents. Then he pleaded the practice prevailing in the Mill to overlook any such payments. He did not make any confession that he did make excess payments knowing them to be so. It might be a case of *bona fide* mistake in the matter of calculation which could have been corrected in the Labour Office as also in the Pay Sheet Section. Further, such excess payments could have been realised from Shri Balaram Sing. In the absence of any further materials, the charge and the explanation in these two cases do not establish a case of misconduct amounting to dihonesty punishable under rule 14c(ii) of the Standing Orders.

The cases Nos. 9 and 10 refer to five workers who were granted earned leave without there being any report to the Labour Office, and also refer to five other workers in whose cases leave was reported, but not the nature of leave. In his explanation dealing with the case No. 10, he pleaded his absence from the place of work on leave. He said in connection with the case No. 9 that he reported the fact of rejoining after leave which virtually was the same thing as reporting leave to the Labour Office. In his deposition Shri Sing denied this charge. The question is, assuming that such cases have taken place, whether these

amount to irregularities amounting to fraud and dishonesty punishable under rule 14c(ii) of the Standing Orders. During the argument Shri Ghosh, representing the Company, frankly said that in some cases Shri Sing was absent on leave. The non-reporting of earned leave is a serious matter, for it leads to granting leave where leave is not due. Now, this has to be considered on the background of evidence regarding the duties of the Time Keeper and that of the Labour Office. Further, whether the irregularities mentioned in the charge-sheet amount to fraud and dishonesty in connection with the employer's property or business, as mentioned in rule 14c(ii) of the Standing Orders. We have an idea of what dishonesty and fraud mean from the definition given in sections 24 and 25 of the Indian Penal Code. Section 24 runs as follows:—

> "Whoever does anything with the intention of causing wrongful gain to one person or wrongful loss to another person, is said to do that thing 'dishonesty'."

Section 25 is:

> "A person is said to do a thing fraudulently if he does that thing with intent to defraud but not otherwise. Where there is an intention to deceive and by means of the deceit to obtain an advantage there is fraud'."

The charges in the instant case do not disclose the fact that Shri Balaram Sing committed these irregularities for the purpose of making personal gain or deriving any personal advantage out of them. There is no evidence adduced in this case on the side of the management to show what were the malpractices regarding wage payments in the Time Keeping Section. There is no evidence, again to show or suggest that Shri Sing committed these irregularities and errors being bribed by the workmen concerned. Apart from a vague suggestion during the argument, Shri Ghosh did not lead any evidence to show that Balaram Sing was out for an advantage to himself or for a personal gain out of these irregularities. Further, I fail to see how these irregularities in the matter of not reporting earned leave, etc., can amount to dishonesty and fraud in connnction with the employer's business or property. It may be that the granting of earned leave unreported to the Labour Office may mislead the Labour Office to give it twice to the employees at the cost of the employer. In that way it has remote connection with the employer's business or property. But then, one cannot, on proof of these irregularities alone, say that the employee guilty of committing them did so dishonestly and fraudulently. An employee is to be presumed innocent till his guilt is established beyond reasonable doubt. At least that seems to be the right spirit of the Standing Orders embodied in the rule 14. The management committed one fundamental error in finding Shri Sing guilty of misconduct under rule 14c(ii) without any evidence to show any act of deceit on his part in this case. No such inference can be drawn from the materials that have been placed before the Tribunal. As I have already stated above, both Shri Sing and Shri Ghosh, the senior Labour Officer, have said regarding the duties of the Time Keeper *vis-a-vis* the Labour Office in making employments in the Mill. Shri Balaram Sing says that his work was clerical, noting attendance, sending requisitions for absent labour, complying with the instructions given in the employment pass, making calculations of wages and preparing earned leave accounts. The Labour Office now deals with the appointment and leave of the labour employed in the

Mill. The Labour Officer acts on the delegated authority of the Manager. The Labour Office issues employment pass on requisition slips obtained from the Time Keeper through the Overseer of the department. The Overseer has an important part to play in all these affairs. He is after all the officer-in-charge of the department, and the Time Keeper is his subordinate. The duty of sending employees to different posts within the department rests with the Overseer. The Sirdars assist him in this work. The Time Keeper is not directly responsible for transfer within the department. The earned leave is granted by the Labour Office. The Time Keeper is not given any duty card. In fact, no clerk is given any such card in the Mill. The Manager, who is responsible for running of the Mill, issues verbal instructions to his subordinates. These instructions, Shri Ghosh says, are passed to the Overseer and the Time Keeper in due course. It is said that malpractice existed in the Time Keeping Section regarding wage payments, and an officer, Shri Mupid, is now doing the check enquiry on the spot, with a view to remove them. Shri Mupid's reports regarding the defects in the department noticed by him during the check enquiry are not available. Apart from making a consolidated report with one or two suggestions, he did not make any recommendations to the management. Unfortunately, the Manager is not available. He is on "home leave". The Overseer, who is the most important link between Labour Office and the Time Keeper, is not forthcoming as a witness in this case to say what his duties are in connection with the Time Keeper's office. The Head Time Keeper has resigned. So have many others. It is, therefore, not improper for the management to entertain strong suspicion regarding the working of the Time Keeping Section in view of what happened there in 1952. It is also not improper to remove Shri Sing from the Shifter Section to another place on suspicion. But what is fundamentally wrong in this case appears to me to be this, that the management has acted on mere suspicion in dismissing Shri Balaram Sing on a charge of misconduct, when materials reveal only at the most that some irregularities had occurred in his work. I am afraid, I am unable to accept the view point pressed so ably and emphatically by Shri Ghosh on behalf of the Company in this case. To my mind, the evidence placed before this Tribunal—it does not appear what evidence, if any, was placed before the Manager during the enquiry—does not support the finding made by the Manager in the enquiry into the charges against Shri Balaram Sing in this case, nor can I say that the finding in dispute is the possible view of this evidence. Accordingly, the inescapable conclusion is that Shri Balaram Sing is not guilty of misconduct under rule 14c(ii) of the Standing Orders. He has committed some very serious irregularities in his work. This may amount to neglect of duty, a misconduct under the Standing Orders.

To sum up the charges relating to cases Nos. 1 to 8 mentioned in the charge-sheet have not been established, but those relating to Nos. 9 and 10 have been established. That being so, the action taken by the management in dismissing the employee is not fully justified. This takes us to the question of punishment. Is the punishment unduly severe and arbitrarily harsh?

The employee had a clean record of service. His conduct as found in this case does not appear to be *prima facie* offensive. He has committed some errors of omission and commission, *i.e.*, some irregularities only in his work. This might have been due to pressure of work. It is only in the background of the supposed existence of malpractices

in the department, that it comes within the mischief of misconduct, punishable under the Standing Orders. In this context, the punishment of dismissal from service, with consequent loss of all the benefits to which he was otherwise entitled, appears to be unduly harsh. The punishment of discharge will, in the circumstances, be adequate. Further even if the action of the management in dismissing him from service on proof of some of the charges be found totally justified, which it is not, the question of his reinstatement, which no doubt is the normal relief in such circumstances, has got to be examined with due care, and that both subjectively and objectively, both from the point of view of the employer and the employee. The parties have admittedly lost confidence in each other. Shri Balaram Sing who said that he had direct approach to Shri Goenka, the all in all of the Mill, suspected his motives in dismissing him from service. He thought he was victimised for his Union activities. He is no more a *persona grata* with him. He was not an ordinary employee but a Time Keeper, who has some very important duties to do in connection with the work of the labour force, employed in the Mill. The management entertained and even now entertains strong suspicion for his complicity in the malpractices said to be rampant in his department. His reinstatement would mean sending him back to his old post with all the benefits and privileges attached to it. The proper work in that post would depend to a large extent on what co-operation he gets from and renders to the management, and on the mutual trust and confidence. Both he and the management will find it difficult to carry on in the present atmosphere of distrust and suspicion. The justice of the case requires the immediate creation of a harmonious relationship between the two. His reinstatement in any view of the matter will have the opposite effect. The question of reinstatement in the circumstances like this was examined by their lordships of the Hon'ble Labour Appellate Tribunal in Banaras Light and Power Co., Ltd., *vs.* Brizlidhar (1952, L.A.C., page 243), after their decision in the Buckingham and Carnatic Co., Ltd. *vs.* Workers of that Company reported in 1952, L.A.C., page 492. It has been held by their lordships in that case that, "although, in case of wrongful dismissal, the normal rule is reinstatement, other things are to be considered before making an order for reinstatement. Where it is clear, as in the instant case, that reinstatement would not tend to promote harmonious relations between the parties but would have an opposite effect, the parties having lost confidence in each other, the order is not reinstatement but adequate compensation". In any view of this case, this Tribunal, on a consideration of the evidence and review of the whole position, comes to the conclusion that Shri Balaram Sing is not entitled to reinstatement. This finding however does not fully dispose of the issue. It now remains to be seen, what other relief, if any, the employee is entitled to. Shri Ghosh on behalf of the Company, raised a short point here. He said that the issue of reinstatement, having been decided by this Tribunal, it is no more competent to adjudicate upon other matters connected therewith, having regard to the limited nature of the issue framed. This contention overlooks the provisions of section 10(4) of the Industrial Disputes Act, which says that the Tribunal shall confine its adjudication to the points referred to it and *matters incidental thereto.*

It is an established principle of law that where a Court or Tribunal is called upon to decide a matter, it must decide the matter *in a complete way*, in order that the rights of the parties may be settled. The Court or Tribunal, therefore, should give appropriate reliefs which would

flow from its findings (1954, L.A.C., page 5). This contention therefore fails. Shri Balaram Sing, however, is entitled to adequate compensation for loss of employment as envisaged in the aforesaid case. He has put in a little over 10 years of service. He is allowed to get (i) one month's total emoluments, at the rate last drawn, for each completed year of service; (ii) Provident Fund dues including the Company's contribution due to him; and (iii) any earned leave due.

The management should make these payments, less any amount already paid on this account within one month from the date of the publication of this award.

National Tobacco Co. of India, Ltd., Managing Agents, Messrs. B. N. Elias & Co. Ltd., Agarpara, 24-Parganas, and their workmen represented by National Tobacco Company Employees' Union, Nilgunj Road, post office Kamarhatty, 24-Parganas, regarding the matters specified in the schedule to the said order, dated the 27th May 1954, read with the said Corrigenda, dated the 7th August 1954, was referred for adjudication to the Second Industrial Tribunal;

And whereas during the pendency of proceedings before the said Tribunal, a complaint was filed before it against the said Messrs. National Tobacco Co. of India, Ltd., by Ekadashi and 68 other employees of the said company alleging that the said company had altered, to the prejudice of the said 69 workmen, the conditions of service applicable to them immediately before the commencement of the said proceedings;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Tribunal has adjudicated upon the said complaint and submitted its award to the State Government.

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

In the matter of an application under section 33A of the Industrial Disputes Act, filed by Ekadashi and 68 others against their employers Messrs. National Tobacco Company of India, Ltd., Agarpara, 24-Parganas, in connection with a dispute referred to by the Government of West Bengal, Labour Department, by its order No. 2755, Dis./D/11L-11/54, dated 27th May 1954. (Case No. 138 of 1954.)

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI M. N. GAN, *Judge, Second Industrial Tribunal.*

AWARD.

The petitioners are workmen concerned in the dispute pending before this Tribunal since its reference under Government of West Bengal, Labour Department's order No. 2755Dis./D/11L-11/54, dated 27th May 1954. The employer Messrs. National Tobacco Company of India, Ltd. has contravened the provision of section 33 of the Industrial Disputes Act, during the pendency of the said dispute, by altering the condition of service of the petitioners without permission from the Tribunal, by transferring "Lifting" job of Ekadashi and 5 others of the Packing Department to other kinds of jobs where there is no production bonus, and consequently lesser earnings than usual by about Rs. 13 each per month, and also by altering the laying out of the machines and the system of production in the case of Fateh Mahammad and several others named in the petition, all of the Packing Department, where in consequence the production has fallen resulting in loss of earning by Rs. 30 each per month. The petitioners pray for several reliefs, namely, their re-transfer to their original work, and for direction on the opposite party not to lay out the machines in manners prejudicial to their interest, etc. This application was filed in this Tribunal on 29th July 1954, the notice of which was sent to the opposite party, Messrs. National Tobacco Company of India, Ltd. On 24th August 1954 the Company filed a petition of compromise in the case, and prayed for its disposal in terms thereof.

It appears from the petition of compromise that the agreement regarding the matter in dispute was arrived at between the parties on the intervention of Shri D. Chatterjee, Deputy Labour Commissioner, West Bengal, on 4th August 1954. The parties agreed to produce a copy of the said agreement before this Tribunal, and the Union agreed to withdraw their application filed under section 33A of the Industrial Disputes Act.

Perused the petition, the agreement, and the connected papers. I am satisfied that there is no outstanding dispute between the parties regarding matters mentioned in the petitioners' application under section 33A of the Industrial Disputes Act. The said application is, therefore, permitted to be withdrawn, and a "no dispute" award is passed in this case. The agreement will form part in this award.

ANNEXURE.

Terms of agreement between Messrs. National Tobacco Company and their workmen represented by National Tobacco Employees' Union in respect of the new system of working order in the Packing & Wrapping Departments:—

(1) The Union agrees to work according to the new system introduced by the Company from 12th July 1954 which entailed changing the machine lay out of the Packing and Wrapping Department.

(2) The Management agree that at the present moment they will work not more than two machines on the new system to enable the bundlers to get accustomed to the changed system of work and to give them time to attain efficiency to cope with the present output of the wrapping machines.

(3) Their production in any case should not be below one hundred wrapped packets per man per minute. To get accustomed to the new system of work the bundlers will be given six weeks' time with effect from 5th August 1954 and during this period if the production is slightly less than the scheduled 100 wrapped packets each per man per minute (i.e. not below 95 packets) the Company would issue no warning to or otherwise punish these bundlers. During the interim period, since bundling production of the new system will not immediately cope with the entire output of the Wrapping machine, the Company agree that surplus packets, which at the beginning cannot be bundled by the bundlers will be removed by the Company who will send the extra packets to be bundled on the general bundling tables. The number of bundlers on the general tables will depend on daily production and stocks and will be reviewed by the Management. The bundlers working on the machines as per the new system will be entitled to incentive bonus at the existing rates. Any surplus bundles will be given alternative employment at time rate as is the practice at present.

(4) The Company reserve the right to change over the system of bundling to the new system as under conditions above the change over to be made gradually so as to give bundlers time to attain efficiency and cope with the output of the machine.

(5) It is agreed that the total machine production per day will reach normal, i.e., at least 7 million per day which was usual in the past.

(6) It is also agreed that the whole position will be reviewed, if necessary, by the undersigned jointly after six weeks from the date of this agreement.

(7) It is agreed that due to the introduction of the new system of machine lay out surplus workmen, if any, will not be retrenched, they will be given alternative jobs elsewhere in the factory according to the ability and competence of the workers. The Company undertakes that there will be no reduction of their average earnings when alternative jobs will be offered to them.

(8) As regards the incentive bonus which such permanent surplus machine crews normally earn, the Company agrees that during periods when the Company cannot offer such permanent machine

crews employment as machine crews they will be given alternative jobs in different departments and will be given the opportunity of working in weekly rotations on the machine as machine crews so as to allow them to earn a share of the incentive bonus; weekly rotation will be arranged in such a way that none will have to work more than a week on non-production section.

(9) In case of any vacancy on the Packing and Wrapping Machine surplus machine crews will be given priority of placement instead of new or temporary hands being employed.

(10) Lebellers working on the new system will be entitled to incentive bonus as in force at present.

(11) The Union hereby agrees to withdraw their case in connection with the above matter under Section 33A from the Tribunal set up under Government Order No. 2755Dis./D/11L-11/54, dated 27th April 1954. Parties have jointly further agreed to produce a copy of this agreement before the Judge of the said Industrial Tribunal.

ORDER.

No. 4367Dis./D/11L-337/54.—15th September 1954.—Whereas under the Government of West Bengal, Labour Department, order No. 3872Dis./D/ 11L-270/53, dated the 31st October 1953, the industrial dispute between Shri Mohim Chandra De, Contractor, Shalimar Coal Depot, 15, Monsatolla Lane, Kidderpore, Calcutta, and the workers numbering about two hundred represented by the Calcutta Port Mazdoor Panchayet, 40-1, Watgange Street, Calcutta, regarding the matters specified in the schedule thereto was referred for adjudication to the Third Industrial Tribunal;

And whereas the said Third Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

In the matter of an industrial dispute between Shri Mohim Chandra De, Contractor, Shalimar Coal Depot, 15, Monsatolla Lane, Kidderpore, Calcutta, and the workers numbering about two hundred represented by the Calcutta Port Mazdoor Panchayet, 40-1, Watgange Street, Calcutta.

BEFORE THE THIRD INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

Shri J. N. MAITRA, *Judge, Third Industrial Tribunal.*

For Mazdoor Panchayet: Shri Manoranjan Basu, Pleader.

For Mazdoor Congress: Shri S. Singh, General Secretary.

For Shri Mohim Chandra De: Shri P. K. Sanyal, Advocate.

AWARD.

1. By order No. 3872Dis./D/11L-270/53, dated the 31st October 1953, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Shri Mohim Chandra De, Contractor, Shalimar Coal Depot, 15, Monsatolla Lane, Kidderpore, Calcutta, and the workers numbering about two hundred represented by the Calcutta Port Mazdoor Panchayet, 40-1, Watgange Street, Calcutta, regarding the matters specified in the schedule, to the Third Industrial Tribunal constituted under section 7 of the Industrial Disputes Act 1947 by notification No. 592Dis./D/12L-5/52, dated the 23rd February 1953, for adjudication.

2. After usual notices the parties to the reference entered appearance and filed their written statements—the Calcutta Port Mazdoor Panchayet on 4th December 1953 and the Contractor Shri Mohim Chandra De on 21st December 1953. Thereafter on application West Bengal Mazdoor Congress was added as a party and it filed its written statement on 15th April 1954 supporting the case of the Contractor. Then Contractor, Shri Mohim Chandra De and the Calcutta Port Mazdoor Panchayet filed additional written statements on 4th May 1954. The parties were thereafter asked to

file lists of documents. The hearing was then concluded on 29th July 1954 and award was reserved.

3. The matter of dispute as stated in the schedule to the order of reference is as follows:—

(1) What should be the system of payment to the workers whether it should be direct payment or payment by the Sirdars?

4. There was an agreement on 8th May 1952 between the parties in course of conciliation proceedings whereunder the Contractor, Shri Mohim Chandra De agreed to pay wages directly to the porters and not through the Sirdars as was the practice hitherto before. Then after one year, Shri Mohim Chandra De stopped direct payment and restored the old system of payment of wages through the Sirdars from 25th May 1953. Hence the dispute.

The porters represented by the Calcutta Port Mazdoor Panchayet alleged among others that the Contractor Shri Mohim Chandra De should directly pay their wages and not through the Sirdars who made and were making illegal exactions besides realising "Bhaga" without doing any work or without supervising their work or without even remaining present at the site. It was said that the Sirdars were sometimes employed by Shri Mohim Chandra De in his other works for which these porters were made to pay in the shape of "Bhaga" and other illegal exactions from their earnings.

The West Bengal Mazdoor Congress on the other hand alleged that the Contractor, Shri Mohim Chandra De had engaged Sirdars through whom the porters were employed. It were the Sirdars who were to recruit, employ the porters and maintain their rolls. The Sirdars used to pay railway fares of the porters to and from their native places and they had to maintain the porters when they had no work and also to provide other amenities to the porters. The contractor Shri Mahim Chandra Dey in his turn used to pay to the Sirdars the weekly bills of the porters on the basis of the output of work and the Sirdar's in turn used to distribute the money among the porters after deducting their Dasturi, commission and "Bhaga". These were charged by the Sirdars in consideration of the amenities they provided to the porters. If the system of direct payment be enforced, the responsibility of recruitment, employment, maintenance, etc., should also pass on to the Contractor.

The Contractor Shri Mohim Chandra De denied the relationship of employer and employees between himself on one hand and the porters on the other and pleaded that the porters were the employees of the Sirdars. It was said that the Sirdars were the sub-contractors and that Shri Mohim Chandra De had thus nothing to do with the porters. As, however, dispute arose between the porters and the sub-contractors known as Sirdars, Shri Mohim Chandra De had to intervene in the matter and came to an agreement as referred to. The agreement did not, however, work well. As a matter of fact, it operated to the detriment of smooth work, the Sirdars having been neglected and their status as employers having been in practice ignored and defied. The Sirdars legitimately and rightfully threatened Shri Mohim Chandra De with legal action for encroaching upon their rights and hence the latter (Shri Mohim Chandra De) had to step aside in time. The Sirdari system has been in vogue for long past in view of the requirements of the trade, the casual nature of job, uncertainty about quantum of work and the floating nature of workmen. In the circumstances it was submitted that no obligation should be imposed upon Shri Mohim Chandra De to make direct payment to the porters.

DECISION.

The porters represented by the Calcutta Port Mazdoor Panchayet examined the General Secretary of Calcutta Port Mazdoor Panchayet, P.W. 1, Shri Ahmedulla and the porters, P.W. 2, Shri Buddhan Paswan, P.W. 3, Shri Sumangal Tanti and a newly appointed Sirdar, P.W. 4, Shri Chhoto Sirdar besides providing documents Exts. 1 to 9(b); while the West Bengal Mazdoor Congress examined Sirdars, P. W. 5, Shri Sadagar Sirdar and P.W. 6, Shri Mahabir Sirdar besides proving wages book—Ext. 10. The Contractor Shri Mohim Chandra De, on the contrary, has examined himself (D.W. 1) besides proving documents Exts. A to E.

Before entering into the controversies it is better to state certain facts leading to the dispute as are either admitted for established in evidence as these will be of help to appreciate the evidence.

Shri Mohim Chandra De is a contractor of Messrs. I. G. N. & R. Co., Ltd., for loading and unloading of coal at Shalimar Coal Depot. Under the said contractor (Shri Mohim Chandra De) there were 10 Sirdars in whose names 10 gangs are borne. Each such gang comprises 30 to 35 porters. Thus 300 to 350 porters are employed in the work of loading and unloading according to necessity of work.

Shri Mohim Chandra De has been supplying rations at concession rates to the porters from some time past. He has also engaged a medical officer recently and pays him for attending the porters. The porters have been given free quarters near the site of the Shalimar Coal Depot as also free supply of filtered water there. It appears that they have been so provided by the Company from sometime in 1952. The land on which the quarters have been erected belongs to the Port Commissioner from which the Company I.G.N. & R. Co., Ltd., obtained lease and erected the quarters.

The 10 Sirdars in whose names 10 different gangs are maintained were (1) Sadagar Sirdar (P.W. 5), (2) Rajmoni Sirdar, (3) Ratan Sirdar, (4) Baiju Sirdar, (5) Mahabir Sirdar (P.W. 6), (6) Etwari Sirdar, (7) Ganga Sirdar, (8) Sailen Sirdar, (9) Chhoto Sirdar (P.W. 4), and (10) Sebak Sirdar. Of these Sirdars, Sebak Sirdar is dead; Baiju Sirdar is old and lives away at his native place; Mahabir Sirdar is his (Baiju's) son who has a gang of his own; Rajmoni Sirdar resides at Sibpore, away from the site of the work; Ratan Sirdar also lives away at his native place. Then none except 2 to 3 Sirdars attends site of the work and none works along with the porters of their respective gangs except P.W. 4, Chhoto Sirdar, who was a porter until recently. Shri Mahabir Sirdar works as Munshi in No. 10; Sadagar Sirdar works in Steamer Ghat (*vide* P.W. 4).

The work done by the porters under different gangs used to be billed weekly and the wages so billed used to be paid by the Contractor, Shri Mohim Chandra De to the respective Sirdars in whose names the gangs are maintained or to their representatives. These men in turn used to make payment to the porters of their gangs after deducting 'Bhaga', 'Dasturi' and commission. If 35 porters of a gang work in a particular week, the total earnings due to them are divided into 36 equal shares of which one share goes to the Sirdar which is called 'Bhaga' and remaining shares are for the porters. Besides such 'Bhaga', one pice in the rupee as 'Dasturi' and one anna per rupee as commission are deducted by the Sirdars out of the earnings of the porters of their respective gangs. Such system of payment of wages by the Sirdars to the porters on deducting 'Bhaga', 'Dasturi' and commission was prevalent all the while except for the period from 8th May 1952 till 25th May 1953 (during which Shri Mohim Chandra De made payment directly to the porters deducting only 'Bhaga').

In 1951 most of the porters became members of the Calcutta Port Mazdoor Panchayet and started agitation for betterment of their lot. On 15th November 1951 a charter of demands (Ext. 1) was presented to the Manager of I.G.N. & R. Co., Ltd. on behalf of the porters by the Secretary of the Calcutta Port Mazdoor Panchayet. By it the porters demanded among others direct employment under the Company, free medical treatment, free quarters, free filtered water. In reply to the said demands the Managing Director of the Managing Agents, Messrs. Kilburn & Co., Ltd., informed on 4th January 1952 that the porters were the employees of Shri Mohim Chandra Dey, Coal Contractor, at their Shalimar Coal Depot and as such the Company was unable to take any action regarding the demands [*vide* Ext. 1(a)]. On receiving such reply through the Labour Officer, the Joint Secretary of Calcutta Mazdoor Panchayet wrote to the Managing Director of Messrs. Kilburn & Co., Ltd., Managing Agents, on 12th February 1952 (Ext. 2) that unless their demands as communicated were conceded, they would resort to strike from 1st March 1952. A copy of that letter was also forwarded to Shri Mohim Chandra Dey. By Ext. 3, dated 16th April 1952, the strike threat was repeated. It was stated that failing to get redress they would resort to strike from 29th April 1952. Copy of the said letter was also sent to the Labour Commissioner, Shri Mohim Chandra De and Labour Minister. Shri Mohim Chandra De was supplying rations at concession rates to the porters and it was reported by the Union that said supply of rations was stopped. The Assistant Labour Commissioner accordingly on 6th May 1952 wrote to Shri Mohim Chandra De by Ext. 4 requesting him to attend his office for discussion in the matter on 8th May 1952. On 8th May 1952 a tripartite conference was held. It was attended by Shri Mohim Chandra De representing the employer Shri Ahmedulla (P.W. 1) representing the workmen and by the Conciliation Officer. As a result of the discussion a settlement was arrived at on that date and it was signed by the representatives of the parties as aforesaid and by the Conciliation Officer. Ext. 5 is the said agreement.

The terms of agreement were as below:—

(1) The Contractor (employer) will see that a Bhaga-book containing the names of porters, etc., is maintained properly by the Sirdar who will work as supervisor under him. He will get a share of the daily earnings of the porters under him and he will get no 'Dasturi' or 'commission' of any other kind from the porters.

(2) Direct payment will be made by the Contractor or in his absence by his representative to all porters.

(3) The rates prevailing as at present will be increased by a flat rate of 6¼ per cent., i.e., one anna in the rupee. The present amenities regarding cheap rations will be maintained.

(4) The strike will be called off by the porters with effect from 12th May 1952. No worker will be victimized for participation in the strike. The employer however reserves the right of taking disciplinary action in case of indisciplined conduct of any worker.

(5) The present arrangement will continue at least for one year with effect from the date of this agreement.

On the basis of the said agreement the Contractor, Shri Mohim Chandra De admittedly started payment directly to the porters and did so till 25th May 1953. As a result the porters were not to pay commission and 'Dasturi' to the Sirdars and were to pay only a 'Bhaga'. They were thus contended for sometime after the agreement.

Having been relieved of the obligation to pay 'Dasturi' and commission, the porters wanted this time to be relieved of the burden of payment of 'Bhaga' and that not without reasons. None of the Sirdars were working along with the porters of his gang. Besides, most of them were absentee Sirdars and were not available even to supervise work of the porters. In the circumstances, the Calcutta Port Mazdoor Panchayet complained on 29th October 1952 to the Assistant Labour Commissioner, Howrah, that the porters were not prepared to share their earnings in the shape of 'Bhaga' as the Sirdars were not working along with them which they should do according to the agreement dated 8th May 1952. They also wanted tokens to be supplied to the porters to enable them to work without harassment for want of identity token. In reply Shri Mohim Chandra De wrote to the Assistant Labour Commissioner on 5th November 1952 that there was no necessity for tokens as the coal baskets and shovels which the porters get for work would serve the purpose. Shri Mohim Chandra De also complained that the porters were not obeying the Sirdars or his men [*vide* Ext. 7(a).]

On 28th November 1952 the General Secretary of the Calcutta Port Mazdoor Panchayet wrote to the Labour Commissioner (Ext. 7) complaining that the porters were made to part with a share of their earnings in the shape of 'Bhaga' to Sirdars (1) Baiju, (2) Shewmangal, (3) Deban and (4) Shewdasi, although they were not working or remaining present at the site. It was stated that Baiju Sirdar was living in his native village for more than one year; Shewmangal was working as a clerk in the ration shop under I.G.N. & R. Co., Ltd., and drawing pay in that capacity; Deban was working as a clerk in the ration shop and Shewdasi was working as a salesman under the Contractor.

On 9th December 1952 Shri Mohim Chandra Dey replied by Ext. 6 that the personal presence of the Sirdars were not at all necessary and that the 3 Sirdars named in the letter of complaint had been "working in those capacities from long before the time of the agreement and that they had been simultaneously holding their respective jobs in addition to their work as Sirdars". He accordingly maintained that the agreement did not debar them from getting 'Bhaga' (*vide* Ext. 6).

Upon these complaints and counter-complaints the parties were invited to attend a conference for discussion [*vide* Exts. 8 and 8(a)]. The conference yielded no result. On 12th February 1953 the Union complained to the Assistant Labour Commissioner that the agreement dated 8th May 1952 was not being observed at least in spirit. It was stated that the Sirdars were not working or supervising the work, yet the porters were made to part with a share of their earnings. It was further alleged that the Sirdars were employed by contractor, Shri Mohim Chandra De in his own work elsewhere for which Shri Mohim Chandra De was not paying anything but the porters were made to pay them out of their earnings in the shape of 'Bhaga' [*vide* Ext. 8(b)].

On 11th May 1953 contractor Shri Mohim Chandra De complained to the Assistant Labour Commissioner against the porters by Ext. C. He stated that the porters were not obeying him or the Sirdars and that in the circumstances he had no other alternative than to restore the old system of payment which went on satisfactorily in the line for long. On 12th May 1953 Shri Mohim Chandra De also issued a notice (Ext. D) to the workmen to the effect "From 25th May 1953 the Sirdars will manage the coal handling as they used to do before. Any labourer who wishes to serve under them may continue to stop in our depot". On 14th May 1953 the Union complained

to the Assistant Labour Commissioner that the contractor, Shri Mohim Chandra De had threatened stoppage of rations (*vide* Ext. A).

From 25th May 1953 direct payment by the contractor to the porters was stopped and the old system of payment through Sirdar was restored from then onwards contractor Shri Mohim Chandra De has been making payment of the wages of the porters for a week to the Sirdars of the respective gangs and the Sirdars in turn have been paying to the porters of their gangs after deducting 'Dasturi', commission and 'Bhaga' from their earnings.

In this state on 2nd June 1953 the Union wrote to Shri Mohim Chandra De [Exts. 8(c) and A1] complaining about such payment and other grievances. The Union demanded that the porters should be recognised as "the sole recipients of their earnings" and that they should not be made to share their income with any person who was not a direct participant in the actual operation of the gang. It was also demanded that the workers should be continued to be paid directly by the contractor who was their employer and not by the Sirdars. On 6th July 1953 the Union again wrote to contractor, Shri Mohim Chandra De Ext. 8(d) complaining that he had no justification to revive the old system of payment through the Sirdars without terminating the agreement, dated 8th May 1952 under section 19(2) of the Industrial Disputes Act.

These complaints and counter-complaints were followed by conciliation proceedings [*vide* Exts. 8(e) and 8(f)]. The conciliation proceedings however, yielded no result. Then the porters started Satyagraha.

After such Satyagraha contractor Shri Mohim Chandra De executed a bond on 1st September 1953 [Ext. 9(a)]. By it, he (Mohim Chandra De) agreed to appoint P.W. 4, Chhoto Sirdar as the Sirdar of the 10th gang. He further agreed that the amounts as were being realised by the Sirdar's in the shape of commission and 'Dasturi' from the workmen from their bills would be repaid by him to the porters through the Sirdars on every Friday following such deductions. He also agreed to pay to the porters within a month thereof the amounts which the Sirdars had collected as commission and 'Dasturi' from the porters from 25th May 1953. He also undertook to continue cheap rations and medical facilities as before.

After this bond Shri Mohim Chandra De wrote to the Assistant Labour Commissioner on 3rd September 1953 (Ext. 9) that he had removed the grievances of the workers and that they were no longer worried about direct payment. The Union forthwith refuted the allegations and insisted for continuance of the system of direct payment by Shri Mohim Chandra De. As no settlement could be arrived at, the dispute was referred to this Tribunal for adjudication by the reference, dated 31st October 1953.

Behind this background, the porters represented by Calcutta Port Mazdoor Panchayet contend that the direct payment by the contractor Shri Mohim Chandra De to the porters as agreed upon should continue. I find nothing satisfactory on the part of the contractor to resist such claim. The settlement, dated 8th May 1952, it has already been noted, was arrived at in course of conciliation proceedings under the Industrial Disputes Act. Under section 18 of the said act such settlement is binding on the parties to the settlement. Section 19(2) lays down among others that such settlement shall continue to be binding on the parties after expiry of the period as is agreed upon by the parties, until the expiry of two months from the date on which a notice in writing of an intention to terminate the settlement is given by one of the parties to the other party or parties to the settlement. In the present case nothing has been proved by Shri Mohim Chandra De

showing termination of the settlement according to provision under section 19(2). No notice in writing was admittedly served on the Secretary of the Calcutta Port Mazdoor Panchayet who represented the workmen and signed on their behalf in the settlement. The letter Ext. A which the Secretary of the said Union wrote to the Assistant Labour Commissioner may show that he had intimation that Shri Mohim Chandra De was trying to avoid the obligation of direct payment imposed under the settlement but from this it cannot be said that the requirements of sub-section 2 of section 19 were fulfilled A notice in writing is imperative by the person seeking to terminate the settlement. As a matter of fact, the Union raised such objection specifically by its letter, dated 8th July 1951 [Ext. 8(d)]. Likewise Ext. C cannot be treated as a notice in terms of section 19(2) on the Conciliation Officer who was a party to the settlement. Then the notice Ext. D issued by Shri Mohim Chandra De to the workmen on 12th May 1953 cannot either be accepted as a notice in accordance with the provision of sub-section 2 of section 19. In it, no mention was made about termination of settlement dated 8th May 1952. Besides, there could have been no termination until expiry of two months from the date on which notice was given. In the present case direct payment was stopped from 25th May 1953 soon after issue of the notice Ext. D on 12th May 1953. Thus the requirements of sub-section 2 of section 19 having not been complied with, it is obvious, that the settlement dated 8th May 1952 is still operative and binding on the parties. It therefore follows that the contractor Sri Mohim Chandra De is under obligation to continue direct payment to the porters in terms of the settlement dated 8th May 1952.

As to the contention that no relationship of employer and employee existed or exists between Shri Mohim Chandra De on one hand and the porters on the other and thus the settlement is bad and inoperative, I am unable to uphold it. Whatever might have been the position in the past and whether Shri Mohim Chandra De was the direct employer of the porters or not, it cannot be disputed in view of the terms in the settlement that Shri Mohim Chandra De, if he had not been the employer, had assumed the status of employer of the porters by the settlement and so long the settlement is not annulled according to law, the relationship of employer and employee so assumed would continue to subsist. By the settlement Shri Mohim Chandra De assumed the status of a direct employer and relegated the Sirdars to the position of his employees, if they were not so before, as Supervisors under him for which the Sirdars would be entitled to get 'Bhaga' out of the earnings of the porters and nothing else. Then Shri Mohim Chandra De not only took upon himself the obligation to make direct payment to the porters but also agreed to pay the porters at an enhanced rate of wages. All these are consistent only with the character of an employer. So, in view of the terms of the settlement there can be no doubt that Shri Mohim Chandra De had assumed the status of direct employer of the porters. After having done so, he cannot now resile from that position without terminating the settlement in accordance with law.

In this view of the matter the question whether Shri Mohim Chandra De or the Sirdars were employers of the porters before the settlement is not material. One can assume character of an employer if he was not so previously. The present case is one such where Shri Mohim Chandra De had assumed such character of direct employer by the settlement if he had been not so before. As the settlement has not been terminated according to law, he cannot either disown that the said character has been subsisting. It is accordingly held that Shri Mohim Chandra De is to continue direct

payment to the porters in terms of the settlement until it is terminated according to law.

I award accordingly.

AWARD.

The Government of West Bengal, Labour Department, by its order No. 4786 Dis./D/11L-180/53, dated the 17th December 1953, referred an industrial disput

existing between Messrs. Ispahani, Ltd., 51, Ezra Street, Calcutta-1 and their workmen represented by Ispahani's Employees' Union, Commercial Buildings, 2nd Floor, Block No. 3, 23, Netaji Subhas Road, Calcutta-1, regarding the matters specified in the schedule to the order of reference under sections 7 and 10 of the Industrial Disputes Act 1947 (XIV of 1947), to this Tribunal for its adjudication.

This was received in the office of this Tribunal on 28th December 1953 and usual notices to both parties were issued for appearance and written statements. Both parties filed their written statements in due course.

The employees of Messrs. Ispahani, Ltd., filed a written statement through the Union in which it is stated that Messrs. Ispahani, Ltd., was incorporated in India on 15th September 1947 just after the Partition and has been carrying on business as Importers, Exporters, Sellers, Buyers and Manufacturers of goods, produce and general merchants on a world-wide scale dealing in gunny bags, jute sacks, hessian cloth, shellac, tea, tobacco, kapok, etc.

Messrs. Ispahani, Ltd. (hereinafter called the "new company"), took over the goodwill and trading rights of Messrs. M. M. Ispahani, Ltd. (hereinafter called the "old company") of pre-partition days and succeeded in getting all trading rights of the said company. Messrs. Ispahani, Ltd., purchased the Stock-in-Trade, acquired the properties and assets of Messrs. M. M. Ispahani, Ltd.

Most of the shares of the new Company are held by the old company. The new company carries on similar business in the same premises, having the same telegraphic address, with the same staff of employees, on the same remuneration. Accordingly, the services of the employees were deemed and treated as continuous. The new company employs about 220 men, including members of both clerical and sub-staff. Since the formation of the Union of employees in January 1953, the company took up a hostile attitude against the employees and started threatening and coercing them in every possible way. The employees placed a list of demands on 10th April 1953. The demands having not been made, the dispute was referred to this Tribunal.

The Union stated that the old company having transferred its business to the new, the workers employed in the old company are entitled to receive benefits for the period of service rendered by them under the old company. The employers cannot deprive their employees of the benefits that accrued to them by reason of past service merely by transferring their business to another company. Therefore, the Union claims that the workmen of Messrs. Ispahani, Ltd., should be entitled to receive all benefits in respect of terms and conditions of employment with particular reference to period of service for the purpose of adjustment of salaries, retiral benefits, grades and scales, leave, etc. The Union further claims wages scales and grades for the employees including the sub-staff. The grades are as follows:—

C. 70—5—110—7½—170—10—210
8 8 8

B. 125—8—189—10—269—15—329
8 8 8

A. 200—15—275—20—375—25—300
6 5 5

Special grades—300 upwards.

Sub-Staff :—

(1) Office group—30—1—35—3—65—4—85.
5 10 5

(2) Technical group (Driver)—60—4—80—5—130.

(3) Non-technical group—30—1—35—55—70.

It claims dearness allowance in accordance with the Bengal Chamber of Commerce scheme and 10 per cent. rates of contribution to the Provident Fund in place of 5 per cent. It also claims Puja bonus for 1953, a bonus which was paid to the staff for over 30 years or more at the rate of one month's salary on the occasion of Durga Puja without any break and irrespective of the question of profit and loss. The Union suggested that there should be procedure for discharge, dismissal or any other punishment details of which should be on the line as laid down in the last Mercantile Tribunal Award. Lastly the Union claims bonus without reference to any year, alleging that the Balance Sheet of the company had been manipulated to show loss, an act of fraud on the part of the company. It suggested that three bonus should be paid per year.

The company, in its written statement, resisted the claims of the Union and stated among others, that its employees were appointed as new hands and there was no continuity of service between the old company and the new. The employees of the old company not willing to go to Chittagong, terminated their service with the old company and obtained settlement of their claims for provident fund and received all arrears of salaries from that company. The relationship between the M. M. Ispahani, Ltd., and the said employees completely ceased for all purposes. Here they entered the service of the new company, as new entrants, having joined the new Provident Fund of this company. Accordingly, there was no continuity of service and the employees were not entitled to any benefit for the past services. The new company never took over the goodwill and the trading right of Messrs. M. M. Ispahani, Ltd. and did not succeed the old company. In fact, M. M. Ispahani, Ltd., is still carrying on business within the Indian Union and is being taxed by the Indian Union for income-tax. The new company in the usual course of business acquired certain surplus furniture, stock-in-trade and two immovable properties from the M. M. Ispahani, Ltd., in consideration for certain shares which they sold to them. The M. M. Ispahani, Ltd., hold shares of the face-value of Rs. 6,98,000 in the new company. The new company established its business relationship with the former constituents of the M. M. Ispahani, Ltd. and used the latter's telegraphic address. The Union's grievance in this respect were imaginary. The company is not a successor company of the M. M. Ispahani, Ltd. and denied the workmen's claim to receive from the new company any benefit in respect of terms and conditions of their employment with the M. M. Ispahani, Ltd. Regarding the claim for wages, scales and grades, the company stated that it paid suitable and handsome salary including allowance which compared very favourably with many similar concerns. It expressed its inability to maintain grades, etc., on account of its financial uncertainty and stated that it was facing great financial crisis and was unable to bear any further burden of increase in salary, etc. Regarding the dearness allowance, it stated that it paid to its employees a consolidated salary, inclusive of dearness allowance. Regarding the rate of contribution to the Provident Fund, it contended that the rate paid was adequate. As to the claim for Puja bonus, it stated that the company started business in 1948 and had no connection with the M. M. Ispahani, Ltd. There should not be any question of practice or custom in this respect. It granted bonus without creating any precedent to avoid difficulties to the employees on the eve of the Puja. The year 1952-53, being a year of huge loss, it was unable to pay any bonus in that year, etc.

The Issues as per schedule to the order of reference are—

(1) Are the workmen entitled to receive from Ispahani, Ltd., any benefits for the period of services rendered by them under Messrs. M. M Ispahani, Ltd.?

(2) Wages, scales and grades.

(3) Dearness allowance.

(4) Rates of contribution to the Provident Fund.

(5) Whether the workers are entitled to Pujah bonus for 1953?

(6) Procedure for discharge, dismissal or any other punishment.

(7) Bonus.

FINDINGS.

Issue No. 1.—The Union's contention is that the workmen are entitled to receive from the Ispahani, Ltd., benefits for the services rendered by them under the M. M. Ispahani, Ltd., mainly on two grounds, namely, (i) there had been transfer of business by the M. M. Ispahani, Ltd., to its successor the Ispahani, Ltd.; and (ii) there was continuity of service after the transfer. The company contests this claim, alleging among others, that it is altogether a separate concern and not a successor of the M. M. Ispahani, Ltd. and that there is no transfer of business from one to the other and lastly, the employees of the M. M. Ispahani, Ltd., are taken over after their services are terminated by that company and accordingly, there is no continuity in service. The scope of enquiry, under this issue, is clear though appears to be somewhat limited. *Prima facie* it appears to be nothing more than a mere declaration of a right without any special reference to a claim. But the Union in its statement made it abundantly clear that the benefits which the employees are entitled to get are in respect of *length of service* for the purpose of adjustment of salaries, retiral benefits, grades and scales, leave, etc. The issue, therefore, has got to be examined not only subjectively but objectively as well. Two different approaches to this question were suggested by the parties; the company's approach is, what has been characterised as legal, whereas the Union's is alleged to be a real and substantial one, based on well-established principles of social and economic justice, administered in the industrial courts. Necessarily the decision of this issue would depend on a close examination of the relevant facts in controversy, and also of the legal principles involved in it.

The legal position advanced on behalf of the company may be summed up briefly as follows:—

(1) This company, a limited one, was incorporated on the 15th September 1947 under the Indian Companies Act and as such it was a separate legal entity from Messrs. M. M. Ispahani, Ltd., which was incorporated on 19th December 1934. It was not a successor to the latter There could not be any transfer of one company to the other.

(2) In the eye of law, the company came into existence only from the date of its incorporation and the services of its employees must be taken to have commenced from that date.

The learned representative for the company relied on a case reported in 1953 L.A.C., page 557. The Union, on the other hand, did not so much dispute the theory of the separate legal existence of the new company but contended that there was *transfer* of business to this new company by the M. M. Ispahani, Ltd., and that there was in substance no termination of services of the employees who were taken over to the Ispahani, Ltd. Their services continued without break, and accordingly, they were entitled to the benefit of their past service. Shri Niren Dey, Counsel, appearing on behalf of the Union relied on

a number of cases. They are: 1953 L.L.J., page 14, Volume I, Bombay Garage, Industrial Court Reporter, July/December 1949 at page 1134, 1953 L.A.C., page 67, Rallies (India), Ltd., Industrial Court Reporter, September/December 1952 at page 453. He also distinguished the case, reported in 1953 L.A.C., page 557, "The Arezona, Ltd.", relied on by the company. Shri Dey distinguished the case of 1953 L.A.C., page 556, mainly on the ground that it was a case of proprietory concern, carried on in an assumed name, whereas this was the case of a limited company. Their lordships in the said case at page 553 at page 556-7 considered the claim for payment of bonus and reported to have said as follows: "As the concern is a proprietory concern carried on under an assumed name, we do not see how continuity of service can be claimed. The workmen were the employees of Zordon. After Gregory's purchase, they became his employees only because he chose to retain the services of the workmen who had been working in the establishment. In the eye of law, their employment came under Gregory from the time when he became the sole proprietor." This is the short report of the case referred to above. The *ratio decendandi* in that case do not appear very clearly from the shortness of the report. But the distinguishing facts are there. As it is a case of transfer of business from one man to another, the services of the employees of the one must be taken to have commenced from the date of the other's purchase not because of the purchase but because of the fact that the latter simply desired their employees to be in service. The facts of the present case which will be shortly discussed are entirely different. So far as I have been able to follow, the leading cases on the subject are primarily (i) the case of Bombay Garage, a decision of the Bombay High Court, reported in 1953 L.L.J., Volume I, paage 14; (ii) a decision of the Hon'ble Labour Appellate Tribunal reported in 1953 L.A.C., page 388, "Lalubhai Aminchand vs. Govindajeon Tikuloo", (iii) a case of the Hon'ble Labour Appellate Tribunal reported in 1953 L.A.C., page 553. The other cases relied on by Shri N. Dey are cases of the State Tribunals reported in the Industrial Court Reporters. Of them the case of Rallies (India), Ltd. reported in Industrial Court Reporter, September/December 1950 at page 449 is probably to the point. All these cases seem to follow the decision of Mr. Justice Tendolkar of the Hon'ble Bombay High Court in the Bombay Garage, Ltd., 1953, Volume I, L.L.J., page 14. In considering the claim for payment of gratuity based on the services rendered in the past under the predecessor company, Mr. Justice Tendolkar observed, "An employer cannot deprive his employees of the benefits that have accrued to them by reason of past services merely by transferring his *business* to another person or to another limited company. The work done by the employees primarily benefit the concern, although of course the owner also receives the benefit therefrom. In any case, therefore, where there is continuity of service, new employer is bound to take into account the services rendered by the workers to his predecessor-in-title and it was open to the respondent to award that for the purpose of gratuity, services rendered to the former employers should also be taken into account." His lordship thereafter distinguished the case of the I.C.I. (India), Ltd., an award by Sir Divatia with these words, "In that award, Sir H. B. Divatia came to the conclusion that the services of the workmen were terminated before the I.C.I. (India), Ltd., took over the concern and there was no continuity of service. On this ground he held that the period during which the workers were in service prior to the time when Imperial Chemical Industries (India), Ltd., took over the concern should not be taken into account. .....But even assuming that this decision was correct, that was a case in which on the facts the Tribunal came to the conclusion that there was no continuity of service and it has no application to the present case where the respondent has, in my opinion, rightly come to the conclusion that there was continuity of service." That decision was followed, so far as I can see, in two decisions of the Labour Appellate Tribunal. This question came up before their lordships of the Labour Appellate Tribunal, in 1953 L.A.C.,

page 388, Lalubhai Aminchand, Ltd., in which it was held that, "The employers have contended that they cannot be saddled with the responsibility for paying gratuity for the past services of the employee with the predecessors of this company, and they also contend that the scheme of gratuity envisages that the computation of gratuity shall commence from the date of the agreement which is 23rd July 1949. There is no substance in either of these contentions. This company is the successor of the previous firm and must accept responsibility in matters of gratuity for the past services of the employees with that concern; there was no break in service and employment continued with the successor firm.....and in the normal course the employees are entitled to the benefit of their past services with the previous firm in the computation of gratuity." The decision of the Hon'ble Labour Appellate Tribunal in the Arezona, Ltd., did not lay down a different principle of law than what was enunciated in the Bombay High Court case. The requirements of law, as laid down in the leading cases, placed before this Tribunal, would be satisfied, if it is shown that (i) there has been transfer *of business* from one company to the other (ii) and that there has been continuity of service of the employees of the predecessor company in its successor. There could not be any break in service. Now let us examine the facts of the present case in the light of the above. There are certain facts which are not in controversy. They are: that some of the employees of the Ispahani, Ltd., served Messrs. M. M. Ispahani, Ltd., before the latter removed its Head Office and business to Pakistan in 1947. The M. M. Ispahani, Ltd., was incorporated as a company on 19th December 1934 and transferred its Head Office to Chittagong on 19th July 1947. The Ispahani, Ltd., was incorporated on the 15th September 1947 with an Authorised Capital of Rs. 50,00,000, Issued, Subscribed and Paid-up Capital was Rs. 25,00,000. Out of this Messrs. M. M. Ispahani, Ltd., has Rs. 11,09,990. Mr. M. A. Isphani has Rs. 30,100. This would appear from Mr. N. K. Seal's (Director of the Ispahani, Ltd.) evidence in the case. It is also in evidence of Mr. Seal that Mr. M. A. Ispahani, Director of Messrs. M. M. Ispahani, Ltd., continued as the Mg. Director of the Ispahani, Ltd., until January 1951. The evidence on the two important points of this issue however appears contradictory. The Union has examined seven witnesses on its side, all employees of the Ispahani, Ltd. Of them P. W. 1 Ayub, P. W. 2 D. A. Khan, P. W. 3 Gulum Nabi Mullah, P. W. 4 M. H. Shirazee were discharged after notice by way of retrenchment by the company. The Union raised a dispute and it is the subject matter of an earlier reference, heard along with this case, on the request of the parties. P. W. 5 Naresh Ch. Dey is the Treasurer, P. W. 6 Shri Krishna Gopal Bose is the Vice-President and P. W. 7 Kashinath Das is the Assistant Secretary of the Union. All of them are still in service of the company. The company examined two of its Directors. O. P. W. 1 Mr. N. K. Seal, who was formerly a Cashier of the M. M. Ispahani, Ltd. and O. P. W. 2 Mr. Arakai, who was Manager in the Tea Department under the M. M. Ispahani, Ltd. Both parties adduced documentary evidence as well. Shri P. R. Mukherjee, on behalf of the company, relied on the company's evidence in support of his case that the employees of Messrs. M. M. Isphani, Ltd., were taken into the service of this company only after their services under the former were terminated and they were paid all their dues including the Provident Fund. The present company took pity on the sad plight of the employees who were all thrown out of employment, and appointed them afresh, and the employees thus appointed joined the new Provident Fund under the present company. The Ispahani, Ltd. do not hold any assets of the M. M. Ispahani, Ltd., who have been still carrying on its business in India and accordingly, this company was not in any way liable for any of their dues payable by the M. M. Ispahani, Ltd. O. P. W. 2 Mr. Arakai said that they did not appoint any employee in continuation of the service under the M. M. Ispahani, Ltd., but instead of dismissing them they appointed the old employees under them. They were taken in verbally. In cross-examination, he admitted that the Ispahani, Ltd., took nearly all the

employees of the M. M. Ispahani, Ltd. Most of the employees must have taken in the same capacity but there may be exceptions. Tea, Gunny, Shellac, Jute and all Indian products are the commodities with which the Ispahani, Ltd., deals with. M. M. Ispahani, Ltd. carried on business in mostly the same commodities. O. P. W. 1 Mr. Seal said that, "M. M. Ispahani, Ltd., even now have their business in India and carry on business on a small scale. The Ispahani, Ltd., is not its successor.....Virtually, the employees of M. M. Ispahani, Ltd., here became unemployed when the company transferred its business to Pakistan. On the recommendation of Mr. M. A. Ispahani, the employees being trained hands, were accepted by the new company on the same salary which they enjoyed under the M. M. Ispahani, Ltd. We appointed the employees afresh. Accordingly, the question of continuity of service did not arise.....M. A. Ispahani was the Director of Ispahani, Ltd. and he continued to be the Managing Director of Ispahani, Ltd. till January 1951." In cross-examination he said that he had no employees under Ispahani, Ltd., in October 1947. He cannot say how many employees he had in April 1948. That is practically all on the side of the company on this point.

P. W. 1 Ayub, speaking on behalf of the Union, said that he did not get any notice in 1948 terminating his service. He did not feel that he was serving in a stranger company. His impression was that he was serving in the old company. His pay was not cut. He was getting the same pay as before and he was in continuous employment and there was no break in service. In cross-examination he said that he was paid his Provident Fund dues under the M. M. Ispahani, ltd., after the Partition, and he applied to become a subscriber to the Provident Fund of the Ispahani, Ltd. M. A. Ispahani, the sole Proprietor, *Barasaheb*, assured them that there was nothing to be afraid of in the change of the company and that they should continue to get the same privileges as before. P. W. 2 D. A. Khan was appointed in 1949. P. W. 3 Gulum Nabi Mullah, a Bill Lading Sarkar, was in service for 14 years. He held a licence (Ext. 7) for both M. M. Ispahani, Ltd. and Ispahani, Ltd. He said that the company did not inform him that his service was terminated in 1948, neither he was given any appointment letter for the alleged fresh appointment in that year. On the other hand, he was assured by Mr. M. A. Ispahani that they would be looked after with same care as before and would receive the same privileges as before. He was drawing the same pay. He however said that he withdrew his Provident Fund money from M. M. Ispahani, Ltd., when that company removed its Head Office to Chittagong in Pakistan. This witness had some apprehension regarding the change of business and approached Mr. M. A. Ispahani who assured them that there would be no adverse effect on their service and that everybody would continue to enjoy the same privileges as they had before. As there had been changes in the Trustees of the Provident Fund, he was obliged to withdraw the dues. The Provident Fund had no connection with the company. The Trustees were interested in it. He never received any reduced salary in course of his service. The same Board of Trustees who administered the Provident Fund of M. M. Ispahani, Ltd., also were on the Board of Trustees of the Provident Fund under the Ispahani, Ltd. P. W. 4, Shirazee, said that he never received any letter terminating his service before his retrenchment. He was drawing the same pay as before. In cross-examination, he admitted having received the Provident Fund money from M. M. Ispahani, Ltd. He also speaks of an assurance by Mr. M. A. Ispahani about the continuity of service. P.W. 5, N. Dey, an assistant in the Gunny Department, said that the Ispahani, Ltd., carry on business in commodities in which M. M. Ispahani, Ltd., used to carry on trade. The Ispahani, Ltd., carry on business with the same parties as M. M. Ispahani, Ltd., used to do. He did not get any discharge notice at the time of change of the name of the company, neither he received any new appointment letter. He was getting the same pay as before. He was not asked by M. M. Ispahani, Ltd., to go to Chittagong at the time of transfer

of business there, nor he approached the management for providing him with employment. He also speaks of an assurance given by Mr. Reza, one of the Directors, regarding the continuity of service. Speaking about his feeling at the time of transfer, he said that he did not understand that their services would be discontinued at the time of transfer of the company or at the time when they received the Provident Fund dues. They had some apprehensions in 1948 and approached Mr. Reza who assured them that there would be no change in the conditions of service. P.W. 6 is the Head Assistant in the Gunny Invoice Department. He said that they withdrew their Provident Fund money at the time of transfer because the Trustees of the Provident Fund under M. M. Ispahani, Ltd., made over the fund money before going to Chittagong and they had to accept the money. In cross-examination, he said that in 1948, he used to get a salary of Rs. 180 under M. M. Ispahani, Ltd., and getting the same salary under the Ispahani, Ltd. P.W. 7, Shri Kasinath Das, said that he did not get any fresh letter of appointment from the Ispahani, Ltd., in 1948 neither he was informed that he was being appointed afresh. The building occupied by the Ispahani, Ltd., still stands on the Municipal Register under the name of M. M. Ispahani, Ltd. The new company is using the same building, the same telegraphic and office address. Ispahani, Ltd., purchased this building from M. M. Ispahani, Ltd., in 1948. Non-Muslim employees were not asked to go to Chittagong, neither they were thrown out of employment in 1948. They are continuing in service as before. He added that the service of an employee did not terminate with the withdrawing of the Provident Fund money from the company.

This and the documentary evidency reveal that the Ispahani, Ltd., is occupying the same office building as M. M. Ispahani, Ltd. They are using the same telegraphic address, paying the same old Municipal Bills in the name of M. M. Ispahani, Ltd. Mr. N. K. Seal's explanation at page 10 of his deposition that "the mutation was not done inadvertently" does not appear to be satisfactory. Ispahani, Ltd., is doing the same business as was done by the M. M. Ispahani, Ltd. Shri N. Dey's evidence on the side of the Union and Mr. Arakai's evidence on the side of the company would establish it. Ispahani, Ltd., is not only doing the same business in the same place on the same terms of brokerage, etc., but doing it with the same parties. Exts. 11, 14, N. Dey and Kasinath Das's evidence would show it. Taken along with this, the admitted position of the company that they purchased furnitures, motor cars and immovable properties including two houses of M. M. Ispahani, Ltd., would show that they had acquired sufficient assets of M. M. Ispahani, Ltd. Regarding the position of the employees, there was no change in work with the change in the name of the business. The services of the employees were not terminated by any notice or letter or verbally, neither they were appointed by any such letter, etc. This is admitted on both sides. The employees except the Muslim staff were not asked to go to Chittagong neither they did ask for a new appointment. They continued to receive the same salary and naturally they had an impression that they were in service of the same company and that there had been no break in the continuity of service. It appears from Ext. J that the M. M. Isphani, Ltd., had caused the new company to be incorporated as a limited company. On the company's side, no serious attempt was made to prove the allegations made in its written statement. The company's two important points of defence are: It has a separate legal entity and as such it cannot be made liable unless it admits its liability strictly according to law, i.e., by any registered document. That would be begging the entire question and not properly appreciating the scope of the present issue. In fact, Shri Niren Dey made it clear during argument that the issue really is "whether the present terms and conditions be on the basis of the past services". The issue speaks of benefits or advantages flowing from the past services. This is not related to any of the dues of the M. M. Ispahani, Ltd., or any of their liability to the employees. Accordingly, that

contention does not appear to be at all tenable. Second important point of defence urged on behalf of the company is that there was already a break in the service evidenced by the fact that the employees received the Provident Fund dues when the M. M. Ispahani, Ltd., removed its Head Office to Chittagong. Under certain conditions, an employee is entitled to get back his Provident Fund dues. So, receiving dues of the Provident Fund does not necessarily indicate the termination of the contract of employment. Further, it is nobody's case that at that time the employees were told that their services under the M. M. Ispahani, Ltd., were terminated by the fact of payment of the Provident Fund dues. There was some real difficulty in administering the Fund from its Head Office in Chittagong which is in a foreign State. There are difficulties of communication inherent between the two different States. It is not very unlikely for the employees to think, as they now say, that they received the Provident Fund dues because the Trustees thought it desirable to make the payment. No endeavour was made on the side of the company to show by production of the Attendance Register that there was really any break in service of the employees who were taken over from the parent organisation of M. M. Ispahani, Ltd., to that of Ispahani, Ltd. In fact, Mr. Seal admits that it was on the recommendation of Mr. M. A. Ispahani, the Director of M. M. Ispahani, Ltd., that their employees were taken over by the Ispahani, Ltd. After all, it was the work of one man, the man of destiny at that time. Mr. M. A. Ispahani was making over the services of the employees of Mr. M. M. Ispahani, Ltd., to his ownself, the Managing Director of the Ispahani, Ltd. The conduct of the Directors of the Ispahani, Ltd., did not raise even the faintest of suspicion in the mind of the employees. And Mr. M. A. Ispahani assured the employees that they would continue to receive the same care and attention from the management and enjoy the same conditions of service and privileges as under the M. M. Ispahani, Ltd. Mr. Reza, another Director of the Ispahani, Ltd., also assured the employees including Shri N. Dey that they would enjoy the same privileges as before. Mr. M. A. Ispahani and Mr. Reza do not deny this. Mr. Seal who was present at the Independance Day celebration where Mr. M. A. Ispahani is said to have given the assurance, does not deny it. Mr. P. R. Mukherjee had no answer to this, but urged very emphatically that the statements of the Directors do not bind the company. A promoter had no right of indemnity against the company which he promotes before its incorporation. He further contended that in case of an assurance, one would have expected a letter from the Directors in this case. No such letter is, of course, forthcoming. Assurance was given verbally. Question is whether such an assurance is unlikely in the circumstances and in the background of the political changes taking place in the country. In the opinion of the Tribunal it was not. It is true that an admission is not conclusive. Neither it creates any title where law requires a deed for it. This argument on the facts and in the circumstances appears to be very little assistance in deciding the issue. Question is not that the issue is being decided on the evidence of this assurance treating it to be an admission of the party but that whether considering the entire evidence and circumstances an inference may be legitimately drawn in favour of the Union namely that the identity between the two concerns is so striking that an industrial tribunal administering social and economic justice would hold that for certain purposes and in the public interest, the past services under the one company should be taken as continuing for the benefit of the employees in the other. That is the whole point. There are some important documents which also throw much light on the decision of this issue. They are Ext. 11, a letter from the Ispahani, Ltd., signed by Mr. Reza, its Director, on 1st March 1948, introducing the company to the old customers of Messrs. M. M. Ispahani, Ltd. Ext. 14 is another letter of the Ispahani, Ltd., dated 25th October 1948, signed by Mr. Reza and addressed to the Assistant Secretary to the Government of India, Ministry of Commerce, New Delhi, in which Mr. Reza described Ispahani, Ltd., as *successor company* to M. M. Ispahani, Ltd. Three certificates

(Exts. 8, 10, 10A) signed by Mr. Arakai, Director of Ispahani, Ltd., and Mr. Mukherjee, Manager of the Gunny Department, were issued to the retrenched employees at the time of their discharge. Apparently, they were given with the best of motives only to assist the employees to secure a suitable job elsewhere. Ext. 10A is not very important and may be left out. Exts. 8 and 10, issued over the signature of Mr. Arakai, which Mr. Arakai very frankly admits, show that the Ispahani, Ltd., took over the goodwill and trading rights of the M. M. Ispahani, Ltd., for the Indian Union. Mr. Arakai's explanation is that he had a glance on these two documents which he did not scrutinise very carefully, when they were brought to him for his signature. That may be possible. But it is inconceivable to believe that these documents would be placed before him with the false statements in them by anybody of his office with an ulterior purpose. As a matter of fact, the Ispahani, Ltd., was proclaiming to all the customers in the market that they were doing the same business left to them by the M. M. Ispahani, Ltd. They were holding themselves out to the Government of India, Commerce Department, as a *successor* to the M. M. Ispahani, Ltd., claiming the same special privileges as were allowed to the M. M. Ispahani, Ltd. Mr. Reza does not deny these important documents. The employees for obvious reasons placed their confidence and trust in the Directors of the company and were encouraged by their assurances and conduct. They received increments and bonus from 1948, facts which have not been denied by the company, speak volumes in favour of the continuity of service. As to the transfer of business from the M. M. Ispahani, Ltd., to the Ispahani, Ltd., the strong point of Shri P. R. Mukherjee seems to be this, namely, that the M. M. Ispahani, Ltd., continues even now to carry on business on a very small scale holding some immovable properties in Calcutta and accordingly, question of the Ispahani, Ltd., becoming its successor does not arise. Undisputed evidence on this point however is that the M. M. Ispahani, Ltd., still holds some immovable properties, mostly house buildings, in Calcutta and collect their rents here. That does not mean that the M. M. Ispahani, Ltd., is still carrying on *business* 'on a very small scale' in India. To me, it does not appear to be a very important factor in the whole case. M. M. Ispahani, Ltd., holds half of the capital of the Ispahani, Ltd., a company which they brought into existence due to the political changes in the country. They sold on very favourable terms valuable immovable properties and other assets to the new company, not for cash but against shares in the new company. The Directors were continuing at the helm of affairs of the new company. Even the Trustees on the Board of the Provident Fund remaining the same. Transfer of business means handing over so many things essentially connected with it. The evidence in this case leaves no doubt in any reasonable mind that the M. M. Ispahani, Ltd., transferred its business to the Isphani, Ltd., who continued it thereafter in the same place with practically the same resources and with the assistance of the same old staff. The old company received the benefit of the service of its employees in the same way as the new company is now getting from them. It is therefore only reasonable to hold that the employees of the M. M. Ispahani, Ltd., are entitled, to the benefit of the past services rendered by them to the said company while in the service of the Ispahani, Ltd. On a consideration of all these, the Tribunal is inclined to answer the issue in affirmative in favour of the Union.

Issues Nos. 2, 3, 4 and 7.—They are taken together for they depend more or less upon the financial position and stability of the company. It would, therefore, be necessary to examine the financial position of the company as disclosed in the Balance Sheets filed in this case.

The company pleaded loss in the year ending 31st March 1953, also in the next year as a defence to the claim arising out of this issue. The Union asked for the rejection of the plea on the ground that there was in fact no loss in the years in question. It alleged that there was really no loss in business and

that if there was any loss, it was due to the mismanagement of it. The loss disclosed in the Balance Sheet was fictitious, for the figures were cooked up and manipulated and the money was drained out in the interest of a foreign country. The Union inspected the books of accounts of the company and had sufficient opportunity to examine them carefully and closely. No written objection was taken to any particular item in the Balance Sheet. Necessarily, the criticism of accounts advanced on the side of the Union was more or less in the nature of mere speculation, and the figures suggested were nothing more than mere guess. The Balance Sheet for the year ended 31st March 1953 is Ext. C. A request was made on behalf of the company to treat the information in this Balance Sheet as confidential, although other evidence was openly adduced on the entries in the Balance Sheet. Also oral evidence was given regarding the loss. Endeavour would, therefore, be made to accede to this request as far as possible. Net loss according to the Balance Sheet (Ext. C) was more than about seven lakh fifty thousand. In the previous year, there was profit amounting to about 23 thousand and odd. The Balance Sheet of the current year ending March 1954 has not been audited. Shri Seal, Director, said that the loss in the year ending 31st March 1954 was not so much as in the year 1952-53 but still they expected loss. He said, "Our business is so big that we cannot without going into examination of accounts say how much loss we sustained but it wil be a minus and not a plus". The Union, as stated above, did not accept this Balance Sheet as true. It tried to prove that it was manipulated in its preparation to show loss. P. W. 7, Shri Kasinath Das, was the accountant of the Ispahani, Ltd. He was in charge of the department. He is also the Assistant Secretary of the Employees' Union. Speaking about the Balance Sheet he said in cross-examination, "In 1952-53, the Balance Sheet discloses a loss. The accounts have been manipulated. I was instructed to prepare false accounts which I did.....I did not inform the management by writing any letter that I will not be able to carry out instructions in preparing the false accounts. The accounts previous to that are all correct. I never told the Income-tax Officer that our accounts were manipulated." It was on this evidence the Union contended that the accounts were manipulated to show loss. As already stated, no genuine endeavour was made to show that any part of the Balance Sheet was particularly wrong or inaccurate or that any money had been wrongly diverted or any income concealed from it. The criticism of account on the side of the Union is, for obvious reasons, generally speculative in character. Doubts and suspicions are raised regarding almost every entry made in it. But usually on many occasions, such criticism is justified as the Union officials have no access to company's books of accounts. Here in this case, the position is entirely different. The accountant in charge is the Assistant Secretary of the Union, making *tadbir* in this case. Not only some important information regarding the accounts but sime other official information was supplied before this Tribunal without the knowledge or permission of the executives of the company.

Question is, therefore, whether Shri Das's evidence is to be relied upon. In all probabilities, he, being one of the executives of the Union, will hesitate to carry out any such instructions of the management to prepare false accounts, for the simple reason that they might be used against the interests of the Union. Moreover, he seems to have a definite bias against the management, now that he had been relieved of his important position in the office. He has been transferred to the Tea Department, although on the same pay, where he holds a very minor position. It is not very unlikely for a man in this position to depose falsely against the management. He wants to serve two purposes by doing so ; (i) he advances the claim of the Union in these matters and (ii) brings discredit on the reputation of the company. It is very difficult to distinguish Shri Das as an accountant, entirely responsible for the maintenance and preparation of the accounts on which the Balance Sheet is prepared, from Shri

Das, the Assistant Secretary of the Union, responsible for defending the cause of the employees, as against the employers. He thus plays a double role in this case. He breathes hot and cold at the same breath. He should not be, in the interest of justice, allowed to take an undue advantage of his own wrong. He must have clearly done wrong if he had prepared false accounts of a public limited company as he says he did under the instructions of his employers. In this vew of the matter, and in view of the fact that Mr. Seal definitely denies the allegation that the management instructed Shri Das to manipulate the accounts, the Tribunal finds that the story of manipulating accounts is totally untrue.

There is no evidence on the Union side, barring the fact that the Ispahani, Ltd., carries on business transactions with a firm in London and with the Government of Pakistan to show or suggest that the company drains out the money, "through gross mismanagement and calculated fraud", in the interest of foreign countries. The business of the nature that the Ispahani, Ltd., is doing can hardly be confined to the internal market. It must of necessity try for a foothold in the world market. That they did so only in the particular year, out of any design, to deprive the legitimate dues of the employees, remains to be proved in this case. Such allegations against the company's accounts as are made in this case on behalf of the Union which the Union did not even care to prove by any reliable evidence, do not reflect any credit on it. After all, the use of strong and bitter words indicates a weak cause. The two other criticisms of the accounts are: (i) there has been an undue increase in the revenue items in 1952-53 showing that expenditure went unchecked, and (ii) that an advance of a huge amount of 13 lakhs 46 thousand rupees was made to the Jute Suppliers of which Mr. H. D. Nomani, the Director of this company, is a co-Director, was shown as unpaid in the year under review. In connection with objection No. 1, the learned representative for the Union filed a comparative chart showing the increase in the turnover in 1950 and 1953. He suggested thereby that in usual course there would be more profits in those years. The Balance Sheets, since 1948 to 1953, have been filed. It appears therefrom that in the year ending March 1950, the company suffered a loss amounting to 1 lakh 69 thousand and odd besides the huge loss sustained in the year ending March 1953. Total expenses as per "Profit and Loss Account" show a decline in the year under review. It was 28 lakhs 58 thousand and odd from 34 lakhs 17 thousand and odd in the previous year. Nothing was suggested while Mr. Seal was under cross-examination regarding this increase in the expenditure. Now increased turnover explains increase in the expenditure but does not necessarily prove that there will be more profits. The trend of general criticism of the company's accounts is that the expenditure is excessive. I have found it very difficult to follow such criticism in the absence of materials to judge it. It is not possible to assess the reasonableness of the expenditure unless materials are forthcoming to show that expenditure in any comparable concerns is much less, or that the management has overstepped the limits of law in any matter. As to the allegation of mismanagement, apart from the fact that the company charged handling commission at 40 per cent. amounting to Rs. 1,585-2 as. in Ext. 12, in an invoice from the Director-General, Department of Supplies, Government of Pakistan, Karachi, there is nothing to show that the management did that work in an unbusinesslike way. Even there, the explanation was that they paid no commission for buying jute while they allowed some handling commission in due course of business to the purchasers. As to the objection No. 2, the advance of rupees 13 lakhs 46 thousand to the Jute Suppliers, Ltd., Mr. Seal said that that was done in due course of business. The account not being settled was shown in the books of accounts as due. I fail to see how this can bring down the profit of the company, as is sought to be made out, in this case. So far as I have been able to follow, the criticisms are mostly speculative in form and character and carry us nowhere. The accounts as shown in the Balance Sheet, in the opinion

of the Tribunal, should be accepted. That being so, the company is found to be running at a heavy loss. In course of five years of its existence, it had suffered losses in two years, including a very huge one in the year ending March 1953. In the current year, the management is also expecting a loss, which may not be so big as in the previous year. But still it would also be a year of loss.

Now let us examine the claims against this background of loss under the different issues, one by one.

Issue No. 7.—This relates to bonus. It appears from the written statement filed by the Union that this refers to three bonus per year. The learned representative for the Union, however at the time of argument made the position clear. He said that he was now claiming a profit bonus only for the workers for the year 1952, i.e., the year ending March 1953. Unfortunately, the learned representative did not file any chart drawn up according to the formula laid down in the Millowners' Case reported in 1952 L.A.C., page 433. Bonus to workmen is intended to enable them to participate in the prosperity of a concern in the relevant year. There cannot be any right to bonus based on custom, or on consideration of social justice, other than are incorporated in Full Bench Decision. An order of payment of bonus in year of loss made upon the ground that it was paid in spite of loss, must be set aside (*vide* 1953, L.A.C., page 257). As there was no surplus profit or any profit in the year in question, available for payment of bonus, the claim shall fail. I decide the issue against the Union.

Issue No. 4.—This relates to the rates of contribution to the Provident Fund. The Union wanted a contribution at the rate of 10 per cent. in place of 5 per cent. at present on the allegation that many comparable concerns are paying at that rate. In the view of the fact that the financial position of the company is far from stable, and that it is running at a loss, I consider it undesirable to increase the rate. The learned representative suggested that it should be increased at least up to 8½ per cent. I do not consider present to be an opportune moment for increasing the rate of Provident Fund. I decide the issue accordingly.

The two other issues (Issues Nos. 2 and 3) relate to wages scales and grades and dearness allowance. At present, dearness allowance is not separately paid. The wages include it. There are no scales and grades. The Company has filed lists of employees with their pay as an annexure to its statement. The Union has also claimed different grades and scales of pay, providing annual increment in every case. It did not accept the Engineering Tribunal's Award in this matter and alternatively it suggested, that for the present, an increase of 20 per cent. over the existing salary up to Rs. 200, 10 per cent. for those drawing above Rs. 200 but below Rs. 350 and 5 per cent. for all drawing above Rs. 351 should be provided. The wages of all the employees including the Directors' remunerations suffered a cut to the extent of 10 per cent. as an economy measure. The cut is in force. It will, I believe, be restored as soon as the finances of the company would permit. Their lordships of the Hon'ble Labour Appellate Tribunal in Caltex (India), Ltd., 1952, L.A.C., page 402 at p. 408 held, "In Buckingham & Carnatic Mills case, this Tribunal pointed out that the influences of the first three and four factors cannot be appraised with precision and the important factors would be the capacity of the industry and the prevailing rate of wages." Their lordships were dealing with the Fair Wages Committee Report in which it was stated that the following factors would be taken into consideration in fixing the wages : (i) productivity of labour, (ii) prevailing rate of wages in the same or similar occupations in the same neighbouring localities, (iii) level of national income, and (iv) the place of industry in the economy of the contry. The capacity of the industry to pay is the most important factor in deciding the wages scales. The Hon'ble Labour Appellaate Tribunal confirmed the above views in two more recent cases reported in 1954, L.A.C., page 18 and 1954, L.A.C., page 234. They

held that for the purpose of seeing whether incremental scales should be given or not, the ability of the employer to pay is the relevant factor. As the burden on the employer would be increased, year after year, it is also necessary to consider whether it would have the ability to pay in future years, that is to say, the financial stability of the concern is also a relevant factor. Their lordships found that the financial condition of the company was not sound and it was in a very bad way. In those circumstances, the claim of the Union for incremental grades, retiring benefits in the shape of Provident Fund and bonus should not be allowed. I have considered the wages at present paid by the company and I have found that only in the case of 15 that the wages including dearness allowance fall below Rs. 61. I am told by the learned representative for the company that some of these employees are appointed on part-time work. That may so particularly in the case of Sweepers. At the most, the wages of these employees call for a revision and the company would do its best to make it Rs. 61 where necessary. Considering the fact that the company is facing a very critical time and has not the capacity to pay more, due to its unstable financial position due to loss, the Tribunal does not propose to fix any grades and scales of pay at present. The same remarks apply regarding the dearness allowance for it is now inseparable from the wages. I answer the issues accordingly.

Issue No. 5.—This relates to a claim for Puja bonus of 1953. No bonus was paid in that year. This is admitted.

The company resisted this claim on the ground that it never paid any customary bonus on the occasion of the Durga Puja since its incorporation and that it was not liable to pay any in view of the fact that it suffered a huge loss in that year. The Union however claims the same irrespective of the question of profit and loss, alleging that it was always paid at the rate of a month's wages on the occasion of the said Puja by this company and by its predecessor, the M. M. Ispahani, Ltd. A Puja bonus is different from ordinary bonus. It is paid irrespective of any profit and loss of the year. It is claimed as a matter of right, being a term of the employment. The right is based on agreement which may be either express or implied. The leading case on the subject of Puja bonus is Mahaluxmi Cotton Mills, Ltd., Calcutta, a decision of the Labour Appellate Tribunal of India reported in 1952, L.A.C., page 370. Their Lordships of the Hon'ble Labour Appellate Tribunal observed in that case at page 374 as follows: "Puja bonus is a bonus claimed by the workers as a matter of right, payable by the employer at a special season of the year namely at the time of the annual Durga Puja. This right is not based on the general principle that labour and capital should share the surplus left after meeting necessary and prior charges, but it rests on agreement between the employer and the workers. That agreement may be either express or implied; where not express, past practice may lead to an inference of an implied agreement. But for implying agreement, the practice must be unbroken and for a sufficiently long period to exclude the hypothesis that payments had been made out of bounty. It is not possible to say in general terms what should be the length of the period. That would depend on the circumstances of each particular case, but the fact that the payments have been made even in a year of loss would be an important factor on the question as to whether the payments were mere acts of bounty or an obligation on the part of the employers. When the right is thus established, the next question would relate to the amount. ....." Unfortunately, the evidence on both sides on this point is very meagre. P. W. 6 Shri Bose, Vice-President of the Union and an old employee of the M. M. Ispahani, Ltd., said that they did not get any Puja bonus in 1953. They went on a deputation to the Director who regretted his inability to pay any bonus. He said further, "We used to get Puja bonus and two bonus each year before that. We used to get Puja bonus every year, the payment was never stopped in any year. We used to get it at the rate of full one month's salary without

deduction of Provident Fund. We got it in 1947 and 1948. It was paid irrespective of profit and loss made by the company." In cross-examination, it was suggested to him that bonus was not paid because there was loss sustained by the company and that Puja bonus was paid previously when there were profits. He denied the suggestion. O. P. W. 1 Mr. Seal said that bonus was paid only on profits, on the occasion of the Puja in advance on the closing of account. It may be in one or two years that they paid bonus even when they suffered small loss. Payment of bonus was not a condition of service, it was not a customary bonus. It cross-examination, Mr. Seal said that he was not sure of the year but in one year two bonus were allowed to the employees. That was all the evidence regarding this issue. It struck me, at the time of argument, that the evidence was meagre and that it should be supplemented by further statements on both sides, if available. Pursuant to that, both parties filed statements. The company did so under protest. As it failed to assist the Tribunal with more materials particularly regarding the nature of payments made under the previous company, the statements of both sides were not taken into consideration in deciding the issue. Question now is whether the said evidence discussed above is sufficient to establish the right now alleged by the Union. It is a very important matter affecting the conditions of service. The evidence establishes the payment of bonus on the occasion of Durga Puja since 1948, i.e., last five years. It was paid at the rate of one month's wages at that time. It is admitted on the side of the company that bonus was paid even in a year of loss once or twice when the loss was very small. I do not think that, in this state of evidence, Puja bonus was paid at the uniform rate of one month's wages a year, for a sufficiently long time and for an unbroken period. The Union did not make any endeavour to prove by evidence that the employees of the M. M. Ispahani, Ltd., who are now serving the Ispahani, Ltd., received the same bonus previously. I am afraid, that even that evidence would not have been sufficient in this case, for the claim in this case had been put forward on behalf of all the employees of Ispahani, Ltd., including the new entrants. It is not the case of the Union that the present staff consists only of the employees who served under the M. M. Ispahani, Ltd. That being so, the Puja bonus cannot be claimed as a condition of service in any circumstances on behalf of all the employees of the Ispahani, Ltd. After all, the payment of bonus for an unbroken period of five years only does not establish any right, much less a customary one, or show that it was a condition of service agreed on between the parties. The company's objection must also be taken into consideration in deciding the question whether there was any implied agreement between them and their employees regarding the payment of Puja bonus. The company's contention althrough was that the bonus was paid on profits, the payment of which was not stopped in a year of loss, when such loss was negligible. Examining the evidence in the light of probabilities keeping the principles enunciated in the Mahaluxmi Cotton Mills' case in view, the Tribunal finds that the workers are not entitled to any Puja bonus in 1953.

Issue No. 6.—This relates to procedure of discharge or dismissal or any other punishment. Both parties agreed to adopt for the purpose of this issue, the procedure laid down in the Bengal Chamber of Commerce Award. I accept their proposal and decide the issue accordingly.

This is my award.

ORDER.

No. 4354Dis./D/7L-7(A)/54.—14th September 1954.—Whereas under the Government of West Bengal, Labour Department, order No. 2840Dis./D/7L-36/53, dated the 1st August 1953, the industrial dispute between Messrs. Kinnison Jute Mills of Titaghur, 24-Parganas, and their employees, (1) Shri Kanti Bhusan Chatterjee, (2) Shri Sidheswar Mitra, (3) Shri Sanjay Kantal, (4) Shri Nepal Chandra Mitra and (5) Shri Naren Kantal represented by the Kinnison Employees' Association of Talpukur, 24-Parganas, regarding the matters specified in the schedule thereto was referred for adjudication to the Second Industrial Tribunal;

And whereas during the pendency of proceedings before the said Tribunal a complaint was filed before it against the said company by Shri Kanti Bhusan Chatterjee and two other workmen of the said company alleging that the said company had punished the said three workmen concerned in such dispute;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947, (XIV of 1947) the said Tribunal has adjudicated upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

In the matter of an application under section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), filed by Shri Kanti Bhusan Chatterjee and two others against Messrs. Kinnison Jute Mills, arising out of Government order No. 2840Dis./D/7L-36/53, dated the 1st August 1953.

Appearances.

For the workers: Shri Kanti Bhusan Chatterjee himself, General Secretary, Kinnison Employees' Association.

For the Company: Shri M. M. Ghosh, Deputy Labour Adviser, I.J.M.A.

AWARD.

On 15th Febuary 1954, Shri Kanti Bhuan Chatterjee, Shri Siddeswar Mitra and Shri Nepal Chandra Mitra, all employees of Messrs. Kinnison Jute Mills of Titaghur, 24-Parganas, applied under section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), against the said Jute Mills in which they alleged among others that Shri Kanti Bhusan Chatterjee was the General Secretary of the Union and was a party to the dispute referred to this Tribunal under Labour Department's order No. 2840Dis./D/7L-36/53, dated the 1st August 1953, and that he attended the Tribunal

proceedings on 20th and 25th August 1953, 5th October 1953 and 11th and 12th January 1954. Siddeswar Mitra was also a party to the said reference and attended the Tribunal proceedings on 5th October 1953 and 11th January 1954. Nepal Chandra Mitra was also a party to that reference and attended the Tribunal on the 5th October 1953. They did so under special leave of the management. They were however not paid any pay for the leave. Shri Kanti Bhusan Chatterjee and Shri Siddeswar Mitra however received wages for 2 days of such leave. They prayed for a direction on the management to grant them the said leave of absence as special leave.

The management contested this application and contended among others that it was not maintainable for there was no violation of section 33 of the Industrial Disputes Act. It also contended that the petitioners were not entitled to any leave.

Both parties were ready on 7th August 1954. They obtained an adjournment to discuss an amicable settlement of the case.

The General Secretary of the Union, Shri Kanti Bhusan Chatterjee, one of the applicants in the case, filed on 14th August 1954 an application withdrawing their petition under section 33A of the Act, praying for passing a "no dispute" award in the matter.

The management filed a petition informing the Tribunal that in view of the fact that the Union had agreed to withdraw the application under section 33A of the Act, Shri Kanti Bhusan Chatterjee and Shri Nepal Chandra Mitra would be paid for the days they were granted leave without pay for the participation in the Tribunal proceedings.

Heard learned representatives of both sides. There is no outstanding dispute between the parties now and I make an award accordingly. The applications filed by the Union and the management on 14th August 1954 do for part of this award.

DEAR SIR,

Re: Government Order of Reference No. 2840Dis./D/7L-36/53, dated 1st August 1953, in connection with Kinnison Jute Mills.

Your memorandum No. 2919(2)-L.T., dated 31st July/2nd August 1954.

Three clerks of Kinnison Jute Mills, Shri Siddeswar Mitra, Shri Kanti Bhusan Chatterjee and Shri Nepal Chandra Mitra were

granted leave by the management on the following occasions for their participation in the proceedings before the Tribunal:—

(a) Shri Siddeswar Mitra—5-10-53.
11-1-54.

(b) Shri K. B. Chatterjee—20-8-53.
25-8-53.
5-10-53.
11-1-54.
12-1-54.

(c) Shri Nepal Ch. Mitra—5-10-53.
11-1-54.

Shri Siddeswar Mitra got leave with pay on both the occasions. Shri K. B. Chatterjee was granted leave without pay on 20th August 1953, 25th August 1953 and 5th October 1953 and Shri Nepal Ch. Mitra got leave without pay on 5th October 1953 as all leave due to them had been exhausted.

As the Union has agreed to withdraw the application under section 33A in this connection, the management has made arrangements to pay Shri K. B. Chatterjee and Shri N. C. Mitra for the days for which they were granted leave *without pay* for the participation in the Tribunal proceedings.

Yours faithfully,
For and on behalf of
The Kinnison Jute Mills Co., Ltd.,

DECISION.

During the pendency of proceedings before the Lower Tribunal between the Company and its workmen, four persons were discharged, namely, (1) Shri Algoo, (2) Shri K. P. Bhaduri, (3) Shri Anath Nath Paul and (4) Shri P. N. Samanta. The first named person was discharged without notice with effect from 1st September 1952 and the other three from the 1st November 1952 after due notice. They filed complaints under section 33A of the Industrial Disputes Act, 1947, before the Lower Tribunal. The Company's case against Shri Algoo was that he had absented himself for a long time and therefore, the Company was justified in getting rid of his services. With regard to the three others, its case was that they were retrenched because with its dwindling business it undertook to reorganise its labour staff and these three persons were found to be surplus. The Tribunal held that there was no justification for discharging Shri Algoo. He was given leave which he overstayed. Thereafter he joined and worked for six days and then absented himself again. During this period of his absence the Doctor of the Company examined him and gave him a medical certificate that he was down with Pneumonia. But this medical certificate was not taken into consideration and he was not taken back in the service of the Company. The Standing Orders of the Company do not

provide for automatic termination of service, for absence without leave. The Manager admitted that he was not charge-sheeted and therefore he had no opportunity to explain his absence on the second occasion. The Tribunal pointed out that the Company by allowing him to join after he had overstayed his leave and to work for six days, had condoned his absence for the first period and his absence on the second occasion was due to the attack of Pneumonia. These findings are well supported by evidence and the Company has no case against him. The award made in his favour, is, therefore, upheld.

The Tribunal held that P. N. Samanta was not a workman. In coming to that conclusion it relied upon his cross examination wherein he admitted that he was the Chemist-in-charge and Head of the Department, and that his duties were only of a supervisory nature and that he had the absolute control in his department. On this state of the evidence, we think that the Tribunal was right in holding that he was not a workman. His complaint, therefore, does not lie. We accordingly affirm the award made by the Tribunal also so far as he is concerned.

There remain the two other persons, namely, K. P. Bhaduri and Anath Nath Paul. The Tribunal did not believe the Company's case that due to reorganisation made in view of its dwindling business, these two workmen had become surplus. But in the view that we are taking in this case, we need not express our opinion on that point. The fact remains, however, that many more workmen junior in service to them have been retained while these two persons were discharged. Shri Anath Nath Paul was a time-keeper and had put in 12 years of service. He says in his evidence that in 1946, the strength of the labour force was over 200 but it became gradually less and less, with the result that in 1951, a whole-time time-keeper became unnecessary. At that time he was given other duties in addition to his duty as time-keeper, namely, not only to record the attendance of the few workmen that were left but also required to do other miscellaneous jobs such as despatching, etc. He further said that there were other employees who were much junior to him in service. In fact, it was proved that another clerk was appointed, only about 8 months before his discharge. The fact, that the Company in retrenching him has departed from the normal rule of "last come first go" without any justification, is sufficient for upholding the award of the Tribunal in so far as this workman is concerned.

There remains the complaint of the workman Shri K. P. Bhaduri. The Company first of all wanted to make out a case that his retrenchment was necessary because the business of the Company was not in a good position. Seeing that he was a senior man with 14 years of service at his back, the Company wanted to get rid of him on the mere plea that he was suffering from Loucoderma and that the other employees and customers of the Company were afraid to have contacts with him. That was the main reason for his discharge. In the evidence it transpired that he was suffering from that disease since 1941, shortly after he joined this Company. That fact itself proves the hollowness of the defence of the Company, and no objection on that score had been taken by the Company for the last 13 years of his service. It is also in evidence that no complaint was made to the Management on account of his said disease and there is also the expert opinion in the shape of a Doctor's certificate that the disease was neither contagious nor infectious. There is also a Durwan in the service of the Company suffering from the self-same disease and the Company has not taken any action for getting rid of the services of that Durwan. These being the fact, we hold that in discharging K. P. Bhaduri, the Management was actuated by ulterior motives. We accordingly uphold this part of the award also.

The result is that the workmen's appeal, namely, Cal-88/53, which is confined to P. M. Samanta is dismissed but without costs, and the Company's Appeal No. Cal-92/53, which is directed against the award made in favour of these three other workmen, Algoo, Anath Nath Paul and K. P. Bhaduri, is also dismissed but with costs, which we assess at Rs. 50.

M. C. MUKHERJEE,
Collector.

Suri, the 13th September 1954.

CASE NO. 306-49/50(8).

ADVERTISEMENT OF SALE OF GOVERNMENT ESTATES.

NOTICE is hereby given that the proprietory right of Government of India as specified in the conditions of sale below to undermentioned estate situated in the district of 24-Parganas will be put up to sale at the Collectorate at 12 noon on the 29th day of October 1954 corresponding with 12th Kartic, 1361 B.S. The purchaser will be subject to the following conditions of sale:—

Conditions of sale.

1st—The estate to be sold to the highest bidder above the fixed upset price of Rs. 400. The purchaser of this estate will be considered as the proprietor of this estate and the entire proprietory right of Government in such estate (excepting the proprietorship of mineral rights) will be transferred to him. It will be sold as revenue free estate in perpetuity.

2nd—The sale is to be subject to existing leases and to the right recognised in the settlement proceeding and conferred by the laws in force: and the purchasers to respect the rights of resident cultivators.

3rd—One-fourth of the amount of bid to be immediately deposited. If the balance be not paid by noon by the fifteenth day after the sale, reckoning the day of sale as one, or, if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled, the sum deposited being forfeited to Government and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

Number of the district roll.	Name of estate and pargana.	Approximate area in acres.	Government revenue assessed.
52/B/II	Mauza Nahazari, police station Bishnupore, jurisdiction list No. 14, khatian No. 1353, plot Nos. 8135, 8139.	0·54 acres.	Nil.

GOVERNMENT OF INDIA.

North East Frontier Agency.

Advertisement.

APPLICATIONS are invited by the adviser to the Governor of Assam, Shillong, for a few temporary posts of Welfare Officers, Base Superintendents and Transport Superintendents in the North East Frontier Agency from Indian citizens and persons migrated from Pakistan with the intention of permanently settling in India or subjects of Nepal, Sikkim, Portuguese or French possessions in India. Last date for receipt of applications will be 25th September 1954.

Applications must contain, inter alia, the following particulars:—

Name in full; Educational and other qualifications; Age on 1st September 1954; Community; Home district; Experience; Aptitude for social and welfare activities in backward areas; Proficiency in sports; Whether bachelor or married; Details of posts held with present pay if still in service.

2. Preference will be given to suitable serving officers from the following services of the State Governments who will be taken on deputation in the first instance:—

(1) State Civil Service.

(2) Police Service.

(3) Excise Service.

Existing officers of the North East Frontier Agency working in any executive capacity will also be eligible.

Selection will also be made from other suitable young men possessing the required qualities. Such persons must be graduates of recognised Universities and should not be over thirty years of age. The age limit can, however, be relaxed in case of bona fide refugees or candidate from Scheduled Castes or Scheduled Tribes and also in case of those who possess suitable administrative experience.

3 Serving officers will be on deputation for three years in the first instance. The question of extension or permanent absorption will be considered at the end of that period. All officers will be treated as on trial during the first year of their service.

4. **Seniority required.**—Selection from the existing services will ordinarily be confined to officers with the minimum service indicated below:—

(1) For posts of Welfare Officers—5 to 7 years seniority.

(2) For posts of Base and Transport Superintendents—3 to 5 years' seniority.

5. **Terms of service.**—

(a) Basic pay: (1) Welfare Officers (Gazetted posts, belonging to Central Services Class II) in the scale of Rs. 250—250—300—(conf.)—25—400 (E.B.)—400—(E.B.)—25—600—(E.B.)—25—750.

(2) Base and Transport Superintendents (Gazetted posts, belonging to Central Services Class II) in the scale of Rs. 150—150—200—(conf.)—10—260—(E. B.)—10—300—12½—375—(E. B.)—12½—450.

(b) Special pay: Special pay of 33⅓ per cent. of basic pay subject to a minimum of Rs. 125 and a maximum of Rs. 250 when posted in tribal areas.

(c) Accommodation: Free accommodation of simple type on a fixed scale.

Note.—The posts of Base and Transport Superintendents are anologous in functions to those of a Tahsildar or Sub-Deputy Collector of a plains district. The posts of Welfare Officers are equivalent to E.A.Cs. but the functions are those implied in the designation.

6. **Working conditions.**—Service in the North East Frontier Agency calls for a high degree of physical fitness and the possession of special qualities of initiative, imagination, resourcefulness, and broad sympathy for and understanding of tribal peoples, and interest in the life and customs of primitive tribes. Officers will be required to serve in the forward areas in very difficult conditions, as communications are very poor and social amenities hardly exist. They will be expected to live among the tribes, learn their languages, study their manners and customs and win their confidence and trust. They would also have to coordinate the activities of the various development departments such as Agriculture, Engineering, Health, Education, etc., in these areas. Bachelors or married officers whose wives are also interested in welfare work will be preferred. Married officers with children will not be able to take their children with them to the forward areas but will have to make separate arrangements for their education, etc., at Shillong or elsewhere.

7. Applications will be examined by a Selection Board and applicants considered suitable will be called for interview.

No travelling expenses for interview will be paid by this Administration.

Selected candidates will be required to furnish a certificate of physical fitness from a Civil Surgeon before they are appointed that they are fit for strenuous touring on foot in the hills.

PART VI.—Bills introduced in Parliament of India; Reports of Select Committees presented to Parliament; and Bills published before introduction in Parliament.

HOUSE OF THE PEOPLE.

The following Bill was introduced in the House of the People on the 26th February, 1954:—

BILL No. 58 OF 1953.

A bill to preserve the milch and draught cattle of the country.

BE it enacted by Parliament as follows:—

1. Short title, extent and commencement.—(*1*) This Act may be called the Anti Cattle Slaughter Act, 19 .

(*2*) It extends to the whole of India.

(*3*) It shall come into force at once.

2. Definitions.—In this Act, unless there is anything repugnant in the subject or context,—

(*a*) "cattle" shall include cows, bullocks, their calves, he and she buffaloes and their calves;

(*b*) "person" shall include any company or association or body of persons whether incorporated or not.

3. Stopping of cattle slaughter.—No person shall kill or slaughter cattle either for food or for any other purpose either in a licensed slaughter-house or any public or private place and no person shall knowingly permit the use of any premises owned, occupied or possessed by him for any such killing or slaughtering.

4. Penalty and procedure.—(*1*) Any person who contravenes the provisions of section 3 and kills or causes to be killed or slaughtered any cattle, shall be punishable with rigorous imprisonment which may extend to three years or with fine which may extend to one thousand rupees or with both.

(*2*) The offence shall be cognizable and non-bailable.

STATEMENT OF OBJECTS AND REASONS.

The directive in the Constitution of India for stopping cow slaughter has remained a dead letter so far. It is imperative to give effect to the pressing sentiments of the vast majority of people and of the unanimous expression of the will of the people as expressed in the Constitution. Further, India being an agricultural country and being deficient in milk needs cattle. The cows and buffaloes and the bullocks provide these two pressing needs. To meet this constitutional directive and for the preservation of draught and milch animals, it is necessary to take steps for stoppage of slaughter of cows, bulls, bullocks, he and she buffaloes and calves of these animals. Hence this Bill.

DIRECTORATE OF AGRICULTURE, WEST BENGAL.

Calcutta, the 20th July 1954.

First Forecast of Sugarcane Crop of West Bengal for 1954-55.

[*Note.*—The figures of last year except for Darjeeling district shown in this forecast have been taken from the last year's final forecast based on the results of sample survey conducted by the State Statistical Bureau, West Bengal. The figures of this year and those of Darjeeling district for last year have been based on the reports received from the staff of the Directorate of Agriculture, West Bengal.]

Season.—The weather conditions have not been favourable in 24-Parganas, Nadia, Murshidabad, Burdwan, Birbhum and West Dinajpur. It has been reported that dry weather conditions and drought have affected the cultivation and growth of the plants in the districts of Nadia, Murshidabad and Birbhum.

Area planted.—43,400 acres have been estimated to be under Sugarcane crop this year compared to 47,000 acres and 46,900 acres reported respectively in the corresponding and final forecast of last year.

S. N. MUKHERJEE,

for Director of Agriculture, West Bengal.

Calcutta, the 13th August 1954.

Forecast of Summer Til Crop of West Bengal for 1954-55.

Season.—The weather conditions in general have not been favourable for the cultivation and growth of the crop. Decrease in area is due to drought prevailing in almost all the districts at the sowing time.

Area and yield.—The area sown with the crop is estimated at 4,700 acres this year compared to 5,300 acres last year. The total outturn of the crop for the State as a whole is estimated at 770 tons this year compared to 900 tons last year. The average outturn per acre of the crop for the State as a whole is estimated at 4·45 maunds this year compared to 4·52 maunds last year.

PART III—Acts of the West Bengal Legislature

GOVERNMENT OF WEST BENGAL.

Legislative Department.

NOTIFICATION.

No. 2387L.—23rd September, 1954.—The following Act of the West Bengal Legislature, having been assented to by the Governor, is hereby published for general information:—

West Bengal Act XXIII of 1954

THE WEST BENGAL *BARGADARS* (AMENDMENT) ACT, 1954.

[*Passed by the West Bengal Legislature.*]

[Assent of the Governor was first published in the *Calcutta Gazette, Extraordinary*, of the 23rd September, 1954.]

An Act to amend the West Bengal Bargadars *Act, 1950.*

WHEREAS it is expedient to amend the West Bengal *Bargadars* Act, 1950, for the purposes and in the manner hereinafter appearing; West Ben. Act II of 1950.

It is hereby enacted in the Fifth Year of the Republic of India, by the Legislature of West Bengal, as follows:—

Short title and commencement.

1. (*1*) This Act may be called the West Bengal *Bargadars* (Amendment) Act, 1954.

(*2*) It shall come into force immediately on the West Bengal *Bargadars* (Amendment) Ordinance, 1954, ceasing to operate. West Ben. Ord. V of 1954.

Amendment of section 12 of West Ben. Act II of 1950.

2. In sub-section (*3*) of section 12 of the West Bengal *Bargadars* Act, 1950 (hereinafter referred to as the said Act), for the words "the months of *Chaitra* and *Baisakh*" the words "the month of *Baisakh*" shall be substituted.

Insertion of new section.

3. After section 12 of the said Act and before the heading entitled "*Supplemental.*", the following section shall be inserted, namely:—

"Effect of contravention of certain provisions of the Act.

12A. (*1*) Where the owner of any land has, whether before or after the commencement of the West Bengal *Bargadars* (Amendment) Act, 1954, terminated or caused to be terminated, the cultivation of the land by a *bargadar* in contravention of the proviso to sub-section (*1*) of section 5 or of the provisions of sub-section (*2*) or sub-section (*3*) of section 12, or, in any area for which no Board has been established, on any ground other than those mentioned in sub-section (*1*) of section 5, the *bargadar* may apply on or before the 31st day of December, 1954, to the Sub-divisional Magistrate within whose jurisdiction the land is situated for the restoration to cultivation of the land and such Magistrate, or any other officer subordinate to him to whom the case may be transferred under

The West Bengal Bargadars *(Amendment) Act, 1954.*

(Section 4.)

sub-section (*3*) by such Magistrate, may, after giving an opportunity to the owner of the land of being heard and after taking such evidence as may be adduced by the parties and on making such enquiry as he may think fit, make an order directing the restoration to cultivation of the land by the *bargadar* and shall, where such order is made, forthwith enforce the order:

Provided that if, where an order directing the restoration to cultivation of the land by the *bargadar* is made under this sub-section, there is on the land any standing crop grown by any person other than the *bargadar*, such order shall not be enforced except on payment by the *bargadar* of such sum, either in cash or its equivalent in paddy, as may be determined by the Sub-divisional Magistrate or other officer making the order to be the fair and reasonable cost of growing such crop.

(*2*) (*i*) Any person aggrieved by an order on an application under sub-section (*1*), may, within thirty days from the date of such order, apply to the District Judge within whose jurisdiction the land is situated for the revision of such order; and the District Judge shall pass such orders on revision as he thinks fit and his orders shall be final.

(*ii*) Save as provided in clause (*i*), no order on an application under sub-section (*1*) and no proceedings connected with such application, shall be called in question in any Court.

(*3*) A Sub-divisional Magistrate may transfer for disposal any application made under sub-section (*1*) by a *bargadar* to an officer subordinate to the Sub-divisional Magistrate.

(*4*) The Sub-divisional Magistrate or the officer to whom the case is transferred by him under sub-section (*3*) shall be deemed to be a court for the purposes of the Indian Oaths Act, 1873 and section 195 of the Code of Criminal Procedure, 1898 and the proceedings before them shall be deemed to be judicial proceedings for the purposes of section 193 of the Indian Penal Code and such Magistrate or officer shall exercise all the powers of a Magistrate under the Code of Criminal Procedure, 1898, connected with the summoning of parties and witnesses and with the production of documents. X of 1873. V of 1898.

(*5*) If, after the commencement of the West Bengal *Bargadars* (Amendment) Act, 1954, the owner of any land terminates or causes to be terminated or attempts to terminate the cultivation of the land by a *bargadar* in contravention of the proviso to sub-section (*1*) of section 5 or of the provisions of sub-section (*2*) or sub-section (*3*) of section 12, or, in any area for which no Board has been established, on any ground other than those mentioned in sub-section (*1*) of section 5, he shall be guilty of an offence punishable with fine or with imprisonment which may extend to six months or with both.

(*6*) An offence under sub-section (*5*) shall be cognizable and bailable.

(*7*) The provisions of this section shall have effect notwithstanding anything contained in section 7.".

Continuance.

4. On the West Bengal *Bargadars* (Amendment) Ordinance, 1954, ceasing to operate, section 8 of the Bengal General Clauses Act, 1899, shall apply as if the said Ordinance and the West Bengal *Bargadars* (Second Amendment) Ordinance, 1954, were enactments then repealed by a West Bengal Act. West Ben. Ord. V of 1954. Ben. Act I of 1899. West Ben. Ord. VIII of 1954.

By order of the Governor,
S. K. D. GUPTA,
Secy. to the Govt. of West Bengal.

GOVERNMENT OF WEST BENGAL.

Legislative Department.

NOTIFICATION.

No. 2402L.—24th September, 1954.—The following Act of the West Bengal Legislature, having been assented to by the Governor, is hereby published for general information:—

West Bengal Act XXV of 1954

THE CALCUTTA PORT (AMENDMENT) ACT, 1954.

[*Passed by the West Bengal Legislature.*]

[Assent of the Governor was first published in the *Calcutta Gazette, Extraordinary*, of the 24th September, 1954.]

An Act to amend the Calcutta Port Act, 1890.

WHEREAS it is expedient to amend the Calcutta Port Act, 1890, for the purposes and in the manner hereinafter appearing; Ben. Act III of 1890.

It is hereby enacted in the Fifth Year of the Republic of India, by the Legislature of West Bengal, as follows:—

Short title.

1. This Act may be called the Calcutta Port (Amendment) Act, 1954.

Amendment of section 59 of Ben. Act III of 1890.

2. To section 59 of the Calcutta Port Act, 1890 (hereinafter referred to as the said Act), the following proviso shall be added, namely:—

"Provided that where any agreement has been reached between the Commissioners and the Corporation of Calcutta providing that the annual value of the properties vested in the Commissioners is to be ascertained for the purposes of municipal assessment on a basis different from that set out in the foregoing provisions of this section, the annual value may, with the approval of the State Government, be ascertained on such basis with effect from such date (which shall not be earlier than the 1st day of April, 1952) as the State Government may direct.".

The Calcutta Port (Amendment) Act, 1954.

(Sections 3, 4.)

Amendment of section 66A.

3. To sub-section (*1*) of section 66A of the said Act, the following proviso shall be added, namely:—

"Provided that where any agreement has been reached between the Commissioners and the Corporation of Calcutta providing that the annual value of any building or structure erected on any land vested in the Commissioners let out to tenants is to be ascertained for the purposes of municipal assessment on a basis different from that set out in the foregoing provisions of this sub-section, the annual value may, with the approval of the State Government, be ascertained on such basis with effect from such date (which shall not be earlier than the 1st day of April, 1952) as the State Government may direct.".

Amendment of section 68A.

4. In sub-section (*1*) of section 68A of the said Act,—

(*i*) after the word "applicable" the words "*mutatis mutandis*" shall be inserted; and

(*ii*) after the words "of the said Act" the words "or to which section 168 of the Calcutta Municipal Act, 1951, has been or may be extended under section 589 of that Act" shall be added. West Ben. Act XXXIII of 1951.

ORDER.

No. 4479Dis./D/10L-70(A)/54.—21st September 1954.—Whereas under the Government of West Bengal, Labour Department, order No. 4583Dis./D/10L-85(B)/53, dated the 1st December 1953, read with its corrigendum No. 995Dis./D/10L-85(B)/53, dated the 2nd March 1954, the industrial dispute between Messrs. Hoare Miller & Co., Ltd., 5, Fairlie Place, Calcutta-1, and the workmen as represented by Hoare Miller Employees' Welfare Association, 5, Fairlie Place, Calcutta-1, regarding the matters specified in the schedule thereto was referred for adjudication to the Sixth Industrial Tribunal;

And whereas the said Sixth Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

In the matter of an industrial dispute existing between Messrs. Hoare Miller & Co., Ltd., 5, Fairlie Place, Calcutta-1, and the workmen as represented by Hoare Miller Employees' Welfare Association, 5, Fairlie Place, Calcutta-1.

BEFORE THE SIXTH INDUSTRIAL TRIBUNAL, WEST BENGAL, CALCUTTA.

Appearances.

For Hoare Miller Employees' Welfare Association: Shri D. L. Sen Gupta, Advocate and Shri Patit Paban Pathak.

For the Company: Shri Sailesh Chandra Sen, Advocate.

The industrial dispute existing between Messrs. Hoare Miller & Co., Ltd. and the workmen as per schedule given below has been referred to this Tribunal under Government order No. 4583Dis./D/10L-85(B)/53, dated the 1st December 1953, for adjudication.

SCHEDULE.

(1) Whether the workmen are entitled to receive any amount in addition to one month's basic pay as bonus payable in 1953.

AWARD.

Original reference was in respect of the dispute between the Company and their workmen (employees in their Head Office), subsequently by corrigendum No. 995Dis./D/10L-85(B)/53, dated the 2nd March 1954, the words "employed in their Head Office" were deleted after the words "and their workmen". The result is that the dispute now falling for adjudication is between the Company on one hand and its workmen on the other.

The Union contends on behalf of the workmen that the Company has been paying the annual bonus every year during the Puja time, equivalent to one month's basic pay and dearness allowance and one year's Provident Fund contribution, irrespective of any profit or loss and that this bonus is now a service condition by implied agreement. It is stated that in 1953 such bonus for 1952 was payable and that the Company paid only one month's basic wage and not dearness allowance and Provident Fund contribution.

The Company contends on the other hand that bonus was never a service condition and that the Company by way of "good-will gesture", paid such bonus every year during Pujas and that in 1952, there was no profit, on the other hand there was sheer loss, still the Company paid the workmen (excluding the workmen of the Upholstery Factory in respect of whom separate reference has been made) one month's basic wage as bonus for the year 1952 (in 1953). The Company gives a chart of the years in their written statement in which rate of bonus paid to its workmen is shown. This chart shows that in 1940, 1941 and 1943, only half month's basic pay was paid as bonus and that in 1942, 1944, 1945 and 1946, one month's basic pay was paid as bonus. In 1947, 1948 and 1951 one month's basic pay plus dearness allowance was paid as bonus. In 1949, 1950 and 1952, one month's basic pay plus dearness allowance plus one year's Provident Fund contribution were paid as bonus. It is admitted that the payment is made every year for the immediately preceding years. Admittedly in 1951, there was peak profit made by this Company and therefore we find that for the said year bonus equivalent to one month's basic wage plus dearness allowance plus one year's Provident Fund contribution was paid to each workmen and that the said payment was made in 1952, *i.e.*, the following year. The balance-sheet of the year 1952 produced by the Company shows that the gross profit was Rs. 3,57,918 after making an allowance in the sum of Rs. 1,89,006 on account of depreciation during the said year. The Company has submitted a statement which is marked Annexure "A", which shows that after allowing deduction on account of depreciation, income-tax, rehabilitation, and 6 per cent. return on the paid-up capital and 4 per cent. on the working capital there has been deficit to the extent of Rs. 1,44,090. The Union did not challenge this statement but its contention is that there has been an implied agreement for payment of bonus equivalent to one month's basic wage plus dearness allowance

plus one year's Provident Fund contribution, and that this agreement is implied from the conduct of the Company because such payments were made at least in the years 1949, 1950 and 1952 and that one month's basic wage plus dearness were paid as bonus in 1947, 1948 and 1951. The question is whether from these several payments it may be held that there has been an implied agreement for paymnt of bonus equivalent to one month's basic wage plus dearness allowance plus one year's Provident Fund contribution. It is admitted that the Company has already paid one month's basic wage for the year concerned. I think that repeated payments of bonus amounting to one month's basic wage for these long years have given rise to the implied agreement for payment of bonus at that rate. The payment of dearness allowance and Provident Fund contribution as part of bonus in some of the years does not unequivocally show that these were paid on the basis of any implied agreement. In some years dearness allowance was not paid as bonus, in some years Provident Fund contribution was not paid as bonus. It has been held in Press Employees' Association and the Statesman, 1954, 1 L.L.J., page 167, that—

> "The conditions of service of a workman are to be ascertained either on the basis of the Standing Order or on the basis of an agreement either expressed or implied".

In that case it was also observed that—

> "As the payment of bonus in the past was only a gesture of good-will and was depending upon the trading result of the year, no implied condition could be inferred from the payment of bonus for years in which the Company incurred loss".

It was held in Martin Burns, Ltd. *vs.* Workmen, 1953, 2 L.L.J., page 603, by the Appellate Tribunal that:—

> "Where the Company has been paying two months' basic wages as bonus to all workers irrespective of the trading results of the Company for over ten years, it must be held that payment of bonus has come to be an implied term of contract of service".

Similar principles were also laid down in Muller Phipps, Ltd. *vs.* Workmen, 1954, 6 F.J.R., page 171 and Mahalaxmi Cotton Mills case, 1952, L.A.C, page 370. It was observed in Mahalaxmi Cotton Mills case that—

> "an inference of implied agreement may be drawn from the past practice but the past practice must be unbroken and for a sufficiently long period to exclude the hypothesis that payments have been made out of bounty. It is not possible to say, in general terms, what should be the length of the period. That would depend upon circumstances of each particular case".

It was also observed in that case that—

> "the fact that the payment had been made even in a year of loss would be an important factor on the question as to whether the payments were mere acts of bounty or an obligation on the part of the employers".

In the present case it has not been shown that dearness allowance or Provident Fund contribution as bonus was ever paid in any year of loss. In the case of Union Drug Co. *vs.* Union, 1954, 1 L.L.J., page 766, it was held that—

> "Period from 1945 to 1950 was not a sufficient long period for this purpose".

In view of the fact that in 1952 there has been loss and no profit it cannot be held that the Company is bound to pay dearness allowance and Provident Fund contribution for one year in addition to one month's basic wage as bonus, so I hold that the workmen are not entitled to receive any amount in addition to one month's basic wage as bonus payable in 1953.

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947, (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

In the matter of an industrial dispute existing between Messrs. Hoare Miller & Co., Ltd., 5, Fairlie Place, Calcutta and their employees of the Upholstery Factory as represented by Hoare Miller (Manufacturing Division) Employees' Union, 37, Diamond Harbour Road, Calcutta-27 and Administrative Staffs Association, Upholstery Factory, Messrs. BEFORE THE SIXTH INDUSTRIAL TRIBUNAL, WEST BENGAL, CALCUTTA.

PRESENT:

SHRI MOTILAL CHAKRAVATTI, *District Judge, Judge, Sixth Industrial Tribunal.*

Appearances.

For the Company: Shri Sailesh Chandra Sen, Advocate.

For the Unions: Shri Patit Paban Pathak and Shri D. L. Sen Gupta, Advocate.

The industrial dispute existing between Messrs. Hoare Miller & Co., Ltd., and their employees of the Upholstery Factory as represented by Hoare Miller (Manufacturing Division) Employees' Union and Administrative Staffs Association, Upholstery Factory, Messrs. Hoare Miller & Co., Ltd., has been referred to this Tribunal under Government order No. 6006Dis./D/10L-85(B)/53, dated the 30th September 1953, for adjudication.

DISPUTE.

Bonus for 1953.

AWARD.

It is admitted that the financial year of the Company ends on the 31st December every year. It is also admitted that the present claim for bonus is a claim for the year 1952, which is alleged by the Unions to be payable in 1953. The Unions contend that the Manufacturing Division and the line staff have not been paid any bonus for the year 1952, although such bonus has been paid to the workmen of the other departments and they claim this bonus as a service condition, based on long standing practice of paying such bonus at the time of the Pujas every year irrespective of any profit or loss arising to the Company. The Unions claim bonus as an annual bonus equivalent to one month's total emolument, *i.e.*, one month's basic wages and dearness allowance.

The Company on the other hand contends that this Manufacturing Division previously belonged to Messrs. Scott & Pickstock Company and that in August 1951, the said Manufacturing Division has been purchased by Messrs. Hoare Miller & Co. It is also admitted that in 1951 and 1952, the Company paid bonus to the workmen of this Manufacturing Division also at one month's basic wages and dearness allowance. In the written statement the Company contends that the said bonus was paid by way of "good-will gesture" and that the workmen have no right to demand it and that the bonus which the workmen had in 1951 and 1952, "was unrelated to profit" and it was never meant to be a condition of service, and that according to the decisions in Mill Owners' Association case, the workmen's claim for bonus as a condition of service is not maintainable.

The fact is admitted that in 1951 and 1952, Messrs. Hoare Miller Company paid bonus equivalent to one month's basic wages and dearness allowance to all the workmen including the workmen of the Manufacturing Division and that in 1953, workmen other than those of the Manufacturing Division were paid one month's basic wage as bonus, but the Manufacturing Division workmen were not paid anything. It also appears from the written statement that when the matter was pending before the Labour Commissioner, the Company made some payment to the workmen of the Manufacturing Division by way of advance during the Puja time and it was understood that the said payment would be adjusted afterwards. When it is the Company's own case that this bonus which was paid in 1951 and 1952 to the workmen of this Manufacturing Division "was unrelated to profit" and when it is a fact that even after working of the said Manufacturing Division for only a part of the year, the Company was pleased to pay the workmen bonus for that year without any diminution, seem to suggest that the bonus was paid as a service condition. In this connection we should also

consider the fact that Messrs. Hoare Miller & Co. gave a notice Ext. 1, to the staff of this Manufacturing Division at the time of the purchase of the concern, Messrs. Scott & Pickstock, Ltd. By that notice Messrs. Hoare Miller & Co. expressed that they were willing to offer the entire staff employed in the said department on terms identical with those which were being received at that time from Scott & Pickstock Company, Limited. It is clear from the evidence that the staff (wholesale) of the Manufacturing Division was taken in by Messrs. Hoare Miller & Co. after this purchase. The Company has also filed a statement Ext. A showing that Scott & Pickstock Manufacturing Division staff were paid bonus every year since 1944 up to 1951 and that before 1947 they were paid at 2 months or more and that since 1947, they have been paid at one month's wages. It is admitted that in 1951 and 1952, they were paid at one month's basic wages and one month's dearness allowance. The payment of dearness allowance in 1951 and 1952 only in these circumstances cannot give any inference that it was paid as a service condition, but payment of one month's basic wages since 1947, up to 1951, methodically gives the reasonable inference that it was paid as a service condition. Considering all these circumstances I cannot but come to the conclusion that the bonus as claimed by the Unions is an annual bonus and that it is a service condition based on implied agreement as laid down in Mahalaxmi Cotton Mills and other cases. It is contended in the evidence that for the year 1952 (which was otherwise payable in 1953), the Company did not pay any bonus to the workmen of the Manufacturing Division simply because in the year 1952, there was no profit in the said Manufacturing Division and that on the other hand there was loss. When the Company admits in its written statement that the bonus which was paid was "unrelated to profit", I do not think that the question of profit or loss arises at all in this case. The question is whether the bonus was paid as good-will gesture, or as service condition. There is nothing documentary to show that the practice of paying annual bonus since 1944 as is admitted by the Company in its own statement was paid as good-will gesture, on the other hand, this long standing practice of paying bonus annually irrespective of profit and loss gives rise of the inference that it was based on implied agreement. So the claim of the workmen for one month's basic wages as bonus for the year 1952, payable in 1953 is quite just, reasonable and legal and it is binding upon the Company. So my award is that the Company shall pay one month's basic wage to each of these workmen, less what have been already paid to them as advance during the conciliation proceeding, if such adjustment is due and if after adjustment anything is payable to the workmen the same shall be paid within 15 days from the date of publication of the award in the *Calcutta Gazette*.

AWARD.

The Government of West Bengal, Labour Department, by its Order No. 4325Dis./D/10L-153/53, dated the 13th November 1953, referred an industrial dispute existing between Messrs. Crown Cork Manufacture Co. (Calcutta), 1, Umakanta Sen Lane, Calcutta-30 and their workmen represented by Crown Cork Workers' Union, 57/7, Barrackpore Trunk Road, Calcutta-9, regarding the matters specified in the schedule to the Order of Reference under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), to this Tribunal for its adjudication.

This was received in the office of this Tribunal on 21st November 1953 and usual notices were issued to both parties for appearance and written statements. Both parties filed their written statements in due course and the case was taken up on the day fixed for its hearing.

The Union in its statement stated that the dispute related to the closure of the factory by the Management without any previous notice. On the 12th September 1953, the workmen went to the factory gate as usual to resume their duties when they found a notice of the previous day informing that the factory would be closed from 14th September next due to depression in trade and curtailment of orders. This was strongly resented by the workers who went on a deputation to the Management. The Management

agreed to settle the matter in consultation with their Labour Officer. In that meeting, the next day, it was found that the production had exceeded the preceding years in some cases. The matter was taken to the Labour Directorate for further discussion and settlement. But the matter however was not settled. The closure was highly irrational and unjust in the following circumstances: (i) the factory was declared closed without any previous notice; (ii) the decision was taken by the Managemnt without any prior consultation with the workmen or their Union despite the fact that a Union recognised by the Management was in existence since 1948; (iii) on no previous occasion, out of 15 years of its existence, the Company declared closure of the factory on the ground of depression in trade and curtailment of orders; (iv) the closure could have been avoided as is done in other manufacturing concerns in times of slack season by putting the workers on to other jobs; (v) the action was taken indirectly to suppress the demands of the workers for Puja bonus; (vi) the production cost was reduced from the beginning of the year; (vii) the Management did not produce relevant documents called for by the Union. The Union in the foregoing circumstances, pray for opening the factory, wages for the period of closure, Puja bonus and wages for the 15th August and 26th January.

The Crown Cork Manufacturing Co. (hereinafter called the "Company") in their statement resisted the claim of the Union and stated that they had a very small factory employing only 20 workers. They are engaged in the manufacture of crown corks used in aerated water bottles. The Company is engaged in manufacturing an auxiliary commodity only, its business depends on the business or sale conditions of aerated water. As the summer season is the peak season for consumption of aerated water and cold drinks, there is naturally comparatively larger business for crown cork during summer months. During the last two years, however, the position showed considerable deterioration due to general depression. For instance, in 1952 the total sales came down to 190,700 grosses as compared to 273, 500 grosses in 1951. In 1953, the position further deteriorated inasmuch as except for the four months of March, April, May and June—the peak period—the sales were negligible in January, February and again in July-August. The sales in July came down to 4,200 grosses and further went down to 700 grosses in August as compared to 39,000 grosses in April 1953. The Management tried their best to keep the factory running and with this end in view, they approached all the parties who had placed orders but from whom instructions had been received not to effect further despatches. Only when the Management realisd that parties were not prepared to issue instructions for effecting despatches owing to slump in business, that they decided to keep the workers on involuntary unemployment to overcome the crisis. It would appear that on 10th September 1953, orders to the extent of about 75,000 grosses were outstanding, but most of the parties had issued instructions not to effect despatches. The company had already stock of about 29,000 grosses It would not possible to keep the manufactured goods for a long time because they get rusty and as such it was not possible to keep on producing when the immediate prospects were very gloomy. The financial position of the Company had become very weak because of the continued depression in business. Goods worth about Rs. 33,000 were sold on credit during 1953 as the parties were not able to make immediate payment. There is little chance of recovering this amount. It is under these circumstances that the Management had to put up the notice for involuntary unemployment.

Dealing with the allegations of the Union, it stated that the notice of involuntary unemployment was put up on 11th September 1953 during

factory hours and copy of that was handed over to Shri Kartick Kr. Ghosh, a representative of the workers. The question of closure without notice, therefore did not arise. On 12th September 1953, the workers came to the factory but did not start work. They kept confined the Management till 10 p.m. The proprietor along with the staff was allowed to leave the factory only with the help of the police In the conciliation proceedings, the Conciliation Officer visited the factory on 24th September 1953 and on inspection of the Company's records, he was satisfied that the action of the Management was proper. The factory re-opened from 1st January 1954. The Company asserted that its action in laying off that workers was for *bona fide* trade reasons and was fully justified in the circumstances in which it was placed. The workers were not entitled to any wages for the period of unemployment except such benefit as was promised in the Company's notice, dated 11th September 1953. It filed several statements showing the position of stock, production and sale.

The only issue is:

Whether the closure of the factory is justified? To what relief are the workmen entitled?

FINDINGS,

Shri Sing on behalf of the Company has urged that the matter of dispute is not closure of the factory, as it is stated to be, but putting the workers to involuntary unemployment for trade reasons. There is not much of real difference between the closure of the factory and putting the workers to involuntary unemployment in the circumstances of the case. Admittedly, there was complete stoppage of work in the factory from 14th September 1953 till the end of that year. The factory re-opened on 1st January next, the 20 workers were laid off by the Management by a notice dated 11th September 1953 and nothing turns on the alleged difference between the closure of the factory and the stoppage of work in it due to involuntary unemployment.

The Management of the Company justifies its action on the grounds very elaborately stated in paragraphs 2, 3 and 4 of its written statement filed in this case. Briefly stated the immediate grounds for laying off the workers are, depression in trade and serious curtailment of orders as given out in the Manager's notice, dated 11th September 1953, which forms part of the Company's written statement in the case. It put all the 20 workers to involuntary unemployment with effect from 14th September 1953, initially for a period of two months. The Management stated in the notice that the workers would be recalled if the situation improved in the meantime and that the workers would be paid the unemployment benefit at the rate 15 days' pay as per Major Engineering Tribunals Award, 1948.

The Union raised a dispute as soon as the notice was given and resisted the Company's action as irrational and unjust mainly on the grounds stated at page 3 of its written statement. Their objections are mainly: (i) there was no previous notice; (ii) Union was not consulted; (iii) no such action was taken on any previous occasion when the workers were employed on other jobs; (iv) a false plea of depression in trade; (v) non-production of relevant documents in the conciliation proceedings and lastly (vi) the production cost was greatly reduced since the beginning of the year 1953.

Shri Sing contends that all these objections are untenable for (i) they are contrary to facts; (ii) they are irrelevant and lastly (iii) frivolous. It is in evidence of the Management that a notice was hung up during working

hours on the 11th September informing the workers concerned that the involuntary unemployment would commence from 14th September next. A copy of that notice was handed over to Kartick Babu, a representative of the workers. Kartick Babu does not deny this. It appears further that the Union, a registered one, existed at least from 1949. Its registration was cancelled. It was only on 11th September 1953 that the Secretary of the Union informed the Manager that the Union had again been registered under the Trade Unions Act (vide Ext. O). On 14th March 1952, all the employees in a signed petition to the Manager asked for revision of their wages, scales and enclosed a Charter of Demands along with it. They authorised Dr. S. K. Bose and Shri N. Das to represent that case (Ext. P). This was followed by a settlement between the parties, dated 3rd May 1952. The Memorandum of Setttlement is Ext. Q and is signed by Kartick Ghosh, Brajen Roy and Rajkumar Bhattacharjee on behalf of the employees and B. L. Goenka on behalf of the employer in the presence of Shri I. Dey, Conciliation Officer, who also signed it. The Union further relied upon Exts. A and 1A. Exhibit 1 is a letter from the proprietor of the Company to the Secretary of the Union, dated 1st March 1952. Exhibit 1A is the Secretary's letter to the Manager, dated 18th February 1952. All these are previous to Exts. P and Q relied on by the Management. It is true that the Union existed at the relevant time. But that, its registration being cancelled, it did not formally function in all matters between the workers and the Management. This is suggested by the Management to be the reason why the Union was not previously consulted before putting the workers to involuntary unemployment. Further, in matters like this, the Management is under no legal obligation to consult the Union before taking any action, although, it is desirable that it should do so just to inform the workers beforehand that they would be temporarily thrown out of employment. Shri Sing said that for obvious reasons, the notice of such involuntary unemployment could not be given to the workers concerned long before the relevant time. There is sufficient force in this argument. The Union's next objection is that on no previous occasion, the Management put the workers to involuntary unemployment but on the contrary, it employed the workers on odd jobs whenever there was slack season. It appeared from the evidence of the proprietor that this Company was th pioneer in the field and almost held monopoly in the business till very recently other rivals came to the field. The rival companies started work about two years ago and the result is the very strong competition existing between this company and the Metal Box, Kohinoor in Calcutta and I. C. I. and others in Delhi and Bombay. Even now, this company looks to Madras and Delhi for sale of its manufactured goods This explains the fact that on no previous occasion there was any necessity for putting the workers to involuntary unemployment. It is further in evidence that the position of the business is greatly deteriorating in the last two years and its sales have been considerably reduced. There has been considerable contraction of business due to no demand for goods in the market. Accordingly, Shri Sing contends that the Management was obliged to take recourse to this action after careful consideration and that there was hardly any justification for saying that the Management was precluded from taking the action because it did not do so in the past. Dr. Bose, President of the Union, very candidly said that the relationship between the Union and the Management before this was very good and in fact, the Secretary of the Union in his letter, dated 11th September 1953 (Ext. O) said that "the Union has a long-standing record of friendship and amity with the Management." Dr. Bose has not suggested for a moment that the action was motivated by any design against the Union activities of the workers. It was not a case of victimisation by the Management. The *bona fide* of the Management in that way was not

qestioned. Dr. Bose raised two other small points which, I think, are irrelavant for the present enquiry. It is very good of him to say that the Management greatly reduced the production cost since the beginning of the year under review. I fail to see how this can prevent the workers to make a demand for payment of Puja bonus in 1953 if they were otherwise entitled to it. Neither, the non-production of the relevant documents before the Conciliation Officer be considered to be a ground for saying that the closure was unjustified. Dr. Bose did not say anything about the trading and financial position of the Company in the year under review. The only suggestion came from the Union side was that during the conciliation proceedings, it was found that the half yearly production in 1953 had exceeded that of the previous year. This again is evidence in favour of the Management. The Management's point of view in this matter is that there was huge accumulation of stock with great reduction in sales and no immediate prospect of improvement in the trading situation which left the Management only with two course of action, namely, either to close down the business or to put the workers to involuntary unemployment for short period. They were left with no other choice. They adopted the course which was less injurious to the cause and the interests of the workers. Judging the objections taken up by the learned President of the Union in this case, in the background of the trading and financial position of the business as disclosed in the evidence, the Tribunal finds them to be untenable.

Turning to the evidence of the Management on the trading and financial position of the business at the relevant date, namely, in the beginning of the month of September 1953, the Tribunal finds from the volume of correspondence that passed between the Company and its customers in Madras and Delhi (Exts. D to D9, E to E4, F to F14, G to G6) that the customers had either cancelled their orders, wanted reduction in prices, wanted goods on credit and instructed the Company not to despatch the goods at present due to depression in the market. It would appear from Exts. B and G that the order received from the parties amounted to 75,000 grosses. Out of this, no reply from the customers came in respect of 17,050 grosses. Instructions received from the customers not to despatch goods in respect of 39,200 grosses. Credit was asked in respect of 4,100 grosses and reduction in prices wanted in respect of 11,350 grosses. The remaining orders were cancelled. In fact, the Company had suffered a loss for sale on credit amounting to Rs. 33,000 in 1953 alone. Exhibit A, a comparative statement showing production, sale and stock, is very helpful in this case. There was production for 12 months in 1951, 10 months in 1952 and 8 months in 1953. The production fell from 277,276 to 149,981 grosses. Sales fell from 273,500 to 145,282 in 1952 and there was the closing stock of 29,287 at the end of August 1953. Taken along with this, the fact that the production in the first half year of 1953 exceeded that of 1952 (which of course is not totally correct), there was sufficient justification for the Management to stop production for the time being just to completely ascertain the position of the market. The Company manufactures crown corks for aerated water bottles and generally has good business during summer months when cold drinks are in great demand and this corks made of tins get rusty and are damaged if remain unsold for some time due to the climatic position of this place. It is in evidence of Shri Goenka and Shri Ganguly, the Proprietor and the Manager of the Company, that in view of this alarming market position, the Management decided to stop production for some time. They did so after due care and caution and consulting the principal customers in the market. The Company has filed its Balance Sheets for 1951 and 1952. Unfortunately they are not audited. They show that the

Company in 1951 made a profitt of about Rs. 25,000 and in 1952 of about Rs. 13,000 (vide Exts. Z4 and Z5). The Tribunal is not in a position to say the absence of Balance Sheet of 1953, the financial position of the Company in that year but it is not on the ground of loss that the Management put the workers to involuntary unemployment. Therefore, the fact that in the previous year, the Company had earned a small profit is no reason why the action of the Company in stopping the production for a short time would be unjustified.

On a consideration of the evidence, the Tribunal finds that the action of the Company in putting the workers of the factory to involuntary unemployment and thereby closing the work of the factory for the time being is justified. It is extremely unfortunate that the period of unemployment extended over two months, i.e., the period of notice under circumstances over which the Management had no control. That is however a matter which is not necessary to investigate in the present case.

The Management told the laid off workers in their notice, dated 11th September 1953, that they would be paid all benefits for involuntary unemployment as per Major Engineering Tribunal's Award, 1948 and invited them to come to the office on 7th October next for payment. It is said on the side of the Management that excepting those workers against whom applications under section 33 of the Industrial Disputes Act were pending, all other workers had collected their dues. This evidence remains uncontradicted. The laid-off workers are entitled to get at the rate of half the basic pay and half the dearness allowance for 30 days in each half year under the Major Engineering Tribunal's Award. They will be paid at this rate for the period of involuntary unemployment in this case except to those who have already withdrawn their dues This will be paid within a month from the date of publication of this award.

In the matter of an industrial dispute existing between Calcutta Steam Navigation Co., Ltd., 5, Fairlie Place, Calcutta, and their workmen as represented by Hoare Miller Employees' Welfare Association, 5, Fairlie Place, Calcutta-1, and in the matter of an industrial dispute existing between Messrs. BEFORE THE SIXTH INDUSTRIAL TRIBUNAL, WEST BENGAL, CALCUTTA.

PRESENT:

SHRI MOTILAL CHAKRAVATTI, *District Judge, Judge, Sixth Industrial Tribunal.*

Appearances.

For Calcutta Steam Navigation Co., Ltd., and Ganges Engineering Works: Shri Sailes Sen, Advocate.

For Hoare Miller Employees' Welfare Association and Ganges Engineering Works Workers' Union: Shri D. L. Sen Gupta, Advocate, with Shri Patit Paban Pathak.

The reference under Government Order No. 4584Dis./D/10L-85(B)/53, dated the 1st December 1953, originally was between Messrs. Calcutta Steam Navigation Co., Ltd., and their workmen employed in the Head Office as represented by Hoare Miller Employees' Welfare Association and subsequently by Order No. 2901Dis./D/10L-70(A)/54, dated 8th June 1954, the Government amended the reference by deleting the words "employed in the Head Office" after the words "and their workmen". The result is that the reference is now between the aforesaid Company and its workmen.

Other reference case is between Messrs. Ganges Engineering Works, Bally, Howrah, and their workmen as represented by Ganges Engineering Works Workers' Union and this reference is under Government Order No 786Dis./D/10L-85(B)/53, dated the 18th February 1954.

It is admitted that the Ganges Engineering Works is not a limited Company but it is only a department of Calcutta Steam Navigation Co., Ltd. The contention of the workmen is that the reference under Government Order No. 786Dis./D/10L-85(B)/53, dated 18th February and the reference under Government Order No. 4584Dis./D/10L-85(B)/53, dated the 1st December 1953, relate to the dispute regarding bonus payable

in 1953, for the year 1952 to the workmen of Calcutta Steam Navigation Company, Ltd., to the exclusion of members of the Boating Crew who are popularly known as *Dandi* and *Manzhi* and who are members of Bengal Mariners' Union and that the present two references include only the workmen of the Head Office, Dock Office, Bally Clerical Office staff, Armenian Ghat staff, Ghatal Line staff, and workers of Bally.

Company on the other hand contends that in view of the amendment of the original reference all workmen including the *Dandi* and *Manzhi* of the Boating Crew also come under these two reference cases. Now I take up the reference No. 4584Dis., dated 1st December 1953, and in a separate award I shall decide the reference case No. 786Dis., dated the 18th February 1954.

AWARD.

Reference case No. 4584Dis./D/10L-85(B)/53, dated the 1st December 1953.

As he *Dandi* and *Manzhi* of the Boating Crew are not members of these two Unions in the two reference cases and those persons are on the other hand members of Bengal Mariners' Union, it cannot be imagined that the phrase "workmen as represented by Hoare Miller Employees' welfare Association" would include the *Dandi* and *Manzhi* of the Boating Crew. Therefore I hold that the workmen other than *Dandi* and *Manzhi* of the Boating Crew are parties in this case. The dispute referred to this Tribunal is:

"Bonus payable in 1953."

It is admitted that the claim is for bonus for the year 1952, as payable in 1953, and that this bonus is claimed as profit-sharing bonus. It is also admitted that since 1947, the Company did not pay any bonus to these workmen; therefore the workmen also did not claim bonus as a service condition on the basis of any express or implied agreement. The Company's contention is that there was no sufficient surplus profit after meeting the prior charges, for distribution as bonus to the workmen and that in the year 1952, the Company met with a loss. Balance-sheets for several years including the year 1952 have been produced by the Company and the Company has also filed a statement, marked Annexure A, showing the gross profit and the calculations of the prior charges which have been deducted from the same. From the gross profit annual depreciation to the extent of Rs. 1,85,000 have been deducted leaving Rs. 1,86,300 as balance, and after deducting the statutory income-tax and super tax and return at 6 per cent. on the paid-up capital and also return at the rate of 4 per cent. on the working capital, a deficit of Rs. 5,833 has been shown.

Workmen on the other hand contend that the items "other expenses" and "repairs" are not real things and that the return on working capital should not be more than 2 per cent. and further that the Company must prove by evidence that it really utilised Rs. 8,90,259 for running the business in the year 1952.

The Company contends that if rehabilitation costs according to the formula laid down by the Appellate Tribunal in Mill Owners' Association case are deducted, the gross profit after deduction of the same rehabilitation cost would be much less than Rs. 1,86,300. It seems that the contention of the Company on this point has got substance as the figures in their statement, marked Annexure B would show. The cost price of

boats, barges, steamers, launches and miscellaneous properties acquired up to 1939 have been multiplied by 2·7 and the amount of the costs of such things acquired from 1940 to 1952 has not been so multiplied, at all, because at that time the price of the things had already shot up and the acquisition was made at such rack price. It has not been shown by the Unions that the statements submitted by the Company are incorrect. Those statements are based on the certified balance-sheets prepared by reliable Firms of Auditors. In view of the facts discussed above I find that the workmen have not been able to substantiate their claim for any bonus on the basis of profit-sharing.

The Company has also contended that the amendment having been made only on 8th June 1954 and the Directors' meeting closing the account of the year 1952 after making appropriation out of the gross profit, having been concluded in July 1953, and the reference having been made on the 1st December 1953, the above circumstance has become a technical bar to the award of any bonus to workmen who have been brought into the proceeding by dint of the amendment, dated 8th June 1954.

4 per cent. return on the working capital is not without authority. There are several rulings in support of the view that 4 per cent. would be fair return on the amount of reserve used or utilised as working capital. What has not been invested in Banks, or as loans or kept as cash in hand, may be presumed to have been employed as working capital. Direct proof on this point is extremely difficult to be adduced by the Company. When there is nothing to show that any part of this amount claimed as "reserve used as working capital" have been invested in any Bank or as a loan or kept in hand in cash, it should be therefore presumed to have been employed as working capital. My decision is that there is no available surplus profit for payment of any bonus for the year 1952 payable in 1953, to the workmen concerned.

Now I take up—

The reference case under Government Order No. 786Dis./D/10L-85(B)/53, dated 18th February 1954.

In this case Messrs. Hoare Miller & Co., Ltd., as the Managing Agents for the Calcutta Steam Navigation Company, Ltd., and for the Ganges Engineering Works appeared to contest the claim of the workmen represented by Ganges Engineering Works Workers' Union and it has been stated that the Ganges Engineering is a part of Calcutta Steam Navigation Company, Limited, and that it is a workshop of the said Limited Company and that ordinarily the steamer and cargo boats of the said Limited Company are repaired and maintained in this workshop and that only under certain special circumstances a small amount of outside work is being undertaken occasionally by the Ganges Engineering Works "subject to the convenience of the Company." So the balance-sheets of the Calcutta Steam Navigation Company, Ltd. are relevant in this case also. The workmen do not contend that the Ganges Engineering Works is a separate Company or that it has separate accounts or that it has its own balance-sheet. On the other hand, the workmen also stated that the above Engineering Works is an Engineering unit managed by Calcutta Steam Navigation Company, Limited, and that it is known as Bally Dockyard, and that this work undertakes repair of boats, and vessels owned by Calcutta Steam Navigation Company, Limited and associated firms as well as from outside customers.

In this context the workmen contend that the Engineering Works make huge profit whereas the Company contends that the Engineering Works

did not make any such profit and that it is virtually a department of Calcutta Steam Navigation Co., Limited, the financial position of which is not at all satisfactory.

The balance-sheets of the Calcutta Steam Navigation Company, Limited, have been produced and the statement showing the analysis of the available surplus profit after meeting the prior charges is also produced and these are marked as Annexures A and B in the reference case under Government Order No. 4584Dis./D/10L-85(B)/53, dated 1st December 1953. These two documents are referred to in the present reference case as well. Logically therefore I am not in a position to come to any different conclusion that what I have done in the reference under Government Order No. 4584Dis./D/10L-85(B)/53, dated 1st December 1953. As there is no available surplus profit for the year 1952, my decision is that the workmen are not entitled to get any profit-sharing bonus for the year 1952 which might be payable in 1953. Admittedly the workmen were not paid any bonus since 1947, so the claim for bonus cannot be maintained on the basis of any express or implied agreement or as a service condition.

District Judge.

Judge, Sixth Industrial Tribunal.

The 1st September 1954.

By order of the Governor,

D. S. P. MUKHERJEE, Jt. Secy.

ORDER.

No. 4486Dis./D/10L-24/54.—21st September 1954.—Whereas under the Government of West Bengal, Labour Department, Order No. 4325Dis./D/10L-153/53, dated the 13th November 1953, the industrial dispute between Messrs. Crown Cork Manufacturing Co. (Calcutta), 1, Umakanta Sen Lane, Calcutta-30, and their workmen represented by Crown Cork Workers' Union, 57/7, Barrackpore Trunk Road, Calcutta, regarding the matters specified in the schedule to the said order was referred for adjudication to the Second Industrial Tribunal;

And whereas during the pendency of proceedings before the said Tribunal a complaint in writing was received from Shri Panchu Roy, a workman of the said Company before the said Tribunal against the said Company alleging that the said Company had dismissed the said workman concerned in such dispute;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Tribunal has adjudicated upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

In the matter of an application under section 33A of the Industrial Disputes Act, filed by Shri Panchu Roy in connection with an industrial dispute between Messrs. Crown Cork Manufacturing Company and the said workman (Case No. 22/54).

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI M. N. GAN, *Judge, Second Industrial Tribunal.*

For the Workman: Dr. S. K. Bose, President and Mr. S. K. Dutt, Vice-President.

For the Company: Mr. R. K. Singh, Labour Officer of the Engineering Association of India; Mr. B. L. Goenka, Proprietor and Mr. P. Ganguly, Manager.

AWARD.

An application under section 33A of the Industrial Disputes Act filed by Shri Panchu Roy, workman, against his employers Messrs. Crown Cork Manufacturing Company, 1, Umakanta Sen Lane, Calcutta, arising out of reference made by Government of West Bengal, Labour Department, by its Order No. 4325Dis./D/10L-153/53, dated 13th November 1953.

Shri Panchu Roy, an office boy in the service of the Crown Cork Manufacturing Co., stated in an application filed before this Tribunal on 21st January 1954 that the Management had decided to dismiss him and approached this Tribunal for necessary permission. The Management closed down their factory on 14th September 1953 and since then no employee not even the Manager attended the office. He was not informed about the closing of the office or its temporary removal to some other place. He was told by the Darwan of the Proprietor that the office had temporarily shifted to Howrah. He went their and found a Darwan and the Proprietor's son-in-law and none of them told him about the office. At the Manager's residence, Shri Bidhan Chandra Guha, one of the office staff, told him about the temporary office. He asked him for the bus fare, etc., but did not get any reply. Nearly two months after he received a letter from the Management asking him to show cause for his absence without notice. He sent his reply and was asked to appear before an Enquiry Committee. He attended and was questioned by the members of the Committee. Few days after he received a letter of dismissal from the office. This dismissal was a violation of section 33 of the Industrial Disputes Act. He prayed for the withdrawal of that order.

The Engineering Association on behalf of the Company resisted the application stating that the Company had applied under section 33 of the Industrial Disputes Act on 18th January 1954 for permission to dismiss Shri Panchu Roy on certain allegation. Therefore, the present application was unnecessary and should be disposed of accordingly. It then went on narrating the incident in which Shri Panchu Roy was involved since after the factory was closed. The only point for decision is whether this application under section 33A is maintainable. It appears from the connected files that the Management applied under section 33 of the Industrial Disputes Act for permission to dismiss Shri Panchu Roy from service on 19th January 1954, three days before Shri Panchu Roy filed his application under section 33A of the Industrial Disputes Act. It is abundantly clear that the Management did not dismiss Shri Panchu Roy from service but only asked for permission of the Tribunal to dismiss him on certain allegations, among others, on the ground of his unauthorised

absence from duty since 14th September 1953. There has not been any contravention of the provisions of section 33 of the Industrial Disputes Act and, therefore, a case under section 33A is clearly not maintainable.

In view of the fact that the very same matter would be investigated in his case under section 33, the present application under section 33A appears redundant. On both these grounds the said application is dismissed.

ORDER.

No. 4550Dis./D/8L-11/54.—24th September 1954.—Whereas under the Government of West Bengal, Labour Department, order No. 2927Dis./D/8L-11/54, dated the 11th June 1954, read with its Annenda No. 3564Dis./D/8L-11/54, dated the 23rd July 1954, the industrial dispute between Shree Radheshyam Mills, Ltd., 220, Naskarpara Road, Ghusuri, Howrah (Managing Agent: Sobharam Keshavdeo 17, 18 and 19, Old Court House Street, Calcutta) and Shri M. M. Chakraborty, Receiver, 6, Council House Street, Calcutta, on the one hand and their workmen represented by Radheshyam Sutakal Mazdur Union, 50, Girish Ghosh Road, Ghusuri, Howrah, on the other regarding the matters specified in the schedule to the said Order, dated the 11th June 1954, was referred for adjudication to the Second Industrial Tribunal;

And whereas the said Second Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

In the matter of an industrial dispute existing between Messrs. Sree Radheshyam Mills, Ltd., 220, Naskarpara Road, Ghusuri, Howrah (Managing Agent: Sobharam Keshavdeo, 17, 18 and 19, Old Court House Street, Calcutta) and Shri M. M. Chakravorty, Receiver, 6, Council House Street, Calcutta, on the one hand and their workmen represented by Radheshyam Sutakal Mazdur Union, 50, Girish Ghosh Road, Ghusuri, Howrah, on the other.

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI M. N. GAN, *Judge, Second Industrial Tribunal.*

Appearances.

For the Union: Shri D. L. Sen Gupta, President, Shri Subal Roy, Secretary, Shri Luxmi Narayan Choudhury and Shri Syam Lal, Officers of the Union.

For the Company: Shri B. N. Banerji, Head Clerk of the Company.

For the Official Receiver: None.

AWARD.

The Government of West Bengal, Labour Department, by their order No. 2927Dis./D/8L-11/54, dated the 11th June 1954, as subsequently amended by order No. 3564Dis./D/8L-11/54, dated 23rd July 1954, referred an industrial dispute existing between Messrs. Shree Radheshyam Mills, Ltd., 220, Naskarpara Road, Ghusuri, Howrah (Managing Agent: Sobharam Keshavdeo, 17, 18 and 19, Old Court House Street, Calcutta) and Shri M. M. Chakravorty, Receiver, 6, Council House Street, Calcutta, on the one hand and their workmen represented by Radheshyam Sutakal Mazdur Union, 50, Girish Ghosh Road, Ghusuri, Howrah, on the other, regarding the matters specified in the schedule to the Order of Reference under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), to this Tribunal for its adjudication.

This was received in this office on 18th June 1954 and usual notices were issued to the parties for appearance and written statements. This case was originally referred to Shri G. Palit, Judge, 5th Industrial Tribunal and was withdrawn from that Tribunal and transferred here. The parties adopted the written statements and papers already filed before that Tribunal for the purpose of this case.

The Official Receiver was duly informed of the proceedings and was summoned to enter appearance in this case. He did not file any written statement or contest this case. He was absent on the date fixed for its hearing and the Company who contested in the earlier stages of this case did not contest this case at the final hearing. The case was accordingly disposed of without contest by the parties.

In its written statement, the Union, among others, stated that Sree Radheshyam Mills, Ltd., is a highly prosperous cotton textile concern in West Bengal, working since 1939. It employed about 2,500 workmen including operatives, sub-staff and clerks. The Union placed a "Charter of Demands" on 27th July 1953 and the matter was pending before the Assistant Labour Commissioner, Howrah, for conciliation. Shri Indra Chand Bhowalka and others, the Management of the Company, took the Union seriously to task for presenting these demands and threatened to close the Mill and thus victimised 2,500 workmen of the Company. The Company never paid any bonus to the workmen before 1950. It was obliged to declare bonus only after a peaceful agitation of the workmen. The Company paid Puja bonus in 1950 at the rate of one week's pay and dearness allowance; in 1951 at the rate of one month and one week's pay, in 1952 and 1953 four weeks' pay. In 1953 only half of the declared bonus was paid and the remaining half promised to be paid on 15th November remained unpaid. The Company misappropriated the Provident Fund of the workmen by necessary adjustment in the rate of deduction and that without their consent. The workmen, however, approached the Provident Fund authorities of the Government and succeeded in getting the Company's petition for exemption rejected in October 1953. Soon after the Company tried to disrupt the Union and as a vindictive measure, withheld the payment of wages due, statutory leave and sick leave for 1950. The said Union came to know that the Company was *going to change hands* with ulterior motive and stopped production without any notice on and from 4th November 1953. The monthly-rated staff was not paid wages since September and the daily-rated staff since 21st October 1953. The workmen attended regularly till 21st October 1953 when the Company came out with a notice dispensing with the attendants. In these circumstances, the Union on behalf of the workmen asked for the relief at an estimated claim of money amounting to Rs. 34,29,550.

In a written statement filed on behalf of the Company, the Management *inter alia* denied its liability to pay the claim which, to say the least, was grossly exaggerated mainly on financial grounds. The Company stated that it was incurring loss in the business although, it was obliged to pay the workmen bonus under threat of strikes. It repudiated the charge of the misappropriation of the Provident Fund money and alleged that the amount was taken into account in providing for payment of money to the workers in the scheme pending before the High Court. There was no false representation in order to get exemption from Government regarding the Provident Fund Act. It stated further that there was no question of vindictive measure regarding withholding of wages, for statutory leave, etc. There was no proposal, for changing hands but the Management tried its best to induce financiers to come and help to tide over the crisis. The production was stopped on account of financial [illegible]on arising mostly out of unreasonable demands of the workers and the [illegible]rkers were told about the inability of the Management to go on with the production and about lay-off. The Mill could not be worked for the following additional reasons: (i) the agitation that was taking place; (ii) the "go-slow" method of the workers; (iii) the continuous threaten of strikes; (iv) the very poor production amounting to only approximately 3 ounces per spindle; (v) the poor quality of work; (vi) the comparative higher wages paid by the Company. The Company emphatically denied that the workmen worked up to 21st December 1953. They worked up to 5th November 1953. The demands, that was submitted by the workers even at an exaggerated estimate, could not exceed 4½ lakhs but it was placed at Rs. 34 lakhs. Finally, the written statement of the Company stated that the workmen were not entitled to any relief arising out of the stoppage of production, etc.

The issues as per schedule to the Order of Reference are—

(1) Whether stoppage of production of Mills is justified?

(2) To what relief the workmen would be entitled as a result of closure of the Mills from 2nd November 1953 by way of—

(i) Payment of arrear wages.

(ii) Statutory leave dues.

(iii) Provident Fund dues with employers' contribution in full.

(iv) Gratuity as per recent ordinance.

(v) Notice pay.

(vi) Any other benefit.

FINDINGS.

Issue No. 1—Whether stoppage of production of the Mills is justified.

The Tribunal made every endeavour to bring the Management of the Company and the Official Receiver, now holding the assets of the Company, under orders of the High Court, before it for the purpose of proper adjudication of the issues. Unfortunately, it did not succeed. The Company who filed the written statement, and some papers from time to time contesting the proceedings before the Tribunal in the earlier stages, did not contest on the date of the final hearing. Probably it thought the whole thing to be a dead matter, not worth paying attention any more. The Official Receiver, for reasons best known to him, did not render any assistance in the matter of adjudication of the dispute though he is concerned with one of the biggest cotton mills within the State, in which, on an average estimate, 2,500 workers were employed at the time the Mill stopped production. This regrettable attitude on the part of the Management had created some very

real difficulties in the matter of collection of evidence relevant to the issues. The Tribunal will proceed to the adjudication of the issues only on materials that are on its record.

The financial reasons, stated to be the main ground for the stoppage of production due to loss in the business, have to be guessed from the information that the Management from time to time supplied to the Tribunal. There is no other evidence on this account. Neither there is any material to show any basis for the grounds taken up by the Company in paragraph 22 of its written statement, under the caption "the following additional reasons for stoppage of the production in the Mill". Apart from the "Charter of Demands" presented to the Management of the Mill on 27th July 1953 (*vide* Ext. 2), there is nothing to prove that there was agitation taking place in the Mill or there was a go-slow method of the workers. The points taken in paragraph 22 remain to be established.

The issue, I am afraid, has got to be disposed of on the background furnished by some facts and circumstances contained in the following documents: (i) The letter of the Mills' Director, dated 11th March 1954 in which he informed the 5th Tribunal, before which the case was then pending, that the Official Receiver had taken possession of all the assets of the Company under an order of the High Court and as a result they were no longer in a position to act in any matter connected with the Company's affairs. (ii) The order of Hon'ble Mr. Justice P. B. Mukherjee appointing the Official Receiver of the High Court, a Receiver in the case between the Calcutta Friends Society, Ltd., a creditor, and Sree Radheshyam Mills, Ltd., on 7th May 1954. (iii) A letter from Shri H. C. Ghosh & Co., Solicitors, dated 6th July 1954, in which a council's endorsement relating to the order was made by His Lordship, the Hon'ble Mr. Justice P. B. Mukherjee. This was an order on the Official Receiver to sell the properties of Shree Radheshyam Mills, Ltd., including lands, structures, machineries, looms and other movables, etc. (iv) A verified statement from a partner of the Mill to this Tribunal, dated 13th July 1954, in which he said that the Mill was closed since the 5th November 1953 for financial difficulties, that for the arrears of income-tax payable by the Company to the Government of India, the Certificate Officer, Howrah, had attached the whole loom-shed in addition to the big office room with records. Subsequently, the Official Receiver was appointed Receiver of the assets of the Mill on the prayer of the Calcutta Friends Society, Ltd., a second creditor of the Company. The Receiver took possession of all the remaining assets of the Mill on the 9th and 10th March last. That on the 17th June last, all the assets of the Registered Office have been attached by the Sales Tax Officer, Alipore, for arrears of sales tax and Hon'ble Mr. Justice P. B. Mukherjee directed by an order, dated 6th July 1954, to the Official Receiver to sell the entire properties of the Mill and to hold sale-proceeds till the disposal of the application before the High Court. To these there was no denial on the side of the Union. On the contrary, the Union by the evidence of two of the employees of the Mill, Shri Subal Roy (Secretary of the Union) and Shri Arun Kr. Guha Roy, proved that the wages of the monthly-paid staff remained unpaid since September 1953 and that of the daily-rated staff since 21st October 1953. All these go to show that the Company had debts which they could not pay and that the proceedings against the Company were pending before the High Court at the instance of its creditors. The Management might have over-burdened by the presentation of the workers' demands on 27th July 1953. That might cause additional embarrassment but that was no reason to think that the production was stopped with any ulterior motive. In the context of what has been said above and in view of the materials placed before it, the Tribunal is inclined to think that the stoppage of production on and from

5th November 1953 (not 2nd November 1953 as wrongly stated in the Order of Reference) is justified on financial grounds. This takes us to the next issue, Issue No. 2, namely, to what relief the workers would be entitled as a result of the closure of the Mill by way of payment of arrears of wages, etc.

(i) The entire staff consisting of so many employees paid on monthly and daily basis has been thrown out of employment as a result of this closure of the Mill. In the first place, their claim for payment of arrears of wages which has been proved *ex parte* by the evidence of P.W. 1 Shri Subal Roy and P.W. 2 Shri Arun Kr. Guha Roy, has not been denied on behalf of the Management. These remain unpaid at the time when the Mill stopped its production. This became a part of the industrial dispute which is within the competence of this Tribunal to adjudicate. The monthly-paid staff who were on the Pay Roll of the Mill, on the relevant date will receive from the Company out of its assets, wages, at the rate last drawn since September 1953 till 21st December 1953. The daily-rated staff on the Pay Roll of the Mill, on the relevant date, will receive their wages at the rate last drawn since 21st October 1953 till 21st December 1953. The workers registered their attendance in the Mill till 19th December 1953 and received the notice, dated 19th December 1953 (Ext. 1), only in the evening of 21st December. It might have been contended on behalf of the employers that the employees were entitled to wages up to the date when the Mill stopped its production and when they were laid off. But this contention, on materials now on record, could not be accepted because of the fact that the workers were not given any notice when the Mill stopped its production since 5th November 1953. They were not told that they were put on involuntary unemployment for some reason or other. In fact, it is the Union's case, and the evidence, that the Management suddenly stopped the production of the Mill without notice and without assigning any reason for it to the workmen. Therefore, the question of payment of compensation as in the case of lay-off since 5th November 1953 till 21st December 1953 does not arise.

(ii) Wages for the statutory leave due is the next claim under consideration in this dispute.

Under the Major Cotton Textile Award, to which this Mill was a party, the employees were entitled on completion of 12 months' continuous service, 10 days' privilege leave under the Factories Act. This, to my thinking, is what is claimed as statutory leave. The award was binding on the parties for a year only. But the principles enunciated therein still hold good. P. W. 1 Shri Subal Roy said that the Mill allowed statutory leave under the Factories Act only on the completion of the year of service in the next year. About 50 per cent. of the employees did not get the leave pay for 1952 in the year 1953. On this evidence, the claim is proved *ex parte*, and the remaining 50 per cent. of the employees who did not receive wages for the statutory leave due would receive the same at the rate last drawn from the Management out of the assets of the Mill.

(iii) The next claim is one of Provident Fund dues with employers' contribution in full. P. W. 1 Subal Roy said that the Provident Fund was opened from 1st August 1949. In that year, deductions were allowed at 1-6 pies on basic pay, the Company paid equal contributions. From 1st August 1950 till the end of December 1952, deductions were allowed at the rate of 1 anna on basic pay. The Company contributed equal amount. From 1st January 1953 till 31st August, for the monthly-rated staff and 20th October for the labour staff, deductions were allowed both on basic pay and dearness allowance at the rate of one anna. The Company contributed equal amount. Every subscriber was given a book. Few such books have

been exhibited (*vide* Ext. 4 series). They contain the total subscriptions including the employers' contributions due to the subscribers and not the details. Exhibit 5 is the Provident Fund Rules and Regulations. There is no denial of this evidence or the claim. In fact, the Company said in its written statement that the claim under this head was taken into account in drawing up the scheme which was pending before the High Court for its sanction. Under the Major Cotton Textile Award, already referred to above, the workmen retrenched for no fault of theirs are entitled to full contribution of the Company, irrespective of the length of their service. It was only in other cases the employers would be entitled to make deductions. The principles of this award still hold good and the employees in this case who must be taken to be retrenched with effect from 22nd December 1953 under section 2(iv)(oo) of the amended Industrial Disputes Act are entitled to receive their Provident Fund dues standing to their credit with full Company's contributions out of the assets of the Mill.

(iv) and (v) Next claim is gratuity and notice pay as per recent Ordinance. This has been rightly characterised by the learned representative for the Union to be the unhappy expression for compensation paid for retrenchment of workmen under the Ordinance, now incorporated in the amended Industrial Disputes Act. The claim is for retrenchment compensation. A question may arise as to the maintainability of this claim on the ground that the Company had not in so many words retrenched their employees. The total effect of the proceedings before the Hon'ble High Court in which the Hon'ble Court had directed the sale of the entire assets of the Company and to hold the same in the hands of the Official Receiver is that the Mill had been closed for good. It is reasonable to find that the services of the employees automatically came to an end and that when the Company by its notice (Ext. 1) forbade them not to register their attendance in the Mill. Virtually, the employees did not work or come ready for it after that date. Therefore, it is not unreasonable to hold that their services were terminated with effect from that date, namely, from 22nd December 1953, and under section 2(iv)(oo) of the amended Industrial Disputes Act, retrenchment means the termination by the employer of the services of a workman for any reason whatsoever otherwise than as a punishment inflicted by way of disciplinary action, but it does not include voluntary retirement, termination of service on the ground of continued ill-health or retirement on reaching the age of superannuation. There cannot be any doubt as to the legal effect of the termination of services of the employees under the above circumstances. They were retrenched and they were entitled to all the statutory benefits therefor. This retrenchment relief has been laid down in section 25(F) of the same Act. In this case the employees were not given any notice of such retrenchment. Therefore, the employees who had been in continuous service for not less than one year should get one month's wages in lieu of such notice. I am afraid, I cannot accede to the request of the learned representative for the Union to pay at least three months' notice pay in this case. It is no more a matter of discretion of the Tribunal. It has been expressly provided in the Act. Further, the Tribunal would not have been justified in allowing more than a month's pay in lieu of notice, even if it had any discretion in the matter for there could not have been any possibility of doubt or mistake in the mind of the employees about the future when the Mill stopped its production. The employees under the same section be paid at the time of retrenchment, compensation equivalent to 15 days' average pay for every completed year of service or any part thereof in excess of six months. This holds good in the case of monthly and daily-rated staff and be paid out of the assets of the Mill.

(vi) Next claim relates to "Any other benefit".

Under this head, the learned representative for the Union claims (i) sick leave pay for 1952-53. This claim has been denied by the Company in its written statement where it stated that the privileges could only be claimed by the employees fallen sick in any particular year and such leave should never be accumulated. A reference is made to the Cotton Textile Award (*vide* Government Publication, III, Major Tribunals during 1948, p. 179). The privilege leave accumulates for two years, a sick leave like other leaves shall be on full pay. It is granted only on medical certificate. The Award of course is no more binding on the parties in its legal sense but the principles still hold good. It is reasonable to presume that only a sick employee was entitled to the benefits arising out of it. The claim supported by the evidence of the Secretary only that some employees did not get their wages in lieu of it in 1952, is not, in the opinion of the Tribunal, maintainable in law. It is accordingly disallowed.

(ii) *Privilege leave with reference to monthly-paid staff.*—The award said that the workers in the Mills shall on completion of 12 months' continuous service get, as under the Factories Act, 10 days' privilege leave. No other class of privilege leave is available to the workers which no doubt include the monthly-paid staff. The monthly-paid staff should not be discriminated in this matter and they are not entitled, in the opinion of the Tribunal, to two sets of privilege leave under the Factories Act, for 1952 in 1953.

(iii) The learned representative claimed gratuity for all the employees whose cases were not covered by the rules of the Provident Fund. The Provident Fund as has been stated above, was introduced with effect from 1st August 1949. The period prior to that date was not covered by the scheme. Question is whether the employees were entitled to any gratuity for that period. The Cotton Textile Award to which a reference has been made above did not provide for payment of compulsory gratuity or pension in addition to Contributory Provident Fund. But it provided a gratuity for the uncovered period anterior to the introduction of the scheme. Question is whether any such gratuity is admissible under the issue "any other benefit" to the employees who would receive the similar compensation as retrenchment relief under section 25(F) of the Act. In the present financial circumstances of the Company, any such claim would be fantastic. The Tribunal do not propose to increase the financial burden of the Company by allowing double gratuity, so to say, to the retrenched staff. Such claim is disallowed.

(iv) *A claim for unpaid bonus for two weeks for 1953.*—This was denied by the Company in its written statement where the agreement regarding this payment was assailed on the ground that it was made under coercion of threat of strike by the workers. The agreement is Ext. 3, dated 7th October 1953, just about a month before the Mill closed and stopped its production due to financial reasons. In the absence of any evidence on the side of the Company, it is difficult to hold that the said agreement was vitiated by coercion, justifying its rejection in the present case. On the contrary, the Union's evidence supports this claim and the evidence is *ex parte*. The Management of the Company even now is bound by the terms of this agreement to pay bonus to its employees, that is to say, the half remaining unpaid at this day. The workers putting in service below four months will not receive this bonus for they were entitled to 50 per cent. and the Tribunal believes that they received it. The other employees would receive the unpaid bonus for two weeks' pay at the rate last drawn out of the assets of the Mill.

(v) The learned representative for the Union claimed re-employment when the Mill re-opens for the retrenched employees. This I think, is now

guaranteed under the provisions of section 25(H) of the Industrial Disputes Act. The Company proposing to take into its service employees must give an opportunity to these retrenched employees to offer themselves for re-employment and the retrenched workmen who offer themselves for re-employment shall have preference over other persons.

As to the total claim of the workers amounting to Rs. 34,25,550, the Tribunal finds no material before it to calculate the total claim to be allowed under this award.

All payments under this award are to be made within a week from the date of the publication of this award. I answer the issues accordingly. This is my award.

Taken at my dictation and corrected by me.

OFFICE OF THE DISTRICT MAGISTRATE OF NADIA.

ORDER.

No. 3907(43)J.—16th September 1954.—Whereas it has been brought to my notice that a large-scale smuggling of cotton yarn and cotton clothes from Indian Union to East Pakistan is being carried on in the border areas of the district of Nadia, and whereas other measures to prevent the same have proved ineffective, and whereas in my opinion it is necessary for maintaining supply of cotton yarn and cotton clothes which are essential to the life of the community, to prevent the movement of the said commodities, viz., cotton yarn and cotton clothes, within a depth of three miles along the entire East Pakistan and Nadia border of this district, and whereas the previous order No. 2492(43)J., dated 16th June 1954, made under section 20, sub-section (1) of the West Bengal Security Act, 1950, to this effect expires on 21st September 1954, and a fresh order is considered necessary and expedient, I, Shri S. K. Sanyal, District Magistrate, Nadia, in exercise of the powers conferred on me by order No. 6218P/445/50, dated 19th September 1950, issued by the Government of West Bengal, Home (Political) Department, do by this order under section 20, sub-section (1) of the West Bengal Security Act, 1950, prohibit the movement of cotton yarn and cotton clothes within a depth of three miles excepting the movement of the above commodities by *bona fide* dealers, weavers and consumers under a permit from the President, Union Board, local Inspector or Sub-Inspector of Food and Supplies or any other superior authority along the entire East Pakistan-Nadia border.

This order will remain in force for a period of three months with effect from 22nd September 1954.

Given under my hand and seal this 16th day of September 1954.

S. K. SANYAL,
District Magistrate.

FORM "D"

Form of notice to be published declaring the release of the property when persons entitled to receive possession cannot be found (under section 4).

Alipore, the 15th September 1954.

Whereas the property described in the Schedule below was requisitioned under rule 75A of the Defence of India Rules and placed at the disposal and under the control of the Land Acquisition Collector, 24-Parganas;

And whereas the said property is to be released from such requisition;

And whereas in exercise of the powers conferred by section 4 of the West Bengal Requisitioned Land (Continuance of Powers) Act, 1951 (West Bengal Act VIII of 1951), which have been directed under section 8 of the said Act to be exercised by me, necessary enquiry has been made and Messrs. Agarpara Co., Ltd., owners have been held to be entitled to get possession of the property;

And whereas the aforesaid persons cannot be found and have no agent or other person empowered to accept delivery on their behalf;

Now, therefore, in exercise of the powers conferred by sub-section (3) of section 4 of the said Act it is hereby declared that the property is released from requisition with effect from 8th September 1954.

NOTIFICATION.

Hooghly. — No. P.H./3367/W-12/54. — 17th September 1954.—In pursuance of rule 8 of the rules for the preparation, publication and execution of projects for water-supply, sewarage or drainage by municipal authorities, it is hereby notified for general information that the scheme for improvement of the waterworks of the Uttarpara Municipality in the district of Hooghly has been approved by the Government of West Bengal and the particulars of the said scheme are as follows:—

1. (a) **A general description of the scheme.**—The Waterworks Improvement Scheme of the Uttarpara Municipality Provides for 25,000 persons and a total of 2,50,000 gallons of water per day will be supplied. Of this water, about 117,000 gallons will be supplied through 690 house connections and the rest through hydrants. The daily supply will be given in 10 hours. Pumping mechinary and filter units have been provided for, so that daily supply can be increased to 300,000 gallons by pumping for 12 hours. The existing distribution system having been designed for a much daily less supply and consequently for a much less hourly maximum flow, overall changes have been proposed in the distribution system to maintain an effective and equitable distribution of water. A minimum terminal head of 15′ at delivery has been maintained throughout.

In order to pump non-saline river water, low lift pumps of high capacity 60,000 gallons per hour have been provided. These pumps will work for 5 hours a day and pump 300,000 gallons of river water to the settling tank. Capacity of the existing coagulation tank is 40,000 gallons. Proposed medium lift pumps of capacity 21,000 gallons per hour will pump 300,000 gallons into the coagulation tank per day in about 14½ hours. Capacity of the existing filter is 8,000 gallons per hour. An additional rapid gravity type filter unit, capable of filtering 12,000 gallons per hour is proposed to be installed. The two filters will thus deliver 280,000 gallons per day to the existing underground clear water reservoir of capacity 25,000 gallons at the rate of 20,000 gallons per hour in 14 hours. The filtered water will be chlorinated while passing to the underground reservoir. High lift pumps of capacity 20,000 gallons per hour are proposed to be installed which will deliver 280,000 gallons per day to the existing elevated reservoir.

Existing pumps are run by electric motor through countershaft. Proposed pumps will be run individually by electric motors directly coupled with them. In each case stand-by sets have been provided.

(b) **An estimate of cost of carrying it out.**—Rupees 2,49,000.

(c) **An estimate of cost of maintaining it.**—Rupees 23,200.

(d) **The source from which the cost will be met.**—

		Rs.
(i) Grant from Government	...	1,66,000
(ii) Loan from Government	...	80,000
(iii) Municipal contribution	...	3,000

The maintenance cost will be borne by the Municipality from their own funds.

(e) **The amount of loan, if any, required for the scheme, the annual instalments by which such loan will be repayable, and the number of years required to repay it.**—Amount of loan, Rs. 80,000, to be paid in 60 half yearly equated instalments. Amount to be paid including principal and interest at 4 per cent. per annum.

(f) **When several local authorities are concerned, the distribution of loan between these authorities.**—Nil.

2. (a) **The total annual charge to be incurred by reason of water-supply and to be met by water rate.**—Rupees 23,200 and Rs. 29,860.

(b) **The percentage of such water rate on the annual value of holdings.**—3½ per cent. on the annual value of holdings.

(c) **The average incidence of such water rate per head of the population.**—Rupees 1-13-6p per head of population.

3. The scheme will be taken into consideration on or after 10th November 1954 and any objection or suggestion with regard thereto, which may be received by the undersigned on or before that date, will be duly considered.

By order of the Governor,

LABOUR DEPARTMENT

ORDER.

No. 4363Dis./D/10L-172/54.—15th September 1954.—Whereas under the Government of West Bengal, Labour Department, Order No. 726Dis./D/10L-15/53, dated the 16th February 1954, the industrial dispute between Messrs. Kusumika Iron Works, Ltd., 73, Jeliapara Lane, Salkia, Howrah, and their workmen represented by Engineering Mazdoor Sabha, 4, Nityadhan Mukherjee Road, Howrah, regarding the matters specified in the schedule thereto was referred for adjudication to the Third Industrial Tribunal.

And whereas the said Third Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

In the matter of an industrial dispute between Messrs. Kusumika Iron Works, Ltd., 73, Jeliapara Lane, Salkia, Howrah, and their workmen represented by Engineering Mazdoor Sabha, 4, Nityadhan Mukherjee Road, Howrah.

BEFORE THE THIRD INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI J. N. MAITRA, *Judge, Third Industrial Tribunal.*

For the Workmen: Shri D. L. Sen Gupta, Advocate.

For the Company: Shri J. N. Chatterjee, Deputy Labour Adviser of Indian Engineering Association.

AWARD.

1. By order No. 726Dis./D/10L-15/53, dated the 16th February 1954, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Kusumika Iron Works, Ltd., 73, Jeliapara Lane, Salkia, Howrah, and their workmen represented by Engineering Mazdoor Sabha, 4, Nityadhan Mukherjee Road, Howrah, regarding the matters specified in the schedule to the Third Industrial Tribunal constituted under section 7 of the Industrial Disputes Act, 1947, by notification No. 592Dis./D/12L-5/52, dated the 23rd February 1953, for adjudication.

2. After usual notices the parties entered appearance and filed their written statements. The pleadings were completed on 15th May 1954. The parties were thereafter directed to file their lists of documents. The hearing was concluded on 27th August 1954 and the award was reserved.

3. The matters of dispute as stated in the schedule to the Order of Reference are as follows:—

(1) Increment.

(2) Grade system.

(3) Bonus.

DECISION.

Issue No. 1.—Under this issue the Union demands a flat increment of Rs. 10 per month for all workmen with retrospective effect from January 1954. The reasons for such demand are stated in paragraphs 6 to 12 of its written statement. The Company is an engineering concern and it was a party to the awards of the Major Engineering Tribunals. The Union alleges that as by the award of the First Engineering Tribunal the minimum wages for the workmen were fixed at rate lesser by Rs. 10 than the ideal basic pay found admissible under the then conditions and as there has been no increment in the last three years, the workmen should be granted a flat increment at the rate of Rs. 10 per month to make up the deficiency and as a step forward towards achieving fair and ultimately living wage. The Company on the other hand resists the claim.

On giving careful consideration to the pleadings, evidence and the arguments advanced on either side, it appears that Union's claim for increment cannot be sustained. If by the demand the Union wants revision in the rates of minimum wages as fixed in the award of the First Engineering Tribunal, I think, this cannot be permitted only in respect of this Company as has been held in the case of Britannia Building & Iron Co., Ltd. *versus* their workmen reported in 1954 L.A.C., page 12. The fixation of wages is a long-term policy and wages cannot be made subject to periodic revisions in a particular establishment as that will have the adverse effect of disturbing the equilibrium in the entire industry. So, there cannot be any revision. If the claim on the other hand means an *ad hoc* increment of Rs. 10 on the existing wages of the workmen, this cannot also be sustained when admittedly there are no fixed grades and incremental scales already in existence in this Company. According to the pleadings, there are either no grades or scales in this Company. There has been no increment in the last three years. Before this, Company granted increments only to deserving cases as shown in the statement, Ext. B, during the years 1947 to 1951. It will appear that there was no fixed rate or period fixed for increment. In the case of Union Drug Co., Ltd. *versus* their workmen reported in 1953 L.A.C., page 714, it has been held that *ad hoc* increments should not be given when (*a*) there are no fixed grades and incremental scales already in existence, or (*b*) without fixing by adjudication settled incremental scales, when such scales are already in existence. In this view of the matter the Union's demand in this respect cannot be conceded. The issue is accordingly decided.

Issue No. 2.—Under this head the Union demands a graded pay scale for different categories of workmen with provision for annual increment as shown in Annexure C to its written statement. There the minimum wages have been shown assuming an increment of Rs. 10 over and above the minimum wages as fixed in the award of the First Engineering Tribunal. Besides, the Union claims that for the purpose of fitting in into the grades every workman may be given one increment for every two years' past service in the Company without prejudice to the existing rates. In other words, the Union claims adjustment into the grades taking the past years of service into consideration. The Union alleges that similar concerns—Messrs. Britannia Building & Iron Co., Ltd., and Messrs. Bridge & Roof Co. (India), Ltd.—have grades as shown in Annexure B of its written statement. So it is said that there is no reason why this Company should not provide pay scales for different categories of workmen.

The Company resists the claim and I think for good reasons. The workmen of this concern, it appears, have not been classified into different categories of unskilled, semi-skilled, skilled and highly skilled. It further

appears that each workman in this concern is paid according to his capacity and nature of the job he performs (*vide* Annexure A to the written statement of the Company). Annexure A no doubt gives designations of the different workmen but the designations cannot determine the class in which a particular workman is to be placed. Classifications of workmen into unskilled, semi-skilled and skilled can only be solved satisfactorily by scientific analysis of the type of work done by them with the assistance of expert opinion as has been held in the case of Britannia Building & Iron Co., Ltd., reported in 1954 L.A.C., page 11. So, in the absence of such classification it is obvious that no pay scale can be laid down or adjustment can be made.

Then it appears that there is no fixed scale for any category of workmen in this Company. The award of the First Engineering Tribunal did not fix the maximum but only the minimum for the unskilled and semi-skilled workmen. P .W. 1, Shri Muni Lal Koyal, Secretary of the Union, admits that no maximum or minimum is fixed in this Company for skilled workmen. He also admits that no maximum is fixed for semi-skilled workmen in this Company. As regards his claim that a maximum is fixed for the unskilled workmen, Annexure A to the Company's written statement belies it. Annexure A, which the Company filed, shows the workmen only by designations and from it it cannot be said who comes under what category. So, as there is no pay scale fixed nor classifications of workmen into skilled, semi-skilled and unskilled, I think, no pay scale with provision for annual increment as claimed by the Union can be provided. The case of Britannia Building and Iron Co., Ltd., reported in 1954 L.A.C., page 11, cited by the Union has no application to the facts of the present case. The facts there were quite different. The workmen in that Company were placed in different categories of unskilled, semi-skilled and skilled on the basis of agreement between the Company and the Union. Then the Company had in existence an incremental scale for all the categories of workmen except the unskilled ones. Thus the facts were different. Then a pay scale can be provided only when the Company has not only present capacity to pay, but also its financial capacity can be counted in future. When the Company has been earning profit, it may have present capacity to pay, but one cannot be so sure about the future when it has no appreciable reserve fund. In this view of the matter, I am unable to provide a graded pay scale for different categories of workmen with provision for annual increment as claimed by the Union. The issue is decided accordingly.

Issue No. 3.—The Union demands two months' basic pay as bonus for the year 1952 payable in 1953, that is, for 1359 B.S., out of the surplus profit. The Company says that after deducting the prior charges, there will be no available surplus for the workmen to justify their claim regarding bonus. The Company maintains accounts according to Bengali year. The Company filed the balance-sheet for the year ending 30th Chaitra 1359 B.S. and made a petition under section 21 for treating the same as confidential. I am, therefore, not permitted to disclose the figures from the balance-sheet. Admittedly there has been profit during the year in question.

The parties have filed statements showing calculation of prior charges. There is no dispute between the parties regarding the amount of gross profit for the purpose of calculation of bonus. There is also no dispute regarding the amount of income-tax payable from the same. The parties are, however, at variance regarding the amount allowable under head "Return on paid-up capital". The Company claims that the return should be at the rate of 12 per cent. The Union on the other hand contends that it should be at the

rate of 6 per cent. I accept the Union's version which is in accord with the Full Bench Formula. The reasons which the Company enumerated in their statement regarding calculation for a return at the rate of 12 per cent on the paid-up capital are not convincing. Then there has also been difference between the parties regarding claim on working capital. The Union contends that no deduction is permissible under the head "Working Capital" as there is nothing on the part of the Company to show that any reserve was employed as such. The Company on the other hand maintains that what amount has been shown in their statement of calculation under the head "Working Capital" was arrived at on a computation as in the document marked "X", and it should be accepted as the working capital and allowance should be made for it at the rate of 9 per cent. Union's contention that to get an allowance, working capital has got to come from the reserve fund cannot be sustained. I accept Company's version of the amount of the working capital as shown on a calculation as indicated in the document marked "X". Having regarding to the nature of the working capital said to have been employed, I think that a return of 3 per cent. would be fair in place of 9 per cent. or 4 per cent. as ultimately claimed by the Company. Then another deduction has been claimed by the Company on account of extraneous profit. The Union said that no deduction is permissible on this score. I cannot uphold their contention. The Company is entitled to make deduction on account of interest which was extraneous profit. As regards claim for reserve for rehabilitation, the Company has adduced no evidence whatever. Company's claim for allowance in this respect cannot, therefore, be sustained.

The monthly bill in respect of wages of the workmen, I am told, would be about Rs. 6,000. After making due allowance for return on the paid-up capital at the rate of 6 per cent., for working capital at the rate of 3 per cent. and giving due allowance for extraneous profit, it appears that there would be sufficient surplus left for distribution as bonus at the rate of two months' basic pay as claimed by the Union. Union's claim for bonus at the rate of two months' basic pay is accordingly allowed. The payment should be made within a month from the date the award becomes enforceable.

I award accordingly.

AWARD.

1. By order No. 6011Dis./D/10L-53/53, dated the 30th December 1953, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Annapurna Metal Works, Bondel Road, Ballygunj, post office, Tiljala, and their workmen as represented by Annapurna Metal Workers' Union, 24, Bondel Road, Ballygunj, Calcutta, regarding the matters specified in the schedule, to the Third Industrial Tribunal constituted under section 7 of the Industrial Disputes Act, 1947, by notification No. 592Dis./D/12L-5/52, dated the 23rd February 1953, for adjudication.

2. After usual notices the parties entered appearance and filed their written statements. The pleadings were completed on 27th March 1954. The parties were thereafter directed to file list of documents. The hearing was concluded on 7th September 1954 and the award was reserved.

3. The matter of dispute as stated in the schedule to the order of reference is as follows:—

(1) Bonus for 1953.

DECISION.

The parties have not adduced any oral evidence. The Union filed its comments regarding the balance-sheet of the year ending 30th June 1953 (Ext. 1). The Company on the other hand has filed balance-sheet and other documents (Exts. A, A1, B, C, D and D1).

The Union demands bonus at the rate of two months' wages out of the profit of the year 1952-53 (year ending in June 1953). It made such demand on 2nd September 1953. On 2nd October 1953 the Company pleaded inability to meet the demand. Hence the dispute.

The Company is a proprietory concern of Sri Kalidas Roy. It is an engineering concern. Its factory was established in August 1936. It manufactures steam, water, gas and fire fittings as also cocks and valves.

The case of the Union is as follows.

Like other proprietory concerns, the accounts of this concern have been manipulated by suppressing production and sale and by showing inflated expenses in the profit and loss account on possible and impossible heads. The profit has been reduced by showing the purchase price more and the selling price less than what it should be. Proper scrutiny of the books of accounts and vouchers of the Company would on the contrary reveal available surplus from which the demand of the Union for bonus could be met. As the assets of the Company have all been purchased from the surplus profits of the Company of the past years, no deduction from gross profits on account of rehabilitation of machineries and buildings should be granted.

The Company denies the allegations and pleads that after meeting the prior charges there will be no surplus for payment of any bonus.

The financial year of the Company ends on 30th June. The Company has filed balance-sheets of the two years ending 30th June 1952 (Ext. A1) and 1953 (Ext. A). The Company has filed a petition for treating the balance-sheet of the year ending 30th June 1953 as confidential. In the circumstances, I am not permitted to disclose the figures. It shows some profit. The Company has filed a statement showing calculation of available surplus according to Full Bench Formula (Ext. D). After meeting the prior charges, it shows no surplus but a deficit. Ext. D1 shows how cost of replacement of buildings and machineries has been calculated. The Union has virtually nothing to say against these items. Ext. 1 contains general comments of the Union regarding the balance-sheet of the year ending 30th June 1953. Ext. C is the reply by the Company to these comments. I find nothing to discard the balance-sheet. Even if it goes, it is of no help to the Union. The Union has furnished nothing to justify its claim for bonus out of the profit of the year ending 30th June 1953. The allegations made by it are no proof. The Company has been admittedly paying bonus linked with attendance for some years past and it has also paid in 1953 such bonus linked with attendance on the result of the financial year ending 30th June 1953. This would show *bona fide* of the Company. Be that as it may, when nothing has been proved to show that there would be sufficient surplus after meeting the prior charges. Union's demand for bonus for the year 1953 on the result of the financial year ending 30th June 1953 must fail.

I award accordingly.

The 2nd September 1954.

MEMORANDUM OF SETTLEMENT.

1. On behalf of the Cotton Wick & Tape Factory: Shri Shree Gopal Sani (Partner).

2. On behalf of the Cotton Wick & Tape Mazdoor Union: Shri Saroj Ghosal (President).

Short recital of the dispute.

The Union under the leadership of Shri Saroj Ghosal submitted a charter of demands which being unacceptable to the Company was sent for adjudication on the recommendation of the Labour Directorate, Howrah.

Further on 1st April 1954, the Company declared a lay off and closure of business on the ground of financial stringency, and the factory remained closed since then.

Terms of agreement.

1. That all the pending industrial disputes between the parties, i.e., The Cotton Wick & Tape Factory *versus* The Cotton Wick & Tape Mazdoor Union will be withdrawn from the court of adjudicator, i.e., the Sixth Judge of Industrial Tribunal, West Bengal, under a joint petition of compromise in the form of an award on all the issues.

2. That after the official acceptance of the joint petition of the compromise by the court, the Company will withdraw the "Lay off" notice and open the factory as from 2nd September 1954.

3. That the Company agrees to increase the wages of the existing workers in the manner as follows with effect from 1st September 1954:—

(i) To increase Rs. 15 each to those who are within wage scale between Rs. 25 and Rs. 30.

(ii) To increase Rs. 12 each to those who are within wage scale between Rs. 31 and Rs. 40.

(iii) To increase Rs. 10 each to those who are within wage scale between Rs. 41 and above.

4. That the Company agrees to grant five paid festival holidays in a calendar year.

5. That the Company agrees to implement the annual leave with wages in accordance with section 79 of the Factories Act, 1948 and amendments thereof from 1953.

6. That the question of granting further relief in the shape of casual leave and sick leave with pay will be considered after four months after reviewing the financial position of the Company.

7. That the workers and their Union, i.e., The Cotton Wick and Tape Mazdoor Union will forego all the claims on annual leave with wages as under section 79 of the Factories Act uptil 1952.

8. That the workers and their Union will withdraw their complaints from the file of the Factory Directorate, and will not press any claim under section 79 of the Factories Act, 1948, uptil 1952.

9. That no pay will be claimed by the workers for the period of "Lay off" and the period of closure will be treated as ordinary leave without pay.

10. That the workers and their Union will make a petition to the Regional P. F. Commissioner and the Central P. F. Commissioner to this effect that they withdraw all the allegations made to the said Directorate against the Company.

11. That service cards will be introduced.

ORDER.

No. 4410Dis./D/11L-334/54.—18th September 1954.—Whereas under the Government of West Bengal, Labour Department, order No. 2790Dis./D/11L-218/52, dated the 16th October 1952, read with its addendum No. 3171Dis./D/11L-218/52, dated the 17th November 1952 and Corrigendum No. 4241Dis./D/11L-218/52, dated the 29th December 1952, the industrial disputes between (1) Hooghly Flour Mills, Co., Ltd., (2) Howrah Flour Mills, Ltd., (3) Reform Flour Mills, Ltd., (4) Calcutta Flour Mills, (5) Bengal Flour Mills, Co., Ltd., (6) United Flour Mills Co., Ltd., (7) Sree Luxmi Flour Mills Co., as represented by Calcutta Flour Mills Association, Royal Exchange, Post Box No. 280, Calcutta and (8) Imperial Roller Flour Mills, Ltd., 243A, Manicktolla Main Road, Calcutta, (9) Marwari Flour Mills, 244/2, Upper Circular Road, Calcutta and (10) New India Flour Mills, 41, Simla Road, Calcutta, on the one part, and their workmen as represented by All-Bengal Flour Mills Workers' Union, 3/1, Kali Banerjee Lane, Howrah and West Bengal Flour Mills Mazdoor Congress, 35B, Wellington Street, Calcutta, on the other, regarding the matters specified in the schedule to the said order, dated the 16th October 1952 and in the said addendum, dated the 17th November 1952, as amended by the said corrigendum, dated the 29th December 1952, were referred for adjudication to the Fourth Industrial Tribunal;

And whereas during the pendency of proceedings before the said Tribunal a complaint was filed before it by Shri Dulal Chandra Sircar, a worker of Messrs. Bengal Flour Mills, Ltd., one of the said Flour Mills, against the said Company alleging that the said Company had discharged the said worker concerned in such disputes;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Tribunal has adjudicated upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

In the matter of an application under section 33A of the Industrial Disputes Act filed by Shri Dulal Chandra Sircar against Messrs. Bengal Flour Mills, Ltd., in connection with an industrial dispute between Messrs. Bengal Flour Mills, Ltd., and their workmen referred under Government order No. 2790Dis., dated 16th October 1952 (Case No. 107/53).

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI S. C. MUKHERJI, *District Judge, Judge, Fourth Industrial Tribunal.*

For the complainant: None.

For the opposite party: Shri Shyamapada Sen, Personal Assistant to the Chief Personnel and Welfare Officer of Messrs. Balmer Lawrie & Co., Ltd.

While the original dispute between the parties were pending, the present application was made by one Dulal Sircar complaining that he has been illegally dismissed on 20th December 1952 by the opposite party without obtaining permission from the Tribunal.

Notice of this application having been served on the opposite party, they appeared and made an oral statement contending that the petitibner has been rightly discharged after 3 warning notices in terms of the standing orders. At the date of hearing, however, the petitioner did not turn up.

AWARD.

The petitioner did not turn up at the date of hearing. I presume that he has no dispute in this case and I accordingly made a "no dispute" award.

S. C. MUKHERJI,

Judge, Fourth Industrial Tribunal.

The 3rd September 1954.

By order of the Governor,

D. S. P. MUKHERJEE, Jt. Secy.

ORDER.

No. 4375Dis./D/10L-51(B)/54.—15th September 1954.—Whereas under the Government of West Bengal, Labour Department, order No. 3143Dis./D/10L-51(B)/54, dated the 25th June 1954, the industrial dispute between the Calcutta Electric Supply Corporation, Ltd., Victoria House, Calcutta and their workmen of the Mains Department and the Central Stores Department represented by the Calcutta Electric Supply Corporation Mazdoor Union, 249, Bowbazar Street, Calcutta and the Calcutta Electric Supply Workers' Union, 35B, Wellington Street, Calcutta, regarding the matters specified in the schedule thereto was referred for adjudication to the Third Industrial Tribunal;

And whereas the said Third Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

In the matter of an industrial dispute between the Calcutta Electric Supply Corporation, Ltd., Victoria House, Calcutta and their workmen of the Mains Department and the Central Stores Department represented by the Calcutta Electric Supply Corporation Mazdoor Union, 249, Bowbazar Street, Calcutta and the Calcutta Electric Supply Workers' Union, 35B, Wellington Street, Calcutta.

BEFORE THE THIRD INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI J. N. MAITRA, *Judge, Third Industrial Tribunal.*

For the Mazdoor Union: Shri Patit Paban Pathak.

For the Workers' Union: Shri Panchanan Bhattacharya.

For the Company: Shri S. K. Mullick (Jr.) of Messrs. Sandersons & Morgans, Solicitors.

AWARD.

1. By order No. 3143Dis./D/10L-51(B)/54, dated the 25th June 1954, the Government of West Bengal, in the Labour Department, withdrew the industrial dispute between the Calcutta Electric Supply Corporation, Ltd., Victoria House, Calcutta and their workmen of the Mains Department and the Central Stores Department represented by the Calcutta Electric Supply Corporation Mazdoor Union, 249, Bowbazar Street, Calcutta and the Calcutta Electric Supply Workers' Union, 35B, Wellington Street, Calcutta, regarding the matters specified in the schedule, from the Fifth Industrial Tribunal and referred under section 10 of the Industrial Disputes Act, 1947, read with section 21 of the General Clauses Act, 1897, and in supersession of the previous orders, the aforesaid dispute to the Third Industrial Tribunal constituted under section 7 of the Industrial Disputes Act, 1947, by notification No. 592Dis./D/12L-5/52, dated the 23rd February 1953, for adjudication.

2. After the record was received from the Fifth Industrial Tribunal, notices were issued afresh on the parties. They entered appearance and filed petitions in this Tribunal accepting their respective written statements already filed before the Fifth Industrial Tribunal. During the pendency of the dispute before the Fifth Industrial Tribunal, Issue No. 3 was added. As no supplementary written statements were called for relating to the said issue, the parties were asked to file their written statements in respect of the same. Thereupon the Unions and the Company filed their supplementary statements. The pleadings were completed on 30th July 1954. Arguments of the parties were heard on 23rd August 1954 and thereafter supplementary statements were obtained regarding the duties performed by the workmen of the Mains Department, from the Unions and the Company on 4th September 1954 and an inspection was held on 6th September 1954.

3. The matters of dispute as stated in the schedule to the order of reference are as follows:—

(1) Whether the workmen of the Mains Department come under the purview of the Factories Act, 1948 and are, therefore, entitled to get overtime payment on the basis of the said Act. If so, the date from which such overtime payment should be given effect to.

(2) Walking allowance.

(3) Whether the workmen in the Central Stores Department come under the purview of the Factories Act and are, as such, to be treated as factory workers.

DECISION.

Issue No. 1.—Both the Calcutta Electric Supply Corporation Mazdoor Union (hereafter called Mazdoor Union) and the Calcutta Electric Supply Workers' Union (hereafter referred to as Workers' Union), demand that the workmen of the Mains Department should be declared to come within the purview of the Factories Act, 1948, and should as such be held eligible to get overtime payment according to provisions in the said Act and that with retrospective effect from 1st April 1949. The Calcutta Electric Supply Corporation, Ltd. (hereafter described as the Company), resists the claim.

The Company is a limited Company with its registered office in the U. K. It carries on the business of generation and distribution of electrical energy in the city of Calcutta, its industrial area and suburbs under different licenses under the Indian Electricity Act, 1910 (Act IX of 1910). Under the Calcutta and District Consolidated License, 1946, its licensed area of supply extends to 546 square miles. It is a public utility Company and its profits are governed by the Electricity (Supply) Act, 1948, both as to amount and method of distribution.

The Mains Department according to the Company has approximately 1,950 workmen divided up at present into 67 gangs varying in number from 10 to 200 each as shown below. The attendance of the men in these gangs is recorded by the foreman in charge of each gang on the site.

There is no Time-keeper as is usual at the entrance of each Generating Station :—

No. of Gangs.	Description.	Total No. of men.	Nature of work.
3	Cable laying gangs ..	477	Laying both high tension and low tension feeder cables along the public highways for the purpose of connecting Generating Stations to Sub-Stations and Transformer House, and thence to feeding points in the distribution system in the street and roads of Company's licensed area.
12	Overhead line construction gangs.	357	Erecting in the streets poles, overhead distribution lines and street lighting.
18	Overhead service gangs ..	262	Erecting poles and service brackets on consumers' premises, installing meter-boards and cut-outs and connecting by means of the overhead service lines and wiring in the consumers' premises.
11	Underground service gangs ..	254	Laying low tension cable from the distribution in the street to the consumers' premises, jointing, installing mete-boards and cut-outs in consumers' premises.
3	Meter-board changing gangs ..	430	Replacing Meter-boards and removing and replacing meters and wiring in the meter-boards in consumers' premises.
7	High tension jointing gangs ..	73	Making joints between successive lengths of cable (laid in the streets by the cable laying gangs) or between cable and switchgear or transformers, mostly in consumers' premises.
4	Switchgear erection and maintenance gangs. (H. T. cubicle gangs).	48	Erection maintenance and removal of switchgear in consumers' premises or in the Co.'s transformer houses and rectifier stations, which are not factories. *Note* : Switchgear, when once erected, normally remains in the same position for many years, and requires only occasional maintenance. Like other gangs these men move from place to place, and, in any particular premises, work for short periods only at long intervals.
5	Fuse Maintenance Sets ..	39	Cleaning and replacement of fuse equipment in feeder pillars on the distribution system in the streets and roadsides.
3	Fault repair gangs ..	56	Replacement of damaged meter-boards, cut-outs and short lengths of low tension service cable, jointing, etc., at consumers' premises where the service has become damaged due to a fault.
36	Emergency depot and street depots' lighting staff.	269	Replacing fuses in cut-outs in consumers' premises, switching street lighting on and off, replacing lamps in street lighting brackets and fuses on overhead services in the streets.
	Painters		Painting of poles carrying overhead lines and of fuse-boxes in the streets.
	Testing Mistries		Assisting the Engineers and Inspectors in testing consumers' installations before giving connection or re-connection.
	Meter Fixing Mistries ..	85	Fixing of new meters and exchanging existing meters on our meter-boards inside consumers' premises.
	Bearers, Peons and Durwans		Employed in the outlying District Offices which come under Mains Department for administrative purposes.

The chart also shows the nature of the work each gang performs. It will appear that the Mains Department is responsible for opening the ground, for the most part in the public highway, laying and jointing cable, erecting poles and overhead distribution lines, including street lighting, installing meter-boards and house services in consumers' and potential consumers' premises, etc., besides repair of any of these installations when they get out of order.

Out of 1,950 workmen, 305 are skilled and 1,645 are unskilled. Annexure A to the Company's written statement shows the categories of workmen with their pay.

It is agreed on all hands that except 200 Emergency Depot staff, who work 48 hours a week, the workmen in the Mains Department work 46 hours a week as follows:—

Mondays to Fridays—8 a.m. to 4 p.m.

Saturdays—8 a.m. to 2 p.m.

If the men are required to work beyond these hours, they are paid overtime rates calculated at "double time" for all work in excess of 48 hours per week or on Saturday afternoons, Sundays or public holidays since 1946. Before 1946, the workmen used to be paid "time and a half" for all overtime. The first two hours per week of overtime for work on a week day in excess of 46 hours a week are, however, calculated at "time and a half". Overtime rates are calculated only on basic pay.

The Factories Act on the contrary permits payment for overtime both on basic pay and dearness allowance. Under section 59(1) of the said Act, where a worker works in a factory for more than 9 hours or for more than 48 hours in any week, he shall, in respect of overtime work, be entitled to wages at the rate of twice his ordinary rate of wages. Section 59(3) of the Act defines "ordinary rate of wages" to mean basic wages plus such allowances including cash equivalent of the advantage accruing through the concessional sale to workers of food-grains and other articles, as the worker is for the time being entitled to, but does not include a bonus. It is, therefore, obvious that overtime is admissible according to the Factories Act on the basis of basic salary and dearness allowance.

The real dispute between the parties, as I find, is not that the workmen in the Mains Department should be classed as Factory Workers, but that dearness allowance should be consolidated with pay for the purpose of overtime payment. The issue as, however, posed, imposes limitation on the Tribunal in considering the said real dispute inasmuch as it has been linked with the applicability or otherwise of the Factories Act. The Industrial Tribunal is not the proper forum for a mere decision of the question, whether the workmen of the Mains Department come within the purview of the Factories Act and would have no jurisdiction to go into it, had not the question of overtime payment giving rise to an industrial dispute been linked with it. As the issue stands, the workmen can get benefit only if they come within the scope of the Factories Act, and not otherwise. It would have been otherwise had not the question of overtime payment been so linked. Thus the Tribunal has no unfettered discretion in deciding the real dispute as already stated. It appears that the Unions, specially the Mazdoor Union, are responsible for creation of such unenviable situation.

In order to establish claim for payment of overtime according to the provisions of the Factories Act, the two Unions—Mazdoor Union and Workers' Union—contend that the workmen in the Mains Department are in fact factory workers. For so saying the Mazdoor Union relies on the findings under Issue No. 21 in the award of Shri M. C. Banerji, between the Company and their workmen represented by Workers Union published in the *Calcutta Gazette* on 19th April 1951.

The said Issue No. 21 and the findings thereunder run as below:—

"Issue No. 21—Mains Department workmen and every one should be regarded as factory workers.

The Union states that although the workmen employed in the Mains Department as also for the Generating Stations, Sub-Stations or Distributing Stations, Central Store and Testing Departments (including Mains emergency staff with 24-hours duties) come within the Factories Act, they are not treated as factory workers by the Company. It is claimed that every one in these departments should be deemed to be factory workers and all the benefits of the Factories Act, should be made available to them. The Company says that the Mains Department, Generating Stations, Testing Department, Central Workshop and certain Sub-Stations are covered by the Factories Act and they all get the benefits of the Factories Act. A worker in the Mains Department works for 46 hours per week, a worker in the Central Stores 46 hours per week and a worker in the Central Workshop only 45 hours per week. The Company claims that these varied working hours have been decided by a custom for reasons lost in the past, but they are causing some friction between employees and employees and there should be an award for a standard working week of 48 hours for all workmen under the Factories Act.

I do not find any ground for altering the existing working hours in these departments. The working hours in these various departments should continue as they have been decided by custom. I do not find any reason for the Union to doubt that workmen governed by the Factories Act should not be so admitted by the Company. The Company in its written statement admits that the Mains Department, Testing Department, Central Workshop, Generating Stations and certain Sub-Stations are governed by the Factories Act. The Company objects to the Central Stores being governed by the Factories Act. The Central Stores will not be governed by the Factories Act if it does not satisfy the definition of a "Factory" as laid down in section 2(m) of the Factories Act, 1948.

This issue is accordingly answered."

From the above findings under Issue No. 21, the Mazdoor Union contends that there has been an award by Shri M. C. Banerji that the workmen of the Mains Department are factory workers and that when the said award of Shri M. C. Banerji has not been terminated by the Company according to law under section 19(6) of the Industrial Disputes Act, the Company cannot plead to the contrary that the workmen in the Mains Department are not factory workers and that they are not eligible to be paid overtime according to the provisions in the Factories Act. The Company on the other hand contends that there has been no such award

and that the Company never admitted the workmen of the Mains Department to be factory workers as mentioned by Shri M. C. Banerji. The Workers' Union at whose instance the previous dispute as aforesaid was raised leading to the award by Shri M. C. Banerji, candidly admits that the findings under Issue No. 21 are not clear and thus they have raised the present dispute.

On giving careful consideration to the matter, I am unable to accept the contention of the Mazdoor Union that the findings under Issue No. 21 amounted to an award by Shri M. C. Banerji that the workmen in the Mains Department were factory workers. Shri M. C. Banerji merely noted under the said issue that there was such an admission in the written statement of the Company. The copy of the relevant portion of the written statement by the Company, which is Annexure "B" to the Company's written statement, shows that there was, as a matter of fact, no such admission by the Company. What the Company appears to have admitted was that the Factories Act applied to its Generating Stations, Testing Department, Central Workshop (but not Central Stores) and certain Sub-Stations. It is, therefore, obvious that the statement in the award by Shri M. C. Banerji was without foundation and made apparently through inadvertence. So the Company cannot be bound by it nor has it obligation to terminate it under section 19(6) of the Industrial Disputes Act, When the statement in the award of Shri M. C. Banerji was without foundation and when there was no direction for payment of overtime in the said award and no obligation was imposed, there was also no scope for appeal by the Company for correction of the award by Shri M. C. Banerji.

The parties, it appears, understood that there was no such award by Shri M. C. Banerji. His award was published on 19th April 1951 and the workmen did not claim payment for any overtime according to the Factories Act, before 19th April 1953, when the question was raised for the first time by the Mazdoor Union after the award (Annexure "A" to the written statement of the Mazdoor Union). When the question was so raised by the Mazdoor Union, it was not even then claimed that the award of Shri M. C. Banerji found them eligible to be paid for overtime according to the Factories Act. This conduct on the part of the Mazdoor Union would show that they too did not regard the award of Shri M. C. Banerji as conferring right on the workmen to be paid for overtime according to the Factories Act. Then admissions are not conclusive, far less regarding interpretation of statute. In this view of the matter and having regard to the issue before me, I am of opinion that the Company is within its right to maintain that the workmen of the Mains Department do not come within the purview of the Factories Act. If there has been really an award by Shri M. C. Banerji that the workmen in the Mains Department are factory workers, the remedy of the workmen would be by way of implementation of his award and not by fresh reference as is the case here. The matter, as referred to by the Government, enables the Company to contest the Union's claim that the workmen of the Mains Department are not factory workers.

Now as to merits, I also find nothing to sustain the claim of the Unions that the workmen of the Mains Department come within the purview of the Factories Act. The nature of work which the workmen in the Mains Department are to perform as also the places wherein it is performed find mention in details in the statements filed respectively by the Company and the Mazdoor Union on 4th September 1954. These

statements agree on material points. The Company being in possession of full materials and responsible for allotment of duties, its statement is rather more accurate, scientific and dependable.

To come within the scope of the Factories Act, there must first be a factory. The word "Factory" has been defined under section 2(m) of the Factories Act to mean "any premises including precincts thereof, etc." The requisite of a factory is therefore "any premises including precincts thereof." The word "Premises" is defined in Murray's Oxford Dictionary as "a house or building with its ground or other appurtenances." The word "Precincts" is defined in the same dictionary as "the space enclosed by the walls or other boundaries of a particular place or building" and "more vaguely, the region lying immediately around a place without distinct reference to any enclosure, the environs." It is, therefore, obvious that except when the workmen in the Mains Department are employed in the Generating Stations or Sub-Stations having premises (as are factories under the Factories Act) for which occasions are very rare, the workmen cannot be said, in view of the duties enumerated, to be employed on the premises or within the precincts thereof. When they have usually to perform work on the roadside or in the premises of a consumer and other such places outside the Generating Stations or Sub-Stations, they would not come within the scope of the Factories Act. Merely because the Generating Stations, Sub-Stations and the roadsides are connected with one another with cables either overhead or underground, it cannot be said that these constitute one establishment. The street or public highway cannot be accepted as premises of the Generating Stations or of the Sub-Stations merely because they are connected by overhead or underground cables. Premises implies some definite place with metes and bounds and means the main ground or building with its ground or other appurtenances. The work in the Mains Department, it appears, is comparable to the one of the permanent way worker in a tramway or in the railways or of linesman of the underground and overhead section of the Post and Telegraph Department. None of them, I understand, is treated as factory worker. In a case where a workman in the employ of a Gas Company was in course of his employment engaged in making a trench in the road-way, under which one of their gas mains was laid, at a distance of a quarter of a mile from the works where the gas was manufactured, which works came within the definition of a non-textile factory, when he was injured by an accident out of and in course of his employment, it was held that the main was not a part of the factory and the man was not employed 'about a factory' and was not entitled to compensation (*vide* the case of Spacey *vs.* Dowlais Gas & Coke, Co., 54 W.R. 138). In the present case the workers of the Mains Department are usually employed in open air outside the Generating Stations and Sub-Stations. The workmen in the Mains Department cannot, therefore, be said to be employed in the factory except when they are employed in the Generating Stations or Sub-Stations as are factories under the Factories Act. The occasions for such employment in the Generating Stations or Sub-Stations are very rare and there can be no dispute that when any workman of the Mains Department is employed in them, he would be a factory worker within the meaning of the Factories Act.

It is contended on behalf of the Workers' Union that when there were occasions in the past and would be so in future for employment of the

workmen of the Mains Department in the Generating Stations or Sub-Stations for laying or repairing cables and when as such they would be workers within the Factories Act, they should be regarded as factory workers for all time to come. In other words, it is said that once a factory worker, always, a factory worker. The Act does not, however, so contemplate. Only when a worker is employed in a factory, he will be a factory worker provided other requirements are fulfilled and not otherwise *vide* section 2(1) of the Factories Act. Under section 2(1) of the Act, the word used is "employed". It is, therefore, obvious that when a worker ceased to be so employed in a factory, he could not continue to be a factory worker. Then again, merely because departure is noted in Princep Street, which is a factory, the workmen cannot become factory workers thereby. They can be factory workers only when they are employed in a factory and not otherwise. Section 79 of the Factories Act, relied upon by the Workers' Union, is of no help. It lays down when a worker employed in a factory is entitled to annual leave with wages. Merely because certain interruption in service is allowed to be disregarded for the purpose of computation of 240 days or more, it cannot be said that a factory worker will not cease to be so notwithstanding employment outside the factory.

For premises to be a "factory", it is necessary that in any part a manufacturing process is carried on. A "worker" has been defined in section 2(L) of the Factories Act to mean a person employed, directly or through any agency, whether for wages or not, in any manufacturing process, or in cleaning any part of the machinery or premises used for a manufacturing process, or in any other kind of work incidental to, or connected with the manufacturing process, or the subject of the manufacturing process. So the question which next arises for consideration is, whether the workmen in the Mains Department when employed outside the Generating Stations or sub-Stations are employed in the manufacturing process or in any kind of work incidental to or connected with the manufacturing process or the subject of manufacturing process. The words "manufacturing process" have been defined in section 2(k) of the Factories Act. It includes among others process of generating, transforming or transmitting power or for making, altering, repairing, etc. Section 2(i) of the Indian Electricity Act defines "Main" to mean any electric supply-line through which energy is, or is intended to be, supplied by a licensee to the public. Section 2(g) of the said Act defines energy; section 2(f) defines electricity supply line; and section 2(1) defines service line. Section 2(5) of the Electricity (Supply) Act defines generating station or station; section 2(7) of the said Act defines main transmission lines.

On the basis of these it has been contended on behalf of the Union that the workmen in the Mains Department when employed outside the Generating Stations or Sub-Stations should be held performing duties within the meaning of the menufacturing process and in any case these would be work incidental to or connected with the manufacturing process or the subject of the manufacturing process. The Company on the other hand contends that their duties do not fulfil the requirements of section 2(1) and (m) of the Factories Act. It is said that these workmen have nothing to do with the process of generating and transforming and that their duties end just before process of transmitting power starts.

The duties which the different gangs in the Mains Department according to the Company, are to perform have already been enumerated. I do not, therefore, recapitulate them here. In their written statement filed on 20th August 1954 (styled Annexure "A"), the Workers' Union alleges,

"the workmen concerned in the Mains Department actually take part in the process of transformation, transmission and catering of the current generated. The coolies do the work of unskilled labour. The linesmen are responsible for installation and fixation of underground cables and overhead wires. The Head Mistry supervises their work. The Mistries belonging to the Emergency Section attend fusings and general disorders. The mains underground men are responsible for fixation of cubicles, high tension switches and transformers." In their statement filed on 20th August 1954, the Mazdoor Union alleges that the work of the workmen in the Mains Department comes under 7 broad heads, namely, (1) Construction, (2) Service, (3) Repairing, (4) Jointing, (5) H. T. Cubical, (6) Fuse and (7) Emergency. In their further statement filed on 4th September 1954, the Mazdoor Union stated among others, "the main object of the Electric Supply in the city of Calcutta is to transmit power from the Generating Station to the individual consumers. It is clear, therefore, that by merely generating power the work of the Electricity Supply is not completed until and unless the said power is transmitted through various processes to the individual consumers who are subscribers for the said electric currents.

After power is generated in the Main Power House, electric cables, both high tension and low tension, negative and positive, are to be attached on the Generating sets and these cables are thereafter joined to different distributing boards inside the main Generating Station for carrying the electricity from the Generating Stations to the distributing boards. Thereafter different Powerhouses which generate electricity are interlinked between themselves through such high tension cables. There are in Calcutta four such Power Stations which are interlinked through such high tension cables. Thereafter, these Powerhouses are connected to various Sub-Stations, each Sub-Station being allotted for a particular area, through such high tension cables and all incidental work necessary for it has to be done like digging-up roads and laying cables underneath the roads or putting up overhead wires or setting-up poles for carrying the overhead wires and the usual work of connecting different wires and vulcanising them and doing the other necessary work of joining high tension and low tension cables. Lastly, comes the work of joining from the Sub-Station to each individual consumer in the similar fashion by either underground cables or overhead wires including setting-up meters, etc., whereby electricity is connected for ultimate consumption.

Therefore, it will be seen from the above that the work of the Mains Department is not only transmitting and transforming power but also various other work which is included in the term of manufacturing process both inside the premises as well as in the precincts thereof."

The claim of the Unions that the workmen of Mains Department perform work of generation and transformation cannot be sustained. Only some of them it appears, work in transmitting power. Be that as it may, having regard to the duties the workmen in the Mains Department are to perform when employed outside the Generation Stations or Sub-Stations, I am of opinion, that these would amount to work incidental to or connected with the manufacturing process. I, therefore, agree with the Unions that this ingredient is fulfilled in their case. But their employment outside the Generating Stations or Sub-stations cannot be said to be within any premises including the precincts thereof. The main ingredient of a factory would, therefore, be wanting. It has already been stated that merely because the Generating Stations or

Sub-stations and roadsides are connected with one another with cables either overhead or underground, it cannot be said that all these constitute one establishment and the workmen are so employed on the premises including the precincts thereof. Widely separated establishments cannot be regarded as one factory, far less the whole of the undertaking of the Company. So, to be precise, I find, that the workmen in the Mains Department do not come within the purview of the Factories Act and as such, are not entitled to be paid overtime according to provisions in the Factories Act except when they are employed in the Generating Stations or Sub-stations which are factories under the Act. The issue is accordingly decided. I am glad to note that the Company has already issued a circular that when any man of the Mains Department is employed in the Generating Stations or Sub-stations, as are factories under the Factories Act, he should be treated as a factory worker (*vide* Annexure "K" to the statement of the Company filed on 4th September 1954).

It will not be out of place to mention here as has been pointed out by the Company that it will not ultimately be beneficial for the workmen of the Mains Department to come within the scope of the Factories Act as in that case they will not be permitted to work overtime for longer hours (as they have now been doing) beyond these permitted by the Factories Act and as a result their earnings are bound to fall than from what they are getting at present. The illustrations which the Company gave in this respect in paragraphs 7 and 8 of their written statement cannot be lightly brushed aside. According to it, if the Factories Act applies to the workmen of the Mains Department, they will suffer a cut of about Rs. 20 per month. Overtime in accordance with the Factories Act is limited to 50 hours per quarter plus two hours per week, in the majority of cases, that being the difference between the usual working week of 46 hours and the working week of 48 hours laid down in the Factories Act. It appears that almost every man in the Mains Department who has worked overtime, has received overtime pay considerably in excess of what he would have received, had he been working under the Factories Act rules. I would, therefore, commend to the Unions to give serious thought to this aspect of the matter and consider whether or not they should try for the betterment of the lot of the workmen in the Mains Department in the matter of overtime payment independently of the Factories Act.

Issue No. 2.—The walking allowance is one which the Company pays to workmen of the Mains Department as also to workmen at Central Stores for reporting to duty on the site instead of their normal headquarters. The distance in case of the workmen of the Mains Department is usually measured from the Central Depot at Princep Street while in case of workmen of the Central Stores, it is measured from the Central Stores at 33, Syed Amir Ali Avenue. The case of the Company in this respect is as below:—

In the early days of the Company, work was concentrated in the central area of the town and Howrah. As the network expanded, it was found more expedient to commence work on the spot and not to start from the Depot each morning, and a system of walking allowance was set up, giving the men ½ hour each way per mile outside a two mile radius of the Central Depot at Princep Street. In addition, an extra half hour each way was given for Howrah work on account of the old Bridge and its delays. This allowance was in effect of cash value and it was up to the employee to decide how he arrived at the job. A maximum of

5 hours per day was set on walking allowance as it was felt that the cash value of this was sufficient for any journey normally undertaken. It is also the practice of the men to lodge locally or camp out under canvas when working in outlying areas, collecting the walking allowance as an addition to pay. Work on outlying projects was popular for this reason and complaints were invariably made if any gang was not given a chance to qualify for walking allowance.

The rates of walking allowance, according to the parties, which were in vogue for about 10 years up to 10th May 1954, were as follows:—

Up to 2 miles—No allowance.

2 to 3 miles—1 hour (in other words, half hour's basic pay each way).

3 to 4 miles—2 hours (in other words, one hour's basic pay each way).

4 to 5 miles—3 hours (in other words, 1½ hours' basic pay each way).

5 to 6 miles—4 hours (in other words, 2 hours' basic pay each way).

Over 6 miles—5 hours (in other words, 2½ hours' basic pay each way).

In addition an extra half an hour each way used to be given for Calcutta based men working on the west bank of the river Hooghly, that is, for crossing the old Howrah Bridge.

The Company averses that it has always been willing and is still willing to defray fares actually incurred in lieu of granting walking allowance. It is said that the workmen never approached for such actual cost as they invariably collected more in walking allowance. Be that as it may, the Company replaced the aforesaid rates by new rates, as below, from Monday, the 10th May 1954:—

"*C.E.S.C. walking allowance scale in force from 10th May 1954.*

For reporting for duty at the appointed hour at a place remote from the normal Departmental or District Headquarters, the following walking allowance will be payable:—

Up to 3 miles ½ hour's basic pay each way.

3 to 4 miles—1 hour's basic pay each way.

4 to 5 miles—1½ hours' basic pay each way.

5 to 6 miles—2 hours' basic pay each way.

6 to 7 miles—2½ hours' basic pay each way.

Over 7 miles—Fare to nearest tram stop and/or Railway Station plus Basic Pay at the rate of ½ hour each way for every 4 miles.

(a) Distance from Headquarters to the place of work will be measured in a direct line. An extra ½ hour each way will still be given for Calcutta based men working on the west bank of the River.

(b) Fares will be those published by the various public transport authorities, either for 3rd class rail or 2nd class tram to the nearest station to the place of work, or by bus where these services do not operate. A table of fares by train or tram to the various centres of work will be kept with the Commercial Department and this will be the ('official') reference.

(c) For short periods of work in outlying areas (*i.e.*, over 7 miles), fares will be paid from Departmental Petty Cash weekly. For longer periods the sum due to each man will be certified by the Superintendent in a note to the Commercial Manager for inclusion in the pay sheet, but any worker asking for weekly payment may receive this from Departmental Petty Cash.

(d) These Mains Department employees attached to outlying districts who are at present in receipt of one hour's walking allowance per day will retain this privilege in addition to any allowance that may be due to them under this order."

Under the scheme as introduced from 10th May 1954, there has been improvement on the old system so far provisions have been made for allowance over 7 miles and under 2 miles.

The Mazdoor Union demands walking allowance at the rate of one hour's basic wage for each mile traversed and that with effect from 1st April 1949. It further claims that it should be paid as an overtime allowance. The Workers' Union demands that the walking allowance should be paid at double the rates as in the case of overtime work. The Company resists the claims.

The Mazdoor Union relies on the findings of Shri M. C. Banerji under issue No. 19 in the award between the parties published on 19th April 1951. The findings under issue No. 19 run as follows:—

"Issue No. 19—Compensation for reduction in road allowance of Mains Department workmen.

This is in regard to the "walking allowance" peculiar to the Mains Department. An allowance at the rate of one hour's basic wage for each mile traversed by Mains Department workmen is allowed, if the worker has to report at the correct starting time at a distance from his normal depot. It takes the form of adding some hours to his daily time-sheet and, therefore, increases his emoluments while working in outlying areas. This allowance is not allowed in central areas in which case the emoluments are normal. The Company was agreeable to pay the actual travelling allowance involved in accordance with fares published by public transport concerns, and this issue was not seriously pressed by the Union at the time of the hearing."

From the aforesaid findings, it is urged on behalf of the Mazdoor Union that there has been award by Shri M. C. Banerji for payment of walking allowance at the rate of one hour's basic wage for each mile traversed. The Company contends that there has been no such award.

On giving careful consideration to the matter, I am unable to uphold the contention of the Mazdoor Union that Shri M. C. Banerji awarded walking allowance at the rate of one hour's basic wage for each mile traversed. It appears that Shri M. C. Banerji has merely recorded what the Company was supposed to have been giving as walking allowance at the time. From the admission as made before this Tribunal, it, however, appears that the Company was not paying at the

rates as noted by Shri M. C. Banerji. The rates at which walking allowance was then being paid and which continued till 10th May 1954, had already been mentioned. So, there has been apparently a mistake by Shri M. C. Banerji while making mention about the rates contrary to the same. In any case, the findings under issue No. 19, I agree, do not amount to an award of a walking allowance at the rate of one hour's basic wage for each mile traveresd as claimed by the Mazdoor Union. The parties, it appears, never understood it as such, but accepted that the old scales should continue. No direction whatever was made under that issue and the workmen admittedly did not until recently claim walking allowance contrary to the old rate. So Mazdoor Union's claim for grant of walking allowance at the rate of one hour's basic pay for each mile traversed on the basis of the award of Shri M. C. Banerji cannot be allowed. Had there been really such award, the remedy would be by way of implementation of the award.

The walking allowance is admittedly calculated like overtime payment on the basis of basic pay only. Workers' Union demands for payment of walking allowance on the basis of pay and dearness allowance, but I find no sufficient justification in support of such demand. Likewise, I find no justification for their demand for payment of walking allowance at double the rates as in the case of overtime work. If the time spent for reporting on the job is to be included in day's work, the Company has rightly pointed out that it would lead to enhancement of the cost enormously which would compel the Company to resort to contractor's labour or to charge higher rates on the public for services. I think this is not desirable. The walking allowance has been introduced not by way of enhancement of pay but to compensate for the cost of journey as also for the time lost in the journey. As to the instance of journey to Mulajore cited by the Workers' Union, the Company's reply as given in its written statement repels the suggestion.

Having regard to the cash value of the walking allowance as stated in Annexure "D" to the Company's written statement, I think that the scale as has been brought into existence by the Company from 10th May 1954, with modifications as below would serve the purpose of walking allowance fairly:—

Up to 3 miles, in place of ½ hour's basic pay, I think it should be ¾th hour's basic pay each way.

Likewise, in case of *over 7 miles*, I think, in addition to fare to nearest tram stop and/or Railway Station, basic pay should be given at the rate of ¼ hour's basic pay each way for every 3 miles in place of every 4 miles.

Thus to be precise, I maintain the scale as introduced from 10th May 1954 with the modifications as above. The scale as modified would be operative as soon as the award becomes enforceable. I answer this issue accordingly.

Issue No. 3.—The Chief Inspector of Factories,—West Bengal, by his letters, dated 28th May 1954 and 9th June 1954, respectively, Annexures "C" and "E" to the Company's written statement, declared

the Central Stores at 33, Syed Amir Ali Avenue, Calcutta, to be the factory except with regard to the following categories of workmen:—

Drivers of Motor Vehicles,

Petrol Pump Attendant,

Office Bearers,

Watch and Ward Men,

Malis,

Cooks and Canteen Staff,

Food Shop Staff.

The Company has accepted the said decision.

As regards contention of the Unions that the workmen who have been excepted as aforesaid are also workmen within the meaning of the Factories Act, I am unable to sustain it. Section 2(1) of the Factories Act defines a "worker". There is nothing on record to show that the aforesaid men are employed in any manufacturing process or in cleaning any part of the machinery or premises used for a manufacturing process or in any other kind of work incidental to or connected with the manufacturing process or the subject of the manufacturing process. I am, therefore, unable to hold that they are workmen within the meaning of the Factories Act. Merely because attendance of these workmen is reported in the premises of Central Stores as declared a Factory, or merely because they work in the said factory premises, it cannot be said that they are workmen within the meaning of the Factories Act. To become a worker within the meaning of the Act, their employment must be in any manufacturing process or in cleaning any part of the machinery or premises used for a manufacturing process or in any other kind of work incidental to or connected with the manufacturing process or the subject of manufacturing process. As it has not been shown that they are so employed, it is obvious that they cannot be accepted as workers within the meaning of the Factories Act.

As to the date of operation, the Chief Inspector of the Factories has declared the Central Stores situated at 33, Syed Amir Ali Avenue, Calcutta, to be the Factory from the date of inspection, that is, the 13th May 1954. As to the claim of the Unions for making the decision operative from 1st April 1949, or from a date prior to the one on which it was declared a factory, I find no sufficient justification. I, therefore, maintain the direction that the Central Stores should be regarded as factory with effect from the 13th May 1954. The issue is accordingly decided.

Now, therefore, in terms as aforesaid, I make my award in respect of all the issues.

ORDER.

No. 4387Dis./D/4L-3/54.—16th September 1954.—Whereas under the Government of West Bengal, Labour Department, order No. 4384Dis./D/4L-8(A)/53, dated the 18th November 1953, the industrial dispute between the Joint Steamer Companies, namely, Messrs. Kilburn & Co., Managing Agents of the India General Navigation and Railway Co., Ltd., 4, Fairlie Place, Calcutta and Messrs. Macneill & Barry, Ltd., Agents of the River Steam Navigation Co., Ltd., 2, Fairlie Place, Calcutta, and their workmen in West Bengal represented by the Inland Steam Navigation Workers' Union, 4, Creek Lane, Calcutta-14, regarding the matters specified in the schedule thereto, was referred to the Sixth Industrial Tribunal for adjudication;

And whereas during the pendency of proceedings before the said Tribunal a complaint in writing was filed before the said Tribunal by Shri Nitya Gopal Ghosh, an employee of the said Joint Steamer Companies, against the said Joint Steamer Companies, alleging that the said Joint Steamer Companies had punished the said employee concerned in such dispute;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Tribunal has adjudicated upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

In the matter of a complaint under section 33A of the Industrial Disputes Act, 1947, as amended by the Industrial Disputes (Appellate Tribunal) Act, 1950, filed by Shri Nitya Gopal Ghosh, an employee of Joint steamer companies, comprising of Kilburn & Co., Ltd., Managing Agent, India General Navigation & Railway Co., Ltd., 4, Fairlie Place, Calcutta and Macneill & Barry, Ltd., Agents, Rivers Steam Navigation Co., Ltd., 2, Fairlie Place, Calcutta, represented by the Inland Steam Navigation Workers' Union, 4, Creek Lane, Calcutta-14, against the aforesaid companies (Case No. 239/33A/53).

BEFORE THE SIXTH INDUSTRIAL TRIBUNAL, WEST BENGAL
CALCUTTA.

PRESENT:

SHRI MOTILAL CHAKRAVATTI, *District Judge, Judge, Sixth Industrial Tribunal.*

Appearances.

For the Employee: Shri Amar Chakravorty, Advocate.

For the Company: Shri S. C. Sen, Advocate and Shri N. K. Raha Pleader, Orr Dignam & Co., Solicitors.

The original reference out of which this present complaint under section 33A of the Industrial Disputes Act has arisen was made under Government order No. 2885Dis./D/4L-8/52, dated 28th October 1952 and subsequent order No. 4384Dis./D/4L-8(A)/53, dated 18th November 1953.

In the Third Industrial Tribunal during the pendency of an original reference case under Government order No. 738Dis./D/4L-8(A)/53, dated the 5th March 1953, the employer Messrs. Kilburn & Co., Ltd., Managing Agents, India General Navigation & Railway Co. and Macneill & Barry, Limited, Managing Agents, Rivers Steam Navigation Co., Calcutta, made an application under section 33 of the Industrial Disputes Act on 18th December 1953 for permission to dismiss the employee Nitya Gopal Ghosh. Before that date however another reference was pending in the Sixth Industrial Tribunal, which was under Government order No. 2885Dis./D/4L-8/52, dated 28th October 1952. The employee Shri Nitya Gopal Ghosh then made an application under section 33A of the Industrial Disputes Act against the said aforesaid employer for setting aside the order of suspension and for payment of compensation for the period of suspension. The employer however on 29th April 1954 has made a fresh application under section 33 in this Tribunal for permission to dismiss the said Nitya Gopal Ghosh. The allegation of the Company is that on the 14th October 1953, Nitya Gopal behaved riotously and disorderly in the office with the Office Superintendent Mr. A. D. Cummins and that in course of said disorderly behaviour he struck Mr. Cummins in the face. The Management at once suspended Nitya Gopal and after an enquiry decided to dismiss him for the said misconduct.

Nitya Gopal's case is that he did not strike Mr. A. D. Cummins at first and that it was Mr. Cummins who first assaulted him and there was then a struggle between the two in course of which Mr. Cummins may have received the alleged hurt in his left eye. Both the applications under section 33 and under section 33A have been heard together as the evidence is the same and the question for decision is whether permission to dismiss should be given to the employer and whether the suspension order contravenes the provisions of section 33 of the Industrial Disputes Act and if the said order is to be set aside and what reliefs is Nitya Gopal entitled to because of the said suspension order.

AWARD IN SECTION 33A PROCEEDING.

Admittedly the suspension order was made by the employer during the pendency of the reference case in this Tribunal without any permission being previously obtained from the Tribunal. The question is whether this suspension is a punishment or not.

It has been contended on behalf of the Company that this suspension pending the decision in section 33 proceeding is a security measure and it is not a punishment. In industrial law which is social law the interpretation adopted in the Penal Code should not be followed. "In administrative law the first caveat which the Judges have always to keep in mind is that the learning and the law laid down on one statute is to be applied only with great discrimination to cases arising under another statute." I may also refer to the remarks of Rajadhyaksha J, in I.L.R. (1947), Bombay, page 863. The word "punishment", I think, in section 33 has not been used with reference to the context of offence or guilt under the Penal Code.

In the present case Nitya Gopal has been placed under suspension without any allowance or wages of any kind. He has not been given even

subsistence allowance. In Ramdeo *versus* Patna Electric Supply Company, Ltd., 1954, 1? L.L.J, page 234: Patna Tribunal has held that—

> "A mere statement that the employer by suspending the employee did not intend to inflict a punishment on him would not prevent the suspension being treated as punitive. The true significance of the order has to be judged with reference to circumstances in each individual case".

I fully agree with this view. There is no Standing Order in this Company and it has not been proved nor even suggested that the Company has got any authority to suspend the employee, or that the Company got any authority to withhold the wages or allowances of the employee during the period of suspension. There is no contractual authority to suspend nor there is any such power by any Standing Order. So the case of Wallwork & Fielding, 1922, 1.K.B., page 66, is distinguishable. There the employer had the statutory right to suspend. In the case of Warburton *versus* Taffvale Railway Company, 1002, 18 T.L.R., page 420, it was held that—

> "Even when an employer is entitled to suspend an employee and withheld his wages during the period of suspension, the employee is entitled to wages for the period of such suspension".

In the face of the law as discussed above it cannot be said that suspension without allowance or wages is not a punishment to the employee. It might be a security measure to restrain the employee, accused of serious misconduct from engaging in any work under the employer but I cannot imagine that withholding of wages or allowances is always a security measure. I am of opinion, in the circumstances of the case, that the suspension order, depriving Nitya Gopal Ghosh of even his subsistence allowance, is nothing but punishment. Therefore the suspension order under reference is hit by section 33 and as a matter of that the application under section 33A of the Industrial Disputes Act is maintainable.

Let us now see whether the suspension order is justified or not. On the merit of the case I find that the evidence is conflicting. It appears that Nitya Gopal went to the Bill Clerk for payment of his salary for the Puja Month in advancce. But as there was a circular that only 15 days' wages would be payable as advance for the said month, the Bill Clerk asked Nitya Gopal to sign a piece of paper called "*Pro forma*" on which something would be written as per Ext. 11, which was a sample copy in the possession of the Bill Clerk. Nitya Gopal refused to sign the blank paper and in that connection there was some altercations between the two. The Bill Clerk complains that in course of altercation Nitya Gopal Ghosh remarked that the Bill Clerk was not speaking like the son of a *Bhadroloke*, whereas Nitya Gopal says that he did not use such expression and that he made the remark that the Bill Clerk should speak like a *Bhadroloke*. The matter was immediately referred to Manmotha Babu and he asked Nitya Gopal Ghosh to withdraw his alleged remark. Nitya Gopal denied having been made the remark as attributed to him by the Bill Clerk. There was some commotion which attracted the Office Superintendent Mr. Cummins. From the evidence it appears that Mr. Cummins on hearing the Bill Clerk and Manmotha Babu and without hearing Nitya Gopal asked Nitya Gopal to get out and not to make himself a nuisance there. It also appears that thereafter Nitya Gopal and Mr. Cummins both were proceeding towards the door and in the passage the incident took place. It is admitted that there was a struggle and a hand to hand fight. The question is who gave the blow first or in other words who is the aggressor. Nitya Gopal Ghosh says that Mr. Cummins was the aggressor and that he was pushing Nitya

Gopal away from the Hall and was using objectionable expression such as "Bloody Indian Nigger, Nonsense", etc., whereas Mr. Cummins says that he did not use any such expression. Nitya Gopal wanted to adduce oral evidence through his own lips to the effect that on a previous occasion Mr. Cummins behaved with violence with one employee named Subhas Ghosh, but I did not allow such evidence because I thought it was irrelevant, as past conduct is not admissible for the purpose of showing that on this occasion also Mr. Cummins behaved in similar way. It is further admitted that there was an incident between Mr. Cummins and Shri Subhas Ghosh for which both apologised mutually. It does not appear that Mr. Cummins made any mention shortly after the incident that Nitya Gopal had caught hold of Mr. Cummin's neck tie with one hand and slapt him with the other. It appears from the evidence that on the 14th October, i.e., the date of incident, the Bill Clerk, Ram Krishna Sarker and the Head Clerk, Manmotha Babu both made drafts of their statements which were required to be submitted to the superior Officer Capt. Headley and that Ext. 6 an Ext. 7 were typed from the said drafts and then they signed them but Ext. 8, which is identified by Mr. Cummins as being his own statement made on the 14th October 1953, is not said to have been typed from any draft made by Mr. Cummins. He cannot say who typed it. His version is that he made this statement to Capt. Headley but the document does not show that it was recorded by Capt. Headley, on the other hand, the paper shows that it was "Office Notes". Therefore it seems that Mr. Cummins signed the paper after it was prepared as Office Notes by somebody. Mr. Cummins does not know who prepared it and under whose direction. He says that this very statement he made before Capt. Headley and that the later recorded it but the paper does not show that it was recorded by Capt. Headley or by anybody other than by Mr. Cummins himself. In this document also Mr. Cummins did not mention that Nitya Gopal Ghosh caught hold of his neck tie. Here he mentioned that when "he advised to Nitya Gopal to leave the office and not to make a nuisance there, the clerk took exception to this and interpreted the word nuisance as an abuse and then struck Mr. Cummins across the face and that Mr. Cummins promptly retaliated".

Mr. Ffoulkes, the Labour Welfare Officer, who held enquiry remarks in Ext. "3" that Mr. Cummins also recorded his complaint in writing. Mr. Cummins does not say that he recorded his complaint in writing. He says that Capt. Headley recorded it and he signed it and points out Ext. 8. Ext. 12, purporting to be a statement of Capt. Headley is produced by the Company. This document shows that Capt. Headley also saw some part of this incident. He Remarks in Ext. 12, that—

> "At approximately the time stated above, i.e., about (1-10 p.m.), I was sitting at my desk and heard a commotion in our clerks' office. I stood up and saw Mr. Cummins and others struggling."

But from the evidence it does not appear that more than two persons participated in the said struggle. Mr. Ffoulkes seems to have relied on the testimony of witnesses, Shri Lal Mohan Banerjee, Monmotha Kumar Babu, examined by him. Lalmohan stated at the enquiry that "when Mr. Cummins asked Nitya Gopal, not to make nuisance in the office, Nitya Gopal was shouting "what is called by nuisance"? "In another moment accused seized the tie of Mr. Cummins and they struggled together. Each was striking the other more than once". From the evidence of Lalmohon it does not appear that Nitya Gopal dealt the first blow. Manmotha Babu stated at the enquiry that "Mr. Cummins did not seize Nitya Gopal Babu by the throat and that Manmotha Babu did not hear Mr. Cummins using

the expression "Bloody Indian Nigger" and that Mr. Cummins only told Nitya not to be a nuisance and that Nitya Gopal misunderstood this word and repeated it a number of times saying "why do you tell me nuisance"? In the statement, Ext. 7, made by Manmotha before Capt. Headley (in the absence of Nitya Gopal), Manmotha Babu appears to have stated this much regarding the incident" Mr. Cummins told Nitya Gopal Ghosh not to make a nuisance of himself, and *the next thing I knew* was that Ghose took hold of Mr. Cummins tie with one hand and hit him in the face with the other". In the statement of Ram Babu, Bill Clerk there is no mention that Nitya Gopal caught hold of the neck tie of Mr. Cummins. In Ext. "8" the authorship of which is still in doubt there is no mention that Nitya Gopal caught hold of the neck tie of Mr. Cummins. In Ext. 6 the Bill Clerk does not say that Nitya Gopal caught hold of the neck tie of Mr. Cummins. In statement of Manmotha Ext. 7, Manmotha Babu does not say that he saw Nitya Gopal taking hold of Mr. Cummins neck tie, on the other hand, he used the expression "*next thing I knew* was that Ghosh took hold of Mr. Cummins tie with one hand and hit him in the face with the other". There was no suggestions that the neck tie was damaged or that it was noticed to have been displaced or put into disorder, on the other hand, it appears from the statement of Capt. Headley that he saw a struggle between Mr. Cummins and *others*. Although it is admitted by Mr. Cummins that he also slapped Nitya Gopal by way of retaliation, the Head Clerk Manmotha Babu says that he did not see Mr. Cummins assaulting Nitya Gopal. It is therefore obvious that Manmotha Babu is not speaking the truth, he is concealing facts for reasons best known to him. It appears from the evidence of Mr. Cummins and Manmotha Babu that Mr. Cummins did not simply ask Nitya Gopal to leave the office, on the other hand Mr. Cummins appears to have used the expression "get out" or "clear out". At the enquiry held by Mr. Ffoulkes Mr. Cummins did not give any evidence. Mr. Ffoulkes read out the Ext. "8" purporting to be a statement of Mr. Cummins to the accused Nitya Gopal and the latter was asked to cross examine Mr. Cummins but Nitya Gopal declined as he was not in a position to cross examine him in the absence of the Union Secretary. I have already observed that Ext. 8, has not been proved to be the statement of Mr. Cummins. He says that it was recorded by Capt. Headley and then he signed it after it was typed but the manuscript record of Mr Cummins statement is not before us. It does not appear who prepared Ext. 8 and at whose direction or dictation Mr. Cummins says that Mr. Ffoulkes did not hold any enquiry later on he amended himself by saying that he made a statement before Mr. Ffoulkes at the enquiry in the presence of Nitya Gopal but the record shows that Mr. Cummins made no such statement at that time.

I also find that Nitya Gopal Ghosh was not asked as to when the enquiry would be held, he was simply given notice Exts. B and C, dated 22nd October 1953 and 9th November 1953, respectively. Ext. B, dated 22nd October, asks Nitya Gopal simply to report himself to the Marine Superintendent, Capt. Headley on the 26th October. Ext. C, dated 9th November, simply asks Nitya Gopal to report himself to the Marine Superintendent Capt. Headley on the 12th October 1953. Apparently there is a mistake, presumably for 12th November. There is no mention in these notices that on those specified dates any enquiry was going to be held. On behalf of Nitya Gopal one Golam Hye has been examined. He was examined at the enquiry also on behalf of Nitya Gopal Ghosh. Golam Hye says that he saw the incident and that when Mr. Cummins said to Nitya Gopal "Bloody Nonsense, get out" and Nitya Gopal retorted "What do you mean by bloody nonsense; Mr. Cummins caught hold of the neck of Nitya Gopal

by both the hands. Nitya Gopal was struggling and when afterwards Nitya Gopal was extricating himself from the clutches of Mr. Cummins, Mr. Cummins gave one or two blows on the face of Nitya Gopal". Golam Hye is a clerk on board the Flat "Golakganj". He is still in service of this Company. It is difficult to believe whether this witness really say the incident or not. Nitya Gopal said that he talked with this witness after the incident but the witness Golam Hye said that on that day he had no talk with Nitya Gopal. Leaving aside the testomony of Golam Hye, I am of opinion that the evidence adduced by the Company is not sufficient and satisfactory to show that Nitya Gopal was the aggressor and that he dealt the first blow or that he caught the neck tie of Mr. Cummins and then duel happened. On the other hand the circumstances clearly show that on hearing something one sided from Manmotha Babu (Head Clerk) and Bill Clerk Ram Babu, Mr. Cummins decided to expel Nitya Gopal from the office where he was on perfectly reasonable ground and that Mr. Cummins was driving out Nitya Gopal and using the expression such as "get out" "clear out", "nuisance", and he was following Nitya Gopal towards the door, and there in the passage the two grappled together and nobody actually saw who was the aggressor. In these circumstances it cannot be held that Nitya Gopal is guilty.

There was extreme provocation by Mr. Cummins to Shri Nitya Gopal Ghosh and there is no satisfactory evidence that Nitya Gopal was the aggressor or he first dealt the blow or committed any violence by first catching hold of the neck tie of Mr. Cummins. In these circumstances I hold that the order of suspension is not justified on the merits as well. So the order of suspension is set aside and it is directed that Nitya Gopal Ghosh be reinstated and he be paid by the Company half of the wages and of dearness allowance for the period of suspension and the payment be made within 10 days from the date of publication of the award in the *Calcutta Gazette*.

ORDER.

No. 4514Dis./D/4L-22/54.—22nd September 1954.—Whereas under the Government of West Bengal, Labour Department, order No. 193Dis./D/4L-26/52, dated the 15th January 1953, read with its addendum No. 836Dis./D/4L-14/53, dated the 13th March 1953 and corrigendum No. 1782Dis./4L-14/53, dated the 15th May 1953, the industrial dispute between the owners of buses plying on Routes No. 78 and 85 as mentioned in Annexure A referred to in the said order read with the said corrigendum and their employees represented by the Bengal Transport Employees' Union of Khardah

Bazar, 24-Parganas, regarding the matters specified in the schedule to the said order, dated the 15th January 1953, read with its addendum, dated the 13th March 1953 and corrigendum, dated the 15th May 1953, was referred for adjudication to the Fourth Industrial Tribunal;

And whereas during the pendency of proceedings before the said Tribunal a complaint in writing was received from Shri Manindra Nath Dutta, an employee of Shri Haridas Mitra of 14, Ashu Biswas Road, Calcutta, owner of Bus No. W.B.R.17 plying on Route No. 78, before the said Tribunal against the said owner Shri Haridas Mitra alleging that the said owner had discharged the said employee concerned in such dispute;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Tribunal has adjudicated upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

In the matter of an application under section 33A of the Industrial Disputes Act filed by Shri Manindra Nath Dutta against the employer Shri Haridas Mitra of Bus No. W.B.R. 17 plying on Route No. 78 in connection with Government order No. 193Dis./D-4L-26/52, dated 15th January 1953.

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI S. C. MUKHERJI, *District Judge, Judge, Fourth Industrial Tribunal.*

For the complainant: Shri Manindranath Dutt.

For the opposite party: Shri Haridas Mitra.

While the aforesaid dispute between the parties were pending, one Manindra Nath Dutt made an application under section 33A of the Industrial Disputes Act complaining that he has been discharged illegally by the opposite party without obtaining permission of the Tribunal.

Notice of this application having been served on the opposite party they applied for time to file their written statement but ultimately they joined hands with the worker and filed a joint petition of compromise in that they stated that the complaint was made due to misunderstanding and that the parties have no dispute between them.

AWARD.

In the circumstances I make a "no dispute" award in terms of the petition of compromise which do form a part of the award.

S. C. MUKHERJI,
Judge, Fourth Industrial Tribunal.

The 3rd September 1954.

ANNEXURE.

BEFORE THE 4TH INDUSTRIAL TRIBUNAL, GOVERNMENT OF WEST BENGAL, 8, LYONS RANGE, CALCUTTA.

Re: Application under section 33A of the Industrial Disputes Act filed by Shri Manindranath Dutt.

The humble petition of Shree Manindra Nath Dutta and Shri Haridas Mitra

MOST RESPECTFULLY SHEWETH:—

That the humble petitioners have settled all their disputes which arose out of misunderstanding by the complainant, outside the Court amongst themselves.

So your honour be graciously pleased to pass a no dispute award in this matter, for which act of kindness your petitioners will remain ever grateful as in duty bound.

PART IA—Orders and Notifications by the Government of India republished for general information.

IN THE HONOURABLE LABOUR APPELLATE TRIBUNAL OF INDIA, CALCUTTA.

Appeal No. Cal-205/54.

Messrs. Ispahani, Ltd., Calcutta *Appellant,*

versus

Kartic Chandra Mitra, represented by Ispahani Employees Union, Calcutta *Respondent.*

In the matter of an appeal against the award of Shri M. N. Gan, Judge, Industrial Tribunal, Calcutta, made on 5th July 1954, in respect of an industrial dispute between the above parties.

Dated the 6th September 1954.

PRESENT:

MR. R. C. MITTER, *Chairman.*

MR. L. K. JHA, *Member.*

Appearances:

For the appellant: Mr. P. R. Mukherjee, Advocate, with Mr. N. Roy, Advocate, for the Company.

For the respondent: Mr. Jiten Banerjee, Secretary of the Union.

State: West Bengal.

Industry: Jute.

DECISION.

This appeal was set down today for preliminary hearing under section 9 of sub-section 2 of the Industrial Disputes (Appellate Tribunal) Act, 1950. The appeal is directed against the order by which the lower Tribunal has refused permission to the Company to dismiss a workman of the name of Mr. Kartick Chandra Mitter. We have carefully followed the arguments of Mr. Mukherjee, who appears in support of the appeal but we regret to say that we could not find any substantial question of law. The appeal is, therefore, summarily dismissed as being incompetent.

S. K. CHATTERJEA, Secy.

BOARD OF SECONDARY EDUCATION, WEST BENGAL.

NOTIFICATION No. Syl./54/54.

Calcutta, the 10th September 1954.

Text-books, Rapid Readers and Books on Grammar in Nepali for Classes VI and VII.

Books on the subjects mentioned below may be submitted as notified in this office notification No. Syl./44/54, dated 20th August 1954, published in the *Calcutta Gazette*, dated 26th August 1954, for being considered by the Board for selection as approved books for the year 1955 and at least two succeeding years in Classes VI and VII. No book will be considered unless it is written according to the syllabuses in the subject as notified in this office notification No. Syl./51/54, dated 7th September 1954:—

1. Text-books in Nepali for Classes VI and VII (separate book for each class).
2. Rapid Readers in Nepali for Classes VI and VII (separate book for each class).
3. One Nepali Grammar for Class VI.
4. One Nepali Grammar for Classes VII and VIII (a combined book).

Six copies of each book in printed form or in manuscript or in typescript must be submitted along with a fee of Rs. 40 for each book, not later than 30th November 1954.

If the book to be considered is in manuscript or in typescript, at least four copies of the sketches of the illustrations proposed to be used in the book when printed, should be attached.

The name of the author, typist or the writer of the manuscript copy or printer and publisher of any book submitted for examination should be given only in one of the six copies to be submitted. There must be nothing in any of the other five copies which would enable the author or the publisher to be identified.

Authors and publishers of the book are directed to state the approximate price which they propose to charge. The Board will later announce the maximum price that may be charged for an approved book for each subject in each class.

If a book submitted in manuscript or in typescript is considered suitable for being an approved book, the author may have the work published by a publisher of his own choice. Such books as finally printed must be resubmitted to the Board before they can be notified as approved books, to enable the Board to see that the printing, paper and get-up of the book come up to the standard demanded.

All approved books must be printed on white printing paper. The minimum substance of the paper should be of the quality of 28 lbs. Double Crown. All approved books should be in 12 pt. or pica type. The size of the books referred to above should be Crown Octavo 7½" × 5".
